## Kings and Queens Inspect Mfld. Pavilion at Wembley

Editor Evening Telegram.

Dear Sir.—Will you kindly publish the following telegram received from D. James Davies, B.Sc., F.I.C., F.C.S., F.G.S., who, as you are aware, is the technical assistant to Captain Gordon, M.C., High Commissioner for London, who is our representative at the British Empire Exhibition?

London, Ontario, May 15, 1924.

Chairman Newfoundland Com.

British Empire Exhibition,

St. John's, Nfld.

Their Majesties the King and

Queen, accompanied by the King

and Queen of Roumania, visited

Wembley yesterday and inspected

Newfoundland Pavilion. Royal Party

were met by High Commissioner and

members London Advisory Commi-

tee and were conducted by me around

building which is now complete with

all exhibits in place. Their Majesties

were greatly pleased with everything

and left their autographs in our vis-

itors' book. Great interest was taken

in the Newfoundland Dog, Iron Ore

and other minerals, fish, and pulp

and paper exhibits. The Daily Mail

this morning states as follows:—If

there was one party in the exhibition

which seemed to be enjoying itself,

it was the Royal one. The King par-

ticularly was in the highest possible

spirits. In the Newfoundland Pavil-

ion, he was smiling and full of sal-

lies, like a man without a care. King

George was most jovial about the

fine exhibit of Cod Liver Oil, and

recalled how it was given to him

as a boy with orange wine to

mask the taste and said it was best

described as nutritious. Their

Majesties graciously looked at the

Model of the Daily Mail Paper works

and the King was most interested

and wondered how the loss of trees

for the paper was ever made up, and

was told it was not necessary to re-

afforest for in Newfoundland there

was such continuous self propagation

of the trees.

Yours truly,

LEONARD C. OUTERBRIDGE,

Chairman Newfoundland Committee,

British Empire Exhibition.

OTTAWA, May 15.

The resignation of Hon. Walter

Mitchell from membership in the

House of Commons, was announced

by Speaker Lamont at the opening

of to-day's session. He has represent-

ed St. Anthony's District of Montreal

since 1921. He simply stated in the

regulation formal letter his desire

to relinquish his seat.

MACLAREN TEMPORARILY DE-

LAYED.

SHANGHAI, May 15.

Stuart MacLaren, British Aviator,

attempting to fly around the world,

was unable to hop off to-day from

Allahabad, British India, on account

of the presence of water in the petrol

supply. A message received from

Allahabad reported he arrived there

yesterday from Nasirabad, and hoped

to leave to-morrow for Calcutta.

BILLY SUNDAY LIL.

ROCHESTER, Minn., May 15.

Rev. W. A. (Billy) Sunday, Evan-

gelist, arrived here to-day to enter

Mayo Clinic Hospital for treatment

for kidney ailment. He spent a rest-

ful night aboard the private car that

brought him here from Chicago, "the

best night in the last twelve" accord-

ing to his physician.

MURDERER'S SENTENCE COMMU-

TED.

MONTREAL, May 15.

Within twenty-four hours of the

time he was to meet death on the gal-

lows, Joseph Freiler, sentenced to

death and stated to hang to-morrow

morning, was granted a stay of exe-

cution until October 21. He was

convicted of the murder of Mrs. Ber-

geron here, two years ago. Edouard

Freilais, sentenced to death for the

same crime, had his sentence com-

muted to life imprisonment yester-

day.

BONUS BILL VETOED.

WASHINGTON, May 15.

President Coolidge vetoed the Sol-

diers' Bonus Bill, passed at the late

session of the Congress, on the heels

of his disapproval of the Bonus Pen-

sion Bill, because he felt it would be

an undue strain on the Treasury. Ad-

vocates of the Bill immediately an-

nounced that an attempt would be

made to pass it over the veto. On its

original passage it received more

than the two-thirds, the vote neces-

sary to override the veto, in both

Senate and House.

A Narrow Escape

Yesterday afternoon, while a num-

ber of men were engaged re-building

Job Bros. North Side wharf which has

recently founded, a pile driver,

which was being used in the work,

suddenly crashed through the pier

into the water, carrying with it two

of the labourers. One of the men had

a miraculous escape from serious in-

jury when the machine was falling.

Both men were rescued in the nick

of time.

## Don't Say—"Just a Sore Throat"

IN a few days, you know, "just a sore throat" may be something much more serious. For science has proved that the throat is not only the first spot reached by infectious germs, but also forms the ideal soil for them to multiply on.

Throat protection, therefore, means germ destruction and is a duty that you owe your health. It is easily achieved by the regular use of Formamint—the germ-killing throat tablet.

Formamint (which is endorsed by over 5,000 American physicians) is the scientific way of disinfecting the mouth and the throat. Handy to have with you—pleasing in taste—it frees an efficient germicide that mixes with the saliva and so reaches where gargles cannot go.

And a tablet taken occasionally during the day not only brings grateful and immediate relief from "sore throat"—but affords protection against even more distressing ailments that so often follow infection of the throat linings. At all druggists.
