The Art Piano of Canada, made by this firm, does not rest its success and kingship on what its manufacturers say of it, though none know as well as they the years of thought and care and skill and ability that have been put into its manufacture. It is those who know the Piano best who are most generous in its praises, and they are of those in the musical works who have strongest claim to speak knowingly of the merits of any Piano.

this large question and not a minor departmental clash that Hutton was recalled. There were departmental clashes, as was evinced by an order issued by Hutton forbidding militia officers from leaving their districts without leave from the G.O.C. at Ot-tawa. This was irksome, and pre-vented a banker living in Toronto or wented a banker hving in Toloto of ar-gent business without Eutton's per-mission. It is said that shortly after the issue of this order Hutton brought to Dr. Borden a list of about LAURENTIAN AT CAPE TOWN. Artillery Section of Second Canadian Artillery Section of Second Canadian Gunner Wallace's Death The report of the Board of Enquiry that considered the causes of the death at Kingston of Gunner Wallace of Toronto has been received by Min-ister of Militia Borden, but, on the plea that it is not usual to make such reports public, he refuses to give Mr. Clarke the information in the House. The facts of the inquest will be ascertained on Monday. It

is said that Gunner Wallace was tak-en ill with a fever, and during his sickness was confined in a room where the temperature was about 85. While he was yet weak, he was mad to drill in the open air, where he contracted a cold that ended in his death. From these and other alleg-ed circumstances it is said that his decease was caused by gross negli-gence on the part of certain military gen authorities at Kingston.
