I was working at the fac-tory for three years and became so run-down that I used to take weak spells and would be at home at least one day each week. I was treated by the doctors for anemia, but it didn't seem to do me any good. I was told to take a rest, but was unable to, and kept on getting worse. I was trou-bled mostly with my periods. I would sometimes pass three months, and when it came it would last around two weeks, and I would have such two weeks, and I would have such pains at times in my right side that I could hardly walk. I am only 19 years of age and weigh 118 pounds now, and before taking the Vegetable Compound I was only 108 pounds. I was sickly for two years and some of my friends told me about Lydia E. Pinkham's Vegetable Compound, and when I had taken a bottle of it I felt a change. My mother has been taking it for a different ailment and has found it very satisfactory. I am willing to tell friends about the medicine and to answer letters asking about to answer letters asking about "-Miss HAZEL BERNDT, Box 700,

Carnol is one of the finest remedies ever discovered for use by the expectant mother. There is no time in a woman's life when it is so vitally necessary to safeguard her health. Not only should she protect her own health, at a most trying period, but she must consider also the health of the unborn child. Read what Carnol did for Mrs. Perry,—"My wife, about two years ago, just before our baby was born, was suffering from anemia and indigestion. She could keep nothing on her stomach. We tried a great many so-called remedies, phosphates and even beef, iron and wine tonics, but to no effect. One day I went into one of our local drug stores, Crawfords by name, and asked him to give me a reliable tonic for my wife. He handed me a bottle of Carnol, recommending it highly, and told me to give it a fair trial. After taking two bottles my wife made rapid progress back to health. Carnol is one of the finest reme two bottles my wife made rapid progress back to health. The colour came back to her cheeks and her appetite was completely restored. We find Carnol almost invaluable for our baby. It serves as a useful medicine essecially, at technical medicine, especially at teething time, and we are never without a bottle in the house. It gives me a great deal of pleasure to recommend the merits of Carnol. As a bodybuilder, nerve remedy and a wonderful restorative in all run down conditions, I don't think there is any medicine anywhere equal to Carnol."
