

New S. A. Maternity Hospital.

Rapidly Approaching Completion.

The new S. A. Maternity Hospital, corner Pleasant Street and Cornwall Avenue, is now nearing completion as far as exterior work is concerned, and it may be of interest at this juncture to state just what has been accomplished so far.

In December, 1919, a whirlwind campaign was conducted in this city by a committee of which Hon. M. G. Winter, O.B.E. was chairman, when upwards of \$160,000.00 was subscribed in cash and pledges. Of this amount \$72,000.00 has already been received, the balance of the pledges being still outstanding.

Col. Martin, commander of the S. A. forces in this country, has been untiring in his efforts to get the building completed, but found it im-

possible to make much progress this season, owing to lack of funds. It was, therefore, arranged by Commissioner Sowton to have Commandant Hurd, who is the Army's financial representative in Nova Scotia, New Brunswick, and Prince Edward Island, spend a few weeks in St. John's trying to get the necessary balance. The Commandant, whose headquarters are at Moncton, N.B., has the oversight of all the Army's big financial undertakings in the Maritime Provinces, and is naturally a busy man. The fact therefore, of his being loaned to Newfoundland for this work is a proof of the great interest taken in the new Maternity Hospital by those in authority in the Army.

The Commandant arrived here about the middle of August and found that there was \$7000.00 on hand of the \$30,000 needed to complete the building. He has kept hustling this last seven weeks, and succeeded in getting \$10,500.00, bringing the amount on hand up to \$17,500.00, which leaves \$10,000 more to be raised before the building can be completed. This building when opened will be a great boon to the city.

It is hoped that those who have promised money for this purpose will see their way clear to redeem their pledges in the near future, and that those who are in a position to contribute, and have not already done so, or can contribute something further will do so, and enable the Army to carry on their labour of love among the women and children of Newfoundland.

Donations will be gratefully received and acknowledged by Staff Capt. Tilley, Territorial Headquarters, corner Springdale and George Streets.

It might also be pointed out that a further sum of about \$15,000.00 will be required for furnishings, of which the following is the estimate:

8 Private Rooms at \$200.00 each	1,600.00
2 Semi-private Rooms at \$300.00 Each	600.00
1 Public Ward 8 Beds	500.00
1 Operating Room	1,200.00
2 Children's Rooms \$100.00 Each	200.00
1 Diet Kitchen	150.00
1 Clinic	200.00
1 Sun Room	200.00
2 Bath Rooms \$100.00	200.00
1 Sitting Room	200.00
1 Reception Room	300.00
1 Doctor's Room	250.00
1 Sterilizing Room	5,000.00
1 Main Kitchen	700.00
1 Laundry	1,000.00
1 Dining Room	500.00
1 Lecture Hall	300.00
1 Furnace Room	100.00
1 Bath Room	100.00
Runners for Hall, etc.	500.00

In this connection it is hoped that a number of our well-to-do citizens will be disposed to undertake the responsibility of furnishing one or more rooms. In cases where this is done it is proposed that a brass plate be put on the door showing the name of the person furnishing the room. Sir Edgar Bowring started the ball rolling with a \$200.00 subscription for the furnishing of one private room. Another warm friend of the Army who gave a new subscription of \$500.00 to the building, also donated \$250.00 towards the furnishings.

It is also interesting to know that General Bramwell Booth, Commander-in-Chief of the S. A. forces, has given \$5000.00 towards this item.

Commandant Hurd has been twenty years an officer of the Salvation Army, having filled various important positions in the Canada East Territory. Although a native of this country this is the first time he has visited here in an official capacity. He speaks very highly of the kindness, courtesy, and generosity of all those with whom he came in contact, particularly by Hon. M. G. Winter, Mr. Fred Ayre, Mr. H. E. Cowan. Mr. Winter, who is chairman of the committee, has been always ready to give advice and help and has been a tower of strength to the Commandant in his work. The hospital in question presents a fine appearance and is an ornament to our city. It reflects great credit on the superintendent, Mr. Wm. Cummings, who is to be congratulated on his work.

Commandant Hurd leaves to-day by the Rosalind enroute to his home in Moncton. His work here will be continued by Staff Captain Tilley, General Secretary, who will be glad to receive any contributions towards the Maternity Hospital. Commandant Hurd will attend the Army's Congress at Halifax on November 1st, and will then be ready to undertake other financial problems in which his many friends will wish him every success.

CORN

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

MINARD'S LINIMENT FOR DIS-TEMPER.

If a child recovering from illness has to eat toast in warm milk and doesn't care for it, try this: Before toasting bread, cut into fancy shapes with cookie butter, into a bread boy or girl or animal of some sort. Toast and cover with the warm milk.

A Famous English Lady.

Elizabeth Fry, the notable prison reformer, was the third daughter of John Gurney, of Earlham Hall, near Norwich, a rich banker and a member of the Society of Friends. Till Elizabeth was 18 she had no decided religious opinions; but a discourse she heard in the Friends' meeting house at Norwich by William Savery, an American Quaker, made a deep impression on her. From this time her natural care for others was greater than before. She worked much among the poor, and began a school for poor children, which she managed entirely herself. In her twenty-first year she married Joseph Fry, of Plasht, Essex, a London Merchant. Soon afterwards she visited Newgate for the first time, and saw three hundred women tried and untried, with their numerous children, crowded together in rags and dirt, with no bedding, and nothing but the floor to sleep on. She could do no more than supply them with clothes; but within a few years, by her efforts, a school was established in the prison, a ladies' association was formed for the improvement of the female prisoners, and religious instruction was given to them regularly. Mrs. Fry paid visits to prisons in all parts of the kingdom and on the Continent, and introduced many improvements in their management and discipline. Her husband eventually became bankrupt, but Mrs. Fry managed to keep up her good work, which, besides prison reform, included the foundation of shelters for the homeless and the organization of various charities, while it was through her influence that libraries were begun in naval hospitals and coastguard stations. Elizabeth Fry's life, which closed on October 12, 1845, is rightly regarded as one of the most useful ever spent in humanity's cause.
