

EAST HURON.

Large and Enthusiastic Reform Demonstration in Grey Township.

BRUCESTOWN, July 24.—The Reform demonstration at Cranbrook today under the auspices of the East Huron Reform Association was a very successful affair in point of attendance and general enthusiasm. When the noon train arrived bearing Hon. A. M. Ross, Dr. McDonnell, of Wingham; D. McGillicuddy, of the Goderich Signal, and other speakers, the reception committee, led by Reeve Strachan, Grey, and accompanied by the 33rd Battalion band, was found in waiting. Conveyances were entered and the guests were driven through this village and to Cranbrook, where lunch was partaken of, after which they were driven to Porter's Grove, where over 2,000 ladies and electors were gathered to listen to the speeches on the public questions of the day.

ON THE PLATFORM.

were Hon. A. M. Ross, Thos. Gibson, M.P.P.; Dr. Sloan, Blyth; Dr. McDonnell, Wingham; D. D. Wilson, Seaforth; Robt. Gibson, Wroxeter; D. McGillicuddy, Goderich; Arch. M. Taylor, Toronto; John McCrae, Morris, and others.

Reeve Strachan, of Grey, occupied the chair, and explained the object of the meeting in an able address, after which he called on the

HON. A. M. ROSS,

Provincial Treasurer, to address the meeting. That gentleman, on coming forward, was loudly cheered, and at once proceeded to deliver a telling address of over an hour's duration. This was the first time, he said, that it had been his privilege to address a body of electors in Grey, the banner township of East Huron, but he knew of its record in support of Mr. Gibson in past years, and knowing that fact made him feel that he was amongst friends of the Liberal cause. He dealt in a masterly manner with the N.P., and showed that the tariff had been fallacious in working so far as the farming community was concerned. The produce of the farm had in no way been raised in price by the N.P., although the manufactured articles for consumption had become more costly. The farmers had received no benefits in enhanced values for their grain, wool and other commodities, although much had been promised to them by the Conservative promoters of the scheme. The population had not increased, although it had been contended that the influx of citizens and mechanics would create a home market for the disposal of everything that could be raised upon a farm. The only time that the population of Canada had materially increased was under the Mackenzie regime, and this fact the speaker pointed out from the statistics of the Bureau of Industries. The county of Huron ranked with the first in Ontario in population, wealth and general prosperity, and also in the fact that it sent more Liberal members to Parliament than any other county in Canada. The hostile action of Sir John and Mr. Meredith and their respective followers in the Dominion and Local Parliament was next criticised in a scathing manner, and Sir John's vetoing of Provincial legislation was severely condemned. The Streams Bill and the license question were then fully discussed, and the ground was taken by the speaker, and successfully proved, that the Local Government were not the aggressors but the victims of the Conservative action of the Dominion in arrogating to themselves the control of railways in Ontario, which had been built with Provincial and municipal money, was shown up in a clear and trenchant style, and the unfairness with which Ontario had been treated in the railway distribution was conclusively shown. The hon. gentleman concluded his remarks with a ringing appeal to the electors of East Huron to stand firm in the Reform faith and be true to their township in past contests, and he hoped that it would ever remain faithful to the men who had proved to be the champions of the rights of the Province of Ontario. (Loud and prolonged cheers.)

MR. THOS. GIBSON, M.P.P.,

was the next speaker, and spoke for about an hour, during which time he dealt with the questions of insurance, the license power, the Streams Bill and the Boundary Award, in a telling and forcible manner, which elicited responsive applause from the large gathering. Time and again the township of Grey had been his banner township in past contests, and he hoped that it would ever remain faithful to the men who had proved to be the champions of the rights of the Province of Ontario. (Loud and prolonged cheers.)

DR. SLOAN, OF BLYTH,

paid high tributes to the Hon. A. M. Ross and Mr. Thos. Gibson, and then went on to discuss public questions. The Liberal Government in Ontario had created a surplus, established a better educational system, built railways, erected asylums for the deaf, dumb and blind, and built colonization roads in the new counties. The Tory Dominion Government had endeavored to obstruct the good work of the Legislature, and in its every act had been backed up by Thos. Farrow, who now held the seat for East Huron at Ottawa. Dr. Sloan's speech was a sharp and incisive one and was well received.

DR. McDONNELL, OF WINGHAM,

followed in a masterly address, in which he reviewed the early history of the Reform party in Canada, and traced its upward course in the interest of Liberalism step by step. The overthrow of the Family Compact; the obtaining of municipal rights; the secularization of the clergy reserves; the abolition of seigniorial tenures in lower Canada, and Confederation—all had been the work of the Reform party. Some Tories boasted that Sir John was the father of Confederation, but when it was shown to these gentlemen that Sir John Macdonald, John Sandfield Macdonald and Scoville, who then represented Egin, were three of the five who signed the minority report against confederation, they would have to relinquish that claim. He closed his remarks with a telling criticism of the Dominion financial policy amidst loud and prolonged cheers.

