Gladstone, the famous Red Store cat, that changed from black to white at the approach of each winter, is dead. He was 14 years old and was a great favorite of commercial men.

Mr. J. W. Bigelow, Wolfville, has been appointed to the Executive committee of the Halifax Exhibition Commission.

WOLFVILLE

The gold medals which Nova Scotia won at the Pan American was on exhibition in the post office last week.

Miss Mary Prat, of this town, who has been housed with typhoid fever for some weeks, we are glad to report is able to be out again.

Mrs. J. W. Bigelow, who has been on a visit to her son in Allston, Mass., returned home last week.

Mrs. Jamieson, of Truro, spent a few days of last week with her daughter, Mrs. R. W. Ford.

Mrs. J. B. Unisacke and family, of Mt. Unisacke, arrived in town last week and will spend the winter here.

Miss E. A. Chipman will spend the winter at Grand Pre.

The Nova Scotia Sunday School Worker for November is a Convention number, and is well filled with matters of interest to Sunday schools. An elector of the President, Prof. E. W. Sawyer, M. A., adorns the front page. The reports from the different schools of the province are very encouraging.

Mr. C. C. Harris returned to Wolfville from Kingston on Monday, and expects to remain in Kentville this winter.

Mr. James Benjamin, of Pugwash, was in town this week, the guest of his brother, Mr. S. P. Benjamin.

Inspector C. W. Roscoe has received word that his oldest son, Ralph, is dangerously ill with smallpox at the epidemic hospital in Boston.

Rev. J. Noble, of Woodstock, N. B., is the guest of his daughter, Mrs. C. W. Roscoe. Rev. Mr. Noble is 86 years old, and is still able to conduct two services on Sunday. He has been in the ministry 62 years.

When you ask for Headache Powders be sure you get KUMFORT. Never accept a substitute. It is better to be safe than sorry and you may be sure that KUMFORT are the best. All druggists in 10 and 25c. sizes.

Dr. Montizambert on Smallpox

"I would make smallpox a criminal offence, and send every person who was suffering from the disease to jail for having it." This was the expression used by Dr. Montizambert, Director General of Public Health of Canada, who is in St. John inspecting the quarantine station. "A person suffering from smallpox is a danger to the community, and should be punished the same as a person who has a nuisance upon his premises. Smallpox is a disease which can be avoided, and, if compulsory vaccination were properly enforced and carried out the disease would soon become unknown. Take the German army, where vaccination and re-vaccination are compulsory, smallpox is an unheard of disease, although all classes and conditions of men are brought together. Vaccination is the weapon by which smallpox can be stamped out."

Mr. H. K. Lee, of Port Williams, leaves in a few days for a trip to England where he will spend a few weeks. We wish him a bon voyage and safe return.

Judge Weatherbe and family have returned to their home in Halifax.

KUMFORT Headache Powders are safe, pleasant and effectual. They contain no opiates or any harmful drug. They create no habit from continued use.

The special meetings at Port Williams under the auspices of the Y. P. S. C. E., are proving a success. The speakers each evening have been listened to with great attention and the addresses have been very helpful. On Monday evening six students from Acadia addressed the meeting. Tuesday evening Dr. Chute gave a fine address on the Value of the Soul. Rev. H. B. Hatch spoke Wednesday on the deeper Christian life and it was full of the power of the gospel. Rev. G. R. White gave the address last evening. The after meetings are largely attended and are very helpful. Already many have arisen for prayers.

CAREWORN MOTHERS

Life Often Made a Burden Through Nursing a Cross and Fretful Baby

All babies should be good-natured, well babies, if there is no outward reason for discomfort, are always good-natured, and yet how many mothers permit themselves to be thoroughly worn out caring day and night for a sick, cross and fretful baby, when a little care and foresight would remove all the troubles and make both mother and baby happy. The little one's suffering and fussiness may be caused by any one of the numerous ailments that make baby lives a misery to themselves and a constant source of worry and discomfort to the mother, such as colic, worms, indigestion, constipation, the irritation accompanying the cutting of teeth, etc. When baby is cross do not, if you value your child's future welfare, give it any of the so-called soothing medicines, as they only stupefy and deaden without removing the cause of the trouble. What is needed is a simple, vegetable compound such as Baby's Own Tablets, which reach the root of all the minor ailments of little ones, making them well and happy. The best proof of this is the high praise all mothers who have used this medicine award it.

Mrs. W. S. Beavertock, Church street, Brookville, says:—I have used Baby's Own Tablets in my house for several years and know of no medicine for little ones that can equal them. When my baby was teething she was restless, cross and peevish, and I could do very little with her. I gave her the tablets and they quieted her when other medicines did no good. When baby was troubled with constipation the tablets always gave prompt relief, but above all things I think they are most excellent in indigestion; she vomited a great deal, was very cross and would scream with pain, and I had to get up with her many times during the night. No matter how much she ate she kept growing thinner. It was then I began the use of the tablets, and she grew plump and fat, and I had no further trouble with her at night. I can recommend the tablets to any mother who has a sickly, cross or fretful baby, and I am sure she will never be without them again. Baby's Own Tablets are easily administered and dissolved in water can be given safely to the youngest infant. If your druggist does not keep them send 25 cents to the Dr. Williams' Medicine Co., Brookville, Ont., and a box will be sent you by mail, post paid.

The Berwick people should put in the electric light, as they are so afraid of the Standard Oil Co. selling smallpox oil.

Capt. McBride who has been sailing on the barkentine Golden Rod until a few months ago has been promoted to the ship Canada now on the other side loading coal for South Africa.

This is to certify that my sister Julia, when at the point of death, with what was pronounced by the first physician to have the black smallpox incurable. In six hours after taking Doctor Loomer's Small Pox Cure—the pains ceased, the swelling went down in the tongue and throat so she could speak; she had been blind for three days and speedily recovered. My two children were taken with the same disease one not being vaccinated, they took the remedy when it first showed the spots on the face, and were not sick afterwards. The spots dried in two days without leaving one mark. I was in the house all this time and took the remedy myself and did not take the disease. I believe it is a sure cure and preventative. I therefore recommend it to all.
