HARDSHIPS OF TOMMY ATKINS.
Wandsworth, S. W., England.
Gentlemen—
I am not much of a letter writer,
but having seen how very useful Kel-
pion was to us on our long march, I
think you are deserving of all the
praise you can get. I am thankful
to say that I never had much use
for it myself but when I did have
occasion I must say it was the best
thing I had ever tried for sore feet
and insect bites. Its praises were
sung all over the camp. No matter
what was wrong with a fellow, he
was advised by chums to apply
"Kelpion" and he would soon be all
right. Our water bottles and our
Kellogg were the two things treas-
ured above all others in our march-
ing kit. (Signed) Pte. D. R. Price,

MILLINERY
Every Woman is Interested
A new bery of trimmed hats from our millinery workroom that irresist-
ibly suggest summer.
Delicate pink rosebuds, tinted foil-age, pearl grapes with backgrounds of
maline or fancy braid form the majority of the hats, which are in the
prevailing flat shape.
A bow of black velvet gives character to some, others have straw buck-
les or cabochon ornaments.
No two are exactly alike, all are exquisite taste and the summer com-
tance simply doesn't exist that they won't set off effectively.