MR. A. M. TAYLOR

gave an excellent address, dealing with general topics of interest to the Liberal electors. He looked for a bright future for the Reform party, and looked forward with confidence to the dawning of a bright day for Reform. His appeal to the young men was exceedingly eloquent and brought loud applause from the gathering. He concluded by reading the following resolution.

"That this meeting pledges its unanimous, unwavering and continued support to the principles of the Reform party, and that it desires to place on record at this time its profound sense of gratitude to the Hon. Oliver Howat, the faithful champion and guardian of the people's rights, who, though assailed during many years by every means which corruption and malice could suggest to the leader of the Dominion Government, yet in the exercise of sagacious statesmanship, determined and well-weighted conviction, and the sterling courage of a Christian patriot, did not shrink from taking the political existence of himself and party on the issue of the people's rights, and the preservation of Ontario's rightful possessions, and after carrying the banner of Provincial autonomy through the elections to victory, has consummated the grandest act of Provincial statesmanship by successfully maintaining these rights before England's Privy Council, at the foot of the throne, to the utter overthrow and confusion of Sir John A. Macdonald and his colleagues, who had with persistent effort striven to strip the fair Province of Ontario of 62,000,000 square acres of her legitimate territorial area."

The resolution was seconded briefly by

D. MCGILICUDDY

an old-time resident of the section. The speaker on his appearance, was enthusiastically greeted by his old Reform associates, and his Conservative friends present also joined in welcoming him again to a platform in Grey township. He spoke of the Reform record of Grey in days of old, and looked for a repetition of the good work in the time to come. He then referred to the calibre of Thos. Farrow, who misrepresented East Huron at Ottawa; he next alluded to the necessity for organization and the placing of the best man in the field for the next contest for the Commons, irrespective of considerations of personal friendship; and closed by a short allusion to the result of the decision of the judicial committee of the Privy Council in favor of Ontario's rights.

It was then moved by Jas. Ferguson, seconded by A. Raymann, and carried:—"That this meeting desires, on the part of the Reformers of the East Riding of Huron, to record its high appreciation of the noble stand taken by the Reform Opposition in the Dominion Parliament, led by our trusted leader, Edward Blake, in courageously exposing and opposing the corrupt and extravagant wasting of the public moneys by Sir John Macdonald and his subservient followers, and in battling manfully for Ontario's rights, treacherously sacrificed at the shrine of political necessity by her Tory representatives."

The rain which had been threatening during the evening, by this time began to descend heavily, and the meeting was brought to a close by the usual loyal and party cheers. The day will be a red-letter day in the annals of Grey township.

THE BOUNDARY.

Hon. Wm. Macdougall Discusses the Result Formerly Expressed View Contained in Arguments of Tory Organs and Orators Set at Rest.

OTTAWA, July 23.—Speaking of the Privy Council judgment in the Boundary case this afternoon Hon. Wm. Macdougall said the news gave him great satisfaction, not only as an Ontario man, but as confirming his preliminary report on the question in 1871, as well as the opinion he had always entertained and expressed. In his lecture on the subject here last winter he stated that the Federal Parliament was in honor bound to accept the award of the arbitrators, as it was the first instance on record where the engagements of one Government had been repudiated by its successors. He had never regarded the award as legally binding, simply because the Dominion Parliament had

REFUSED TO RATIFY IT, and he believed the weight of legal opinion agreed with him on that point. All the testimony went to show that the true legal boundary was a line drawn from the north-west angle of the Lake of the Woods to a point where the boundary line between Quebec and Ontario touches the shore of James Bay. That was the decision of the arbitrators, but at suggestion of Col. Dennis, representing the Dominion Government, the Albany River Boundary was adopted, the differences regarding territory being slight and the natural boundary being convenient for all purposes. The present decision will be useful, Mr. Macdougall says, disposing forever of

THE ABSURD PLEA set up by Tory organs and orators that the Western boundary of Ontario was a line drawn due north from the junction of the Ohio and Mississippi Rivers. The various boundaries set up by Mr. Dawson, M.P., are also settled. Mr. Macdougall thinks it is possible that to dispose of the matter finally the Privy Council may advise that an Act defining Ontario's Northern and Western limits shall be passed by the Imperial Parliament.

To the Medical Profession, and all whom it may concern.

