## How Graft is Condoned.

Ottawa, July 6, 1907.

A fair idea of the attitude of two political parties on questions of policy and administration may be gathered by a brief study of the votes taken in the House during the last Session The following is a partial list. COAL MONOPLY IN THE WEST

On the 10th of December, after the people in the West had suffered great hardships and when they were likely to suffer more through the lack of fuel. Mr John Herron, Conser vative member for Alberta, moved a resolution dealing with such con ditions. Mr Herron showed that there were abundant coal resources in the West and that it would be possible to guarantee to the people of received by the Commissioner offithat Country a regular and cheap cially had been carried off bodily by supply if the mines were not allowed his land customers leaving no copy in to fall into the hands of monopolists, the office. On a straight party vote He moved, "That coal lands the conduct of this officer was enowned by the Government of Canada dorsed by a Government majority of ould only be alienated under such conditions and subject to such regulations as will provide for immediate supply of coal adequate at all times to the requirements of the people and at a reasonable price; and that in respect of coal lands already alienated legislative provision should be made for such control and regulation in emergencies as will prevent loss and suffering to the people of the West."

This motion was supported by opposition Members, but was headed off by a Government amendment declaring that the recent troubles did not arise from any defect in legislation. Though this was not properly an amendment at all it was adopted by a straight party majority of 77 to 39.

LABOUR DISPUTES.

On January 9 h Mr Borden submitted a resolution expressing the opinion that legislation should be adopted for the prevention and settlement of labour disputes and asking for a select committee of nine to inquire into this whole question and report what further enactments are desirable and necessary.

This motion was opposed by the Government and was finally shelved by a Ministerial amendment stating that existing legislation with certain proposed amendments was all that was necessary. The amendment was adopted on a party division of 78 to

ROBINS IRRIGATION DEAL. On February 5th and 7th the House debated a resolution moved by Mr McCarthy of Calgary condemning the deal by which a block of 380,000 acres of Government land was sold to the G T P measure. a group of party favorites at \$1 an acre, with irrigation conditions, which concession was immediately transferred to English capitalists at a sale the favorites turned over another land concession at a profit of \$350. ooo selling for \$12 an acre a land ment at \$1 per acre. The Govern. ment party by a majority of 86 to 53 three Liberals above mentioned. voted down Mr McCarthy's motion and endorsed the deal.

THL GALWAY DEAL.

February 21st Mr Herron moved a resolution condemning the above transaction. One Brown applied for a closed twenty-one year grazing lease of 60,000 acres of land early in 1902 Brown disappeared without taking the lease or paying the rental and all departmental letters to him were un. answered. Contrary to the law and the advice of officials the concession was held for this unknown and undis coverable person for some two years. Then it was found that a Member of Parliament had been carrying round an assignment from him nearly the whole period. This Government supporter came forward when the lease was about to be cancelled, was allowed to take over the land, under an irrevocable tenure, a privilege that

of the Courts and impeding the course of justice. Among the vacancies to which be referred was one which had existed for a year on the 30 Tue 4 58 7 47 11 05 2 48 2 42 which had existed for a year on the 31 Wed 4 59 7 46 11 31 3 26 3 37 Nova Scotia Bench, and had caused umerous postponements of trials and appeals, while the appointment was held to meet party convenience. Mr Borden's motion was defeated on a party vote of 83 to 50.

PUBLIC OFFICIALS MAKING PRIVATE GAIN FROM THEIR POSITIONS.

On March 6th Mr Northrup, of East Hastings, brought up the case of an Immigration Commissioner at Winnipeg, salary \$3,000, who had carried through a land deal, giving him some \$30,000 profit and bad been sued successfully on the claim that he had deceived the purchasers. In his own testimony at this hearing the officer confessed that he had made use of the services and reports of other Government officers in order that he himself "might make money on the side." One of these reports

