Flour trial is essential but—it is not your work!

Flour varies from time to time in baking quality. This is because wheat continually varies according to soil conditions, etc.

Therefore, if baking results are to be constantly high, baking tests are essential. It is unreasonable to expect you to make these tests at your expense.

So from each shipment of wheat delivered at our mills we take a ten pound sample. This is ground into flour. Bread is baked from the flour. If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

By simply asking for FLOUR bearing this name you can always be sure of more bread and better bread.

CASTORIA For Infants and Children. Mothers Know That Genuine Castoria Always Bears the Signature of Dr. J. C. Williams. In Use For Over Thirty Years. CASTORIA

Concrete Fence Posts Last Forever. They never rot away in the ground. They stand the hardest knocks and never have to be replaced, for they are made of concrete. They are made and are the most satisfactory of all fence posts. Concrete Drain Tile Cannot Decay. Concrete drains do not decay and are cheaper, because they do not cumber and clog up drains, hence they need no digging up or cleaning. Let us send you this free book, "What the Farmer can do with Concrete." It shows you how to build concrete fences and will save you many dollars when doing other building around the farm. Farmer's Information Bureau, Canada Cement Company Limited, 224 Herald Building, Montreal.

The Wicked World.

It's a wicked old world, I've heard you say. A wicked old world, and I'll agree. That trouble and sorrow block the way, And the sunshine is often hard to see. It's a wicked old world, but tell me, son, Are you trying to make it a better one? Are you adding your sigh to the mournful chant, Or are you lifting a song of cheer? Have you tried to make it a better one? Did the wind ever speak to you of the year? Did you have a love someone you cherished to part? Did you hope you would get an end to that? Did you wish to see where you heard the call? It's a wicked old world, alas! my son, But have you made it a better one?

Government Still Playing Possum.

THREE WEEKS OF SESSION GONE AND NOTHING TO SHOW FOR IT. ONE SITTING OF THE HOUSE DEVOTED TO SPRING PORTS.—NO HOPE FOR GOOD ROADS FROM THE PRESENT ADMINISTRATION.

(Special Correspondence.)

Press Gallery, House of Assembly, Halifax, March 16th.—Another week has gone by the boards and still the Murray mis government have nothing of importance to present to the house. Three good, full weeks it is since the members were called together, yet aside from the stray legislation that seems to filter in, in the shape of private bills and the reports of some heads of departments, nothing of a substantial nature has been before the House. The speech from the throne was not entirely devoid of suggestions of legislation. There was the redia-tributions bill, for instance. The speech gave the members to understand that what a bill would be brought down. Where is it? Surely the government had it prepared. Then why is it kept in the back room? There is no press of business to compel it to wait. For that matter there is no business to compel anything to wait. On Friday last the House was in session only one hour. There was nothing for the House to do and the members were sent home. Mr. Murray has already been told

by one of the strongest liberal papers in the province that he has lost his grip. There are many in Halifax to day who believe that he has lost his nerve also. His hesitation to bring down the general and necessary legislation would seem to back up this suggestion. There seems to be hardly any room to doubt the general impression that he is afraid of the opposition. Of the seventeen years he has been premier of the province, the last session on and the present one have been the only ones in which he has had to face a good fighting opposition. Last session he had the first fight of his life and there is no doubt he dreads another one.

Twenty-five private bills were introduced on Thursday. It was the first day for the reception of such. If you want a bill introduced during the remainder of the session you will have to pay extra fees. Mr. Parsons introduced a bill to enable the town of Hantsport to borrow money for electric light purposes, and Mr. Zwick introduced one to enable Mahone Bay to borrow money for school purposes. Mr. Tanner introduced a bill to enable Westville to borrow money to purchase lands as a site for armories, also a bill to amend the charter of Pictou town; also a bill to enable Stellarton to borrow money. Hon. Mr. Armstrong laid on the table of the House a pamphlet entitled "Better Roads and Cheaper Living." This pamphlet is to be distributed. If you requisition the government for better roads they will send you a pamphlet—and you should be glad to get it. You will not get the good roads—from the Murray Government.

Mr. Butts ventured the suggestion that the issuing of this pamphlet fore shadowed an early election. For the education of the House and as there was little or nothing doing, he read a couple of verses which appeared on the title page, one of which read as follows:

When the smiles of spring appear, Drag the roads; When the summer time is here, Drag the roads. When the corn is in the ear, Every season of the year, Drag the roads.

It is up to date poetry, sure enough, and the House enjoyed hearing Mr. Butts read it. But when he added

For Colds, Sore Throat, Croup, For Aches, Pains and Wounds, JOHNSON'S ANODYNE LINIMENT

is the never-failing remedy. Keep it in your home and be ready for both internal and external ills.

USE 103 YEARS

L. S. JOHNSON & CO., Inc. Boston, Mass.

Parson's Pills

the following impromptu stanza the gallery roared and the government supporters frowned fearfully upon him:

When election is in sight, Talk of roads; The Commissioner in fright, Is sick of roads. When government is on the run Attorney-general halt and one, Confound the roads.

Dr. Bisset, who has eaten the Murray lotus, did not take kindly to Mr Butts' departure into the poetic realm. He declared that Nova Scotia had the best roads of any province in the Dominion. It would seem

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of Dr. J. C. Williams

from the Doctor's statement that the government really thinks that the roads of this province are in good condition. It is well for the public to know what to expect from the Murray government in the matter of good roads.

