Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug F. J. CHENEY & CO., Toledo, O. Lists, 75c.

Hot Weather Rules For Horses

- 1. Load lightly, and drive slowly. 2. Stop in the shade if possible. 3. A sponge on top of the head, or even a cloth, is good if kept wet. If dry it is worse than nothing. 4. Water your horse as often as possible. So long as a horse is working water in small quantities will not hurt him. But let him drink only a few swallows if he is going to stand still. 5. When he comes in after work, sponge off the harness marks and sweat, his eyes, his nose, and mouth, and the dock. Wash his feet but not his legs.

How To Overcome Nervous Troubles
A Returned Soldier Tells How He Regained Health And Strength

Nervous troubles of all kinds, particularly nervous debility, work a remarkable transformation in the patient. The change is both physical and mental. The sufferer loses weight and strength, and frequently becomes irritable and fault finding. Troubles that were once thrown off without any difficulty assume exaggerated proportions. Other symptoms of this nervous condition are poor appetite, headaches, exhaustion after little effort, and frequently distress after meals. The blood, which gives the nervous system its food and power to work efficiently, has become thin and weak, and until the blood regains its tone and strength there can be no improvement in the condition of the nerves. In cases of this kind Dr. Williams' Pink Pills will be found the very best medicine. They make rich, red blood which feeds and strengthens the starved nerves, and in this way restores the sufferer to full health and strength. Proof of this is found in the case of Mr. Fred Sander, London, Ont., who says: "While on service with the Imperial forces in Africa I completely lost my health through continual hardship and shock. I was sent back to the base hospital suffering, so the doctor said, from nervous debility. After spending some time in the hospital I was invalided back to England as unfit for further service. After spending a long time in Netley Hospital, I was given my discharge, but was still a weak and nervous wreck, absolutely unfit for work. I had neither the strength nor ambition to do anything. In London I doctored for three or four months with a civilian doctor, who finally advised a change of climate. I was terribly nervous, suffered from sleeplessness, smothering and sinking spells, and pains in the heart; my hands and feet were always cold and clammy. At this time I decided to come to Canada, and shortly after reaching this country was advised to try Dr. Williams' Pink Pills. After I had taken the pills for some weeks I found myself improving. I continued taking the pills for several months with the result that they fully restored my health. My nerves are now as steady as a rock; my appetite the best, and my eyes and skin, which had turned yellowish, are clear and healthy looking. I feel like a new man in every way, and fit for anything. I have since recommended the pills to several friends, and know of several cases where they were beneficial in the influenza epidemic. I am of the opinion that should any of my returned soldier comrades use Dr. Williams' Pink Pills for shell shock, they would be very benefited by them."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
