DEVASTATION RIFE

In Akron, Ohio, Dead and Wounded Lie in the Streets.

City Hall Burned—Police and Firemen Shot by the Mob—Rapist Peck Safely Locked up in Cleveland.

Akron, Aug. 24.—When day dawned in Akron Thursday morning it revealed a scene of desolation, and the evidences of violence and lawlessness unparalleled in the history of the city. The rioters had done their awful work, and had dispersed. One child was lying cold in death, and nearly a score of people were suffering from the wounds of pistol balls, buckshot and missiles. The city hall was a heap of smoldering ruins, and beside it steamed the water-soaked ashes of Columbia Hall. The police force of the city was disorganized and scattered. The chief was fleeing in desperation from the scene of the bloodshed, riot and burning, crazed by what his men had done. Electric wires, deadly to the touch, lay across the streets in the vicinity of the burned buildings, and debris of all kinds was scattered far and near.

As a result of the night's riot two dead, two will die, sixteen others are more or less injured, and fully a million dollars in property has gone up in smoke. The city hall is totally destroyed. The Columbia building, adjoining, is a heap of ashes, and several smaller frame buildings in the vicinity are in ruins. The destruction was wrought by the wild mob which had possession of the city from dark Wednesday night until almost dawn Thursday in frenzied endeavors to find a negro charged with assaulting a six-year-old girl. It is estimated that the mob was composed of not less than 1,500 men. Soldiers patrol the streets today. The city is quiet. During Wednesday afternoon there were ominous mutterings, which grew more pronounced as night approached. The authorities did everything in their power to quiet public feeling, nevertheless an immense crowd gathered around the jail where Louis Peck, the alleged negro rapist, was confined, and soon the cry "Lynch the nigger" was on every tongue. Meantime the authorities had quietly removed Peck and another negro prisoner from the jail and sent them to Cleveland in the custody of two deputy sheriffs. The mob, however, would not believe that the man had been taken away, and as the night wore on the fury of the rioters increased, eventually culminating in an assault shortly after midnight on the court and later on the City Hall. Immense charges of dynamite were placed under the city and county buildings, and then to complete its work the mob applied the torch.

Adjoining the city hall, which was constructed almost entirely of brick, was an immense building which for many years was the principal public hall of Akron. This building—a veritable tinder box—caught the eye of the mob as a likely place to set afire in the hope that the flames would soon spread to the city building. No sooner thought than it was done. The large frame was presently a mass of flames. The various fire companies responded to the alarm, but the mob refused to permit them to work. Several cowardly shots were fired at the brave firemen, and L. Manchester was the first to receive an injury. The lines of hose were cut and slashed until there was not a single stream of water pouring from the nozzles. One killed, one fatally injured and twenty persons more or less injured, was the result of the mob's work. Glen Wade was shot and almost instantly killed. He was in the mob, and a bullet from the revolver of a policeman in the city hall found the boy's warm and throbbing heart. The lad was only 11 years old. Another innocent who will die is Rhoda Davidson, the 7-year-old daughter of Mr. and Mrs. J. M. Davidson. Sitting in a carriage with her mother and father, on the outskirts of the mob, the deadly bullet from a revolver in the hands of a police officer passed harmlessly over the rioting throng, and found lodgment in the skull of the child. No hope is held out of her recovery.

Cleveland, Ohio, Aug. 23.—Louis Peck, the Akron rapist, whose life the Akron mob so eagerly sought last night, is locked up in the county jail in this city. He was brought here from Akron early last night by a deputy sheriff, together with William Howard, another negro, who had been in prison in the Akron jail charged with some minor misdemeanor.

The Independence of Canada Party Will Place a Candidate in the Field

In North Essex—The First Step in a Remarkable Attempt to Break Away From the Mother Land.

Detroit Free Press.—The Independence of Canada party, of Windsor, is making active preparations for the coming political campaign. Officers have been elected and the leaders of the party state that they will have a candidate to contest North Essex.

Those who belong to the party have been meeting regularly and getting in readiness to give the voters of North Essex another chance to vote for an Independence of Canada candidate.