Phosphatine, or Nerve Food, a Phosphate Element based upon Scientific Facts, Formulated by Professor Austin, M. D. of Boston, Mass., cures Pulmonary Consumption, Sick Headache, Nervous Attacks, Vertigo and Neuralgia, and all wasting diseases of the human system. Phosphatine is not a Medicine, but a Nutrient, because it contains no Vegetable or Mineral Poisons, Opium, Nuxetics, or Stimulants, but simply the Phosphate and Glyceric Elements found in our daily food. A single bottle is sufficient to convince. All Druggists sell it. \$1.00 per bottle. J. DOWDEN & Co., sole agents for the Dominion, 55 Front Street East, Toronto.

The Mail and the Boundary.

Toronto World.—Mr. Howat is a gentleman, a Canadian, an honest man who has given his best years to the service of his native province. One would imagine from the columns of the Mail that he was worse than a horse thief. Mr. Howat has always put his case as the friend and advocate of Ontario, but never as the enemy of the confederation; the Mail, while pretending to put the case of the Dominion was stating the case of the French class, and using the part of an enemy of the province. There was treachery in every line the Mail wrote on this question, that worst form of treachery, begotten of partisan spite and sycophancy. Mr. Howat has succeeded in the boundary dispute and he will receive the generous thanks of the people of Ontario, despite the ill-natured article of yesterday's Mail, and of its abuse by the page and by the column heretofore.

A St. Ann's Victory.

Mr. John Morrison, well known in St. Ann's, N. S., had serious Kidney Complaint that bordered on dropsy. After hope had nearly fled, he was cured by Burdock Blood Bitters.

Canada is steadily advancing in the number of cattle and sheep she raises and exports to foreign markets. Since 1877 the shipping trade in these has increased from 5,940 cattle and 9,504 sheep to 55,928 of the former and 114,302 of the latter, respectively, of the value of \$36,000 and \$5,500,000, or an increase of ten fold in six years.

How Electors are Nominated.

To the Editor of the N. Y. Sun.—Sir: Of course I know that the President and Vice-President are voted for by the people through the electors; but what I wish to know is, how and when are the electors nominated? I have asked fifty persons or more, and find them just as ignorant as myself.—W. H. Stanford.

The Republicans of New York held their State Convention at Syracuse on April 23rd last, and there nominated thirty-four men as their candidates for electors. The Democrats held their State Convention at Saratoga on the 18th of June last, and nominated their thirty-four candidates. Candidates for electors are nominated by State Conventions of the respective parties.

Loss and Gain.

CHAPTER I.
"I was taken sick a year ago with bilious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I could not move!"

I shrank from 225 lbs. to 120! I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles I am not only as sound as a sovereign, but weigh more than I did before. To Hop Bitters I owe my life.

Dublin, June 6, 1881.

How to GET SICK.—Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised, and then you will want to know how to get well, which is answered in three words—Take Hop Bitters.

A REWARD.—Of one dozen "TABERNY" to any one sending the best four line rhyme on "TABERNY," the remarkable little gem for the Teeth and Ears. Ask your druggist for address.

A Firm Opinion.

The firm of Ormand & Walsh, druggists, of Peterboro, say Dr. Fowler's Wild Strawberry is one of their best Standard Medicines for Summer Complaints.

Rynnas, sole agent for Goderich.

There is no one article in the line of medicines that gives so large a return for the money as a good vigorous strengthening plaster, such as Carter's Plaster and Belladonna Backache Plaster.

A Startling Discovery.

Wm. Johnson, of Huron, Dak., writes that his wife had been troubled with acute Bronchitis for many years, and that all remedies tried gave no permanent relief, until he procured a bottle of Dr. King's New Discovery for Consumption, Coughs and Colds, which had a magical effect, and produced a permanent cure. It is guaranteed to cure all diseases of Throat, Lungs or Bronchial Tubes. Trial bottles free at J. Wilson's drug store. Large size \$1.00.

Why suffer from nervous prostrations when you can buy a guaranteed cure at Wilson's drug store (1)

James Brayley, Hamilton, says: "I read the testimonials for McColly's Speedy Cure for Eruptions, and I was so well with Eruptions and Indigestion as I think any one could be, I have taken three bottles and am nearly well and can eat any kind of food without it hurting me. I may say I am better than I ever expected to be. Free trial bottles at G. Rynnas."

In the history of medicines no preparation has received such universal commendation for the alleviation it affords, and the permanent cure it effects in kidney diseases, as Dr. Van Buren's Kidney Cure. Its action in these distressing complaints is simply wonderful. Sold by J. Wilson.

WASHINGTON, D.C.,

May 15th, 1886.
GENTLEMEN—Having been a sufferer for a long time from nervous prostration and general debility, I was advised to try Hop Bitters. I have taken one bottle, and I have been rapidly getting better ever since, and I think it the best medicine I ever used. I am now gaining strength and appetite, which was all gone, and I was in despair until I tried Hop Bitters. I am now well, able to go about and do my own work. Before taking it I was completely prostrated.