Mr. Murray added his quota to the debate. He reminded the government that there was a public meeting called, to be held in King's county, to form a good roads association. This does not look as though the people were of the same opinion as Dr. Bisset, but it does look as though the people of the province have lost all faith in the Murray government and its road policy.

The session on Friday was short and sweet. A number of bills were dealt with and the opposition tabled a number of questions and orders one of which was Mr. McLeod concerning the legislative council. This question, or order, seems to have caused consternation in the government camp, judging from the attitude of the Chronicle. That paper wants to know what Mr. McLeod means by asking for the issuance of such an order. It may find out later.

In Dread of Croup.

Every mother dreads croup unless she knows how to cure it. Chamberlain's Cough Remedy is the best. Give it frequent small doses, at the first indication of trouble, this treatment loosens the cough and affords relief and comfort. Use it until the child is entirely recovered.

W. C. T. U. Convention.

The sixth annual Convention of the Kings County Women's Christian Temperance Union was held in the Baptist church, Berwick March 13th and 14th, opening with a non-tide hour service of prayer and praise led by Mrs. A. Chipman. The afternoon meeting opened with devotional exercises, followed by a practical and encouraging address by the county president, Mrs. Mitchell, Wolfville.

Cured Diseases of the Kidneys

And is Depended On to Right Stomach and Liver Disorders. One Dr. Chase's Kidney-Liver Pills are introduced into the family and their efficiency becomes known they are usually found too valuable to do without. For everyday ills arising from liver and bowel disorders they bring relief promptly, and when complicated diseases of the kidneys and liver develop they often prove a successful cure after doctors have failed. As an illustration, you may read the following, which was received a few days ago:

Mrs. John Wright, 22 McGee street, Toronto, Ont., states: "We have used Dr. Chase's Kidney-Liver Pills for ten years and would not be without them. My husband suffered from kidney trouble and after taking treatment from several doctors without receiving any benefit, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure. Since that time we have used them for all stomach and liver disorders. One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Get your printing at this office."

were given, which brought out many helpful suggestions.

An excellent paper on Franchise, which will appear later in print, was given by Miss Mungrove, of Aylesford, showing the beneficial results and progress along moral and reform lines in countries where the Franchise has been granted to women.

The following were elected officers for the year: pres., Mrs. W. Mitchell, Wolfville; vice pres., Mrs. J. Turner, Kentville; rec. sec'y., Mrs. J. B. March, Berwick; cor. sec'y., Mrs. Langille, Wolfville; treasurer, Mrs. N. Morton, Berwick.

After the devotional exercises of the evening meeting Mrs. Morton, president of Berwick Union, gave a cordial address of welcome to the delegates, which was fittingly responded to by Mrs. Stackhouse, of Wolfville. Rev. J. D. Spidell, of Kentville, gave a very inspiring address on "Temperance work in Kings County, emphasizing the superiority of the Nova Scotia Temperance Act over the 'Scott Act'."

New Strength in the Spring.

NATURE NEEDS AID IN MAKING NEW HEALTH GIVING BLOOD.

In the spring the system needs a tonic. To be healthy you must have new blood just as the trees must have new sap to renew their vitality. Nature demands it, and without it will feel weak and languid. You may have twinges of rheumatism or the sharp, stabbing pains of neuralgia. Often there are disturbing pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has lessened your vitality. What you need in spring is a tonic medicine to put you right, and in all the world of doctor medicine there is no tonic can equal Dr. Williams' Pink Pills. These pills make new, rich blood—your greatest need in spring. This new blood drives out the seeds of disease and makes easily tired men, women and children bright, active and strong.

Mrs. Geo. Buras, Albany, P. E. I., writes: "I was terribly run down and so weak that I could hardly drag myself around. I was so nervous that I was afraid to walk across the floor for fear I would fall. Our family doctor treated me but without success, and finally I began taking Dr. Williams' Pink Pills. Gradually they brought me back to good health and now I am as well as ever I was and have every confidence in recommending these Pills to other sufferers."

These Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

The Mothers' Favorite.

A cough medicine for children should be harmless. It should be pleasant to take. It should be effective. Chamberlain's Cough Remedy is all of this and is the mothers' favorite everywhere. For safety all dealers.

The Fact Remains

No amount of misrepresentation by the peddlers of alum baking powders, no juggling with chemicals, or pretended analysis, or cooked-up certificates, or falsehoods of any kind, can change the fact that

Royal Baking Powder has been found by the official examinations to be of the highest leavening efficiency, free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.

Children Cry FOR FLETCHER'S CASTORIA

How To Paint For Less Money. PAINT is not cheap simply because the price is low—if you would economize on paint, you must look beyond the purchase price per gallon. The cheapest paint for you to use is the paint that takes the least amount for the job. It may cost a little more per gallon, but because it thoroughly covers more surface, wears better and stays brighter longer, it is the most economical in the long run. Martin-Senour 100% Pure Paint—"The Paint for wear and weather", is absolutely the cheapest paint to use, because it goes farthest, and endures longest. "100% Pure" Paint has a covering capacity of 900 sq. ft. of surface one coat, per gallon, as against a covering capacity of hand-mixed-by-guess lead and oil paint of only 500 to 550 sq. ft. of surface, per gallon, or the lower priced Prepared Paint with a covering capacity of not more than 600 sq. ft. of surface per gallon. Give us the dimensions of your house—let us tell you how few gallons of "100% Pure" Paint it will take to cover it thoroughly—then, you will realize that it pays to use the best. Investigate. F. O.