Alexander Laforge, one of the founders of the party said yesterday that they expected to place a strong candidate in the field and thought that they would win this time. He could not state who the candidate would be, as there were several willing to be placed on the ticket. Laforge claimed that the party had been placed at a disadvantage last election, as there were two candidates in the field representing the party. D. Willis Mason secured the nomination, but he was not acceptable to Laforge.

Some others, and another convention was held at which Alex. McNeil, of Sandwich East, was chosen. The latter did not make a very good run in fact, he did not secure sufficient votes to have his deposit money, but the party claims that this was due to Mason, and that if one candidate is selected this time a better showing will be made.

"We are waiting for Premier Laurier to announce when the elections will be held," said Alex. Laforge. "Then we will at once hold out convention and give the candidate all the time necessary to canvass the riding. I have been through the riding lately, and have found scores of people who will support our candidate. They think that Canada is large enough to take care of itself and cut adrift from Great Britain. If we can win here this time I expect that there will be other places in Canada who will come out for independence, as our friends in Montreal are only waiting for North Essex to start the ball rolling."

The following officers have been elected: President, Alex. McNeil; East; vice-presidents, Alex. Laforge, Windsor; Ed. Benateau, Sandwich South; secretary-treasurer, Ed. Gignac, Windsor.

FARMERS!

Read This Testimonial

from a man who used and thoroughly tested one of the Columbia Corn Harvesters last season.

MESSRS. GEO. STEPHENS & CO., Chatham.

DEAR SIR:—The Columbia Corn Harvester I purchased from you last season gave me splendid satisfaction and I am well pleased with it in every particular. It has number of good features that are not on any other Corn Harvester I have seen (and I think I have seen all that is offered for sale in this locality). One thing that especially commended it to me was the way you can change the size of the sheaf and this enables the farmer to make a great saving in time. The shaft is not heavy and the machine is easily handled. In fact it pleases me well. Yours, etc.

EARNEST EDWARDS, I

GEO. STEPHENS & CO.

LEAMINGTON.

Aug. 23.—A large number of our citizens were down yesterday afternoon and evening enjoying the park at Bell's Point. Although they were enjoying it seems strange every one there was opposed to the town purchasing it. If, however, the town refuses to purchase it an effort may be made by the citizens.

The promoters of the electric railway from Windsor here have asked the council what streets of the town they would prefer them to use. They are preparing plans of the road to deposit with the government when they apply for a charter this fall.

Miss Ethel Softley has secured a position on the teaching staff of the Staples public school.

Masters Ray McSweeney and Rex Whaley have returned to their homes after an exceedingly pleasant visit with Mrs. McBride, of Delray, Mich. The boys took in everything of interest in Detroit and vicinity.

The men working on the new church at Goldsmith had a narrow escape from injury by lightning. They had just taken refuge from the storm when the ladder upon which some of the men were working was struck, shivering it to pieces.

The town proposes to put down another gas well. It will probably be near the lake shore. It is also proposed to put down another test well about the centre of the town.

Aug. 24.—Mrs. James Brown, of Clark street, is home from her visit to friends at Kent Bridge.

Miss Jennie DeCov has gone to the Toronto Normal School. Her sister takes her place on the public school staff here.

Miss Cross, head milliner in Manning's millinery establishment, has gone to Toronto to attend the millinery openings.

Miss Clement, book-keeper at Manning's store, is away enjoying her summer holidays.

The horticultural society have secured Mr. Cameron, of Toronto, the well-known vocalist, to assist at their concert on the evening of Sept. 5th.

S. Prosser, merchant, of Jackson, Mich., is visiting his brother, Counsellor Prosser, of this town. It is four years since his last visit and he is very much surprised at the progress the town has made in that time.

The Conservative organization here are making an effort to have Sir Charles Tupper and Mr. Foster visit Leamington while they are on their campaign tour. They will probably consent to visit us after the Windsor meeting. They have never visited Leamington, and it is hoped they will be able to do so.

W. T. and W. G. Walling, of Chicago, have accomplished the feat of ascending Mt. Assiniboine, in the Rockies, to a height of 11,350 feet, which is 1,200 feet higher than previous climbers have gone. They were accompanied by three Swiss guides.

One thousand Cuban teachers, who are visiting the United States, have arrived at Philadelphia.
