Hon. A. G. McKay. were enabled to rise to positions of Hon. A. G. McKay was next introeminence. By it the sons and daughters were able to get a start in life duced, and he first devoted himself to which they would never get if they had the school question. He corrected a to spend three years in a normal school statement made by Mr. Downey to the for many cannot afford to spend the effect that the Liberal members had money and the time at that stage of not opposed the proposed amendments to the educational bill. He stated that The present Government was taking time and again when clauses were away from the Province, he said, an brought up which he did not think educational system which had been were right he had denounced them, and held up as a model for years and which begged that they be changed. He said had, by winning all the prizes at the that what Mr. Downey was trying to World's Fair at Chicago, shown its say was that no motion for amendment had been made by him or other members of his party. Time and again he (Mr. McKay) had pointed out to a Mr. Ross spoke of the boasts of the stubbornly stupid and stupidly stub-Conservative Government about the born minister who knew nothing about

the school system, that the amendments ing the Liberal administration the to the bill were not practical. When Dr. Evans was asked to state the general rule determining hereditary insanity. debt, and after 33 years of government amended so as to be better fitted to encourage teachers to take up teaching as a life profession, he suggested suitthat it would cut down the expenditure, able amendments. As it was, many of but instead of doing so, the first year the best clauses had been the result of

suggestions by his party. Speaking of the appointment by Mr. Whitney of Mr. Colquboun as deputy minister of education, he said that he did not consider Mr. Colquhoun as a man suited to such a position. He was a good fellow and all that, he said, but had never even taught school and therefore did not know anything about educational matters, Mr. Colquhoun, who was a journalist and newspaper man, he thought would be far better fitted for some other position.

The next question upon which he have been \$1,700,000 in debt at the end spoke was that of the grant to the Toronto University. He condemned the Government for giving a fixed grant, Speaking of the Temiskaming and and this at a secret meeting without Northern Cntario Railway, of which ever giving the university a chance to the Conservative Government boasts place before them an estimate of their so loudly, he pointed out that when the expenses as they had been allowed to