SUPPRESSED ACCOUNTS OF THE G. T. P. On March 20th Mr Barker moved

resolution authorizing further in-

quiry by the Public Accounts Committee into a claim presented to the Government and accepted by the Railway Department for alleged expenditure of the Company on the G. T. P. line. A part of this claim. amounting to \$160,000 was disallowed by Mr Shannon, Government auditor, on the ground that the payments were for promotion expenses and not expenditure on construction. As to other portions amounting to some \$50,000 the auditor objected that no details or vouchers were given. When investigations of these accounts became necessary the Company rather than have them exam ined, withdrew the claim, and the Government took from the public files all the documents relating thereto and gave them back to the Company Under these suspicious circumstances the Conservatives in the Public Ac counts Committee undertook to ascertain the particulars of this expenditure. asking for the return of the accounts and calling the Grand Trunk auditor as a witness. Ministers and their supporters in the Committee refused to ask for the accounts and the Grand Trunk auditor disregarded the summons and

immediatly sailed for . Europe. Mr Barker, thereupon moved that the House order an inquiry into the facts and investigate the disappearance of the official records which had been carried away. The House by a straight party majority of 114 to 49 voted down

It is supposed that a large part of this secret expenditure was connected with the lobby and the promotionof

Blairmore, which at the time it was granted was worth \$100,000 or more and two year's afterward about \$200,-000, and for which the Government received \$480 or \$1,700 less than was paid the beneficiary as an assignee of the squatter's rights of an Italian railway man whose claim had been shown before the Exchequer Court to be based on fraud and perjury. Mr Lake's mo-

GOVERNMENT OFFICIALS AS CAM-PAIGNERS. Mr Borden on April 15th brought to the attention of the House a resolution which had been adopted two years before, and was then supported by the Premier himself, declaring that no of cels over \$5.00 in value. ficial should be permitted to engage in partisan work of any description in Federal or Provincial elections. The Opposition Leader showed that this rule had been violated in subsequent by-elections, and especially in the elec tion of Mr Fielding in Shelburne and Queens, where fishery officers, custom from Miller Bros. house officers, postmasters and other officials acted openly as campaigners, three or four of them serving as agents commissions to pay. corrupt or coercive influence. In view of these and similar instances in other parts of the Country Mr Borden moved a resolution expressing regret that the rule adopted in 1905 had been violated

This resolution was rejected by a straight party vote of 70 to 40. BALLOT FRAUDS. April 16th Mr Borden introduced esolution in reference to fraudulent provision be made for the more effect ive suppression of bribery; for the prevention of fraudulent marking, count ing or substituting of ballots; for the better regulation of the conduct of elections on the part of both officials and candidates; for preventing the accumulation of huge campaign funds; for prohibiting contribution thereto by corporations. contractors and promoters; and also to expedite the hearing of election petitions, to prevent arrangements for their discontinuance and to provide for the thorough investigation of corrupt practices. This resolution also called attention to the fact that measure for the amendment of the election laws in these respects had been promised in the speech from the throne and expressed regret that no such mea measure had been introduced. This motion was rejected by a straight party vote of 78 to 44. INCREASED EXPENDITURE, FX TRAVAGANCE, GRAFT AND

CORRUPTION On the 29th of April Mr Borde moved a resolution setting forth that the rapidly increasing public expendi ture was a matter of grave concern that the expenditure authorized durin the session then just closing amounte to \$121,428,299, exclusive of railway subsidies of \$5,000,000 and loans of \$9, 678,200, making a total of \$136,106,429 or about \$22 for every inhabitant of Canada and \$110 for every family

had increased from less than \$28,000, 000 in 1896 to more than \$60,000,000 in 1906 and that the taxation per head had grown from \$5.46 ten years ago t

The resolution also stated that the public assets had been depleted by signing partisan intriguers had becom enriched at the expense of the people that the Public Committee had durin the last two sessions disclosed the ope ations of middlemen who had made en ormous profit and rake-off in public business, and also that election frauds exposed had been carried out by the expenditure of large sums of money and the aid of such middlemen.

Mr Borden's motion asked the House to condemn this mal-administration and corruption. The motion was defeated by a straight party vote of 91 to 43.

This list of motions and division gives a fair idea of the policy and sition of the Laurier government the Conservative opposition led by
