

SAYS DR. WORKMAN HIT FUNDAMENTALS

Head of Methodist Church on Stand in Libel Suit.

SPEAKS FOR THE CHURCH

Rev. Dr. Carman's Views as to Christ and Bible Opposed to Professors.

Montreal, May 12.—Rev. Dr. Carman, general superintendent of the Methodist Church in Canada, took the witness stand in the Workman libel suit yesterday and gave evidence on points of Methodist belief involved in the alleged assertions of Dr. Workman.

Dr. Carman claimed that, from his position, his testimony could be regarded as the voice of the Methodist Church. His statements on points of Methodist belief, he declared, were the interpretations of the Methodist Church courts in the country. His testimony on many points was directly opposed to that of Dr. Workman, who in testimony refused to admit that the beliefs which he held were not in accord with the standards of Methodism.

On the question of the corporeal resurrection of Christ he differed from Dr. Workman, who thought the Gospel allegorical in this particular, while Dr. Carman held that it could be literally interpreted.

Dr. Carman also declared that according to the doctrinal standards of the Methodist Church, Christ was truly God and this point was not open to investigation. Without the doctrine of Christ being deity, the church could not exist.

Contrary to Dr. Workman's testimony, Dr. Carman declared that the sacrifice of Calvary, in the eyes of the Methodist Church, was both an appropriatory and expiatory act, and that the atonement had its effects not only manward, but Godward.

THE FARMERS' BANK DOUBLE LIABILITY

Seven Hundred Liable, Most of Them Ontario Farmers.

Toronto, May 12.—The list of contributors to the Farmers' Bank failing under the double liability clause has been completed and will go before the court today, after which those included in the lists will have an opportunity to lodge a protest.

The document contains 700 names, comprising for the greater part Ontario farmers who were persuaded to put their money into the bank in a situation and now must suffer a loss of twice the amount of stock they subscribed for.

KEYMEN'S CONVENTION
Heavy Day's Business Followed by Dinner and Ball.

Toronto, May 12.—The order of Railway Telegraphers spent yesterday in business sessions and committee meetings at the labor temple, where much of the routine business of the 133 bills and 100 resolutions introduced during the present convention has been cleared away. It is not, however, expected by President Forham that the session will be concluded before tomorrow evening at the earliest, and he thinks it probable that it may continue over until Monday morning.

During yesterday's general meeting the gathering was favored with addresses and warm fraternal greetings from Mr. Timothy J. Smith, vice-president of the Brotherhood of Locomotive Engineers and Firemen, who spoke on "The Progress of Unionism," and Mr. Samuel L. Landers, a member of the Executive Board of the United Garment Workers of America.

A very successful ball was held by the order last night at the labor temple, several hundreds of the members and their friends being present. Earlier in the evening the executive officers were entertained by the mayor and city council at dinner at McCord's.

THE NEW BANK ACT GOES OVER SESSION

Will Not Likely Be Dealt With Until Next Parliament.

Ottawa, May 11.—The new bank act will not likely be dealt with at the present session of Parliament, and before the House takes its recess the Minister of Finance will introduce a bill to continue the existing measure until such time as the new bill comes in force.

Hon. Mr. Fielding made the announcement in the Commons this afternoon. He was still of an open mind as to whether it would be possible to deal with the matter after the recess, but it would now be impossible to proceed with any general revision prior to that time. Accordingly, he had given notice of a bill to extend the jurisdiction of the present act until such time as the new measure came into operation. The extension would be nominally for one year.

Mr. Borden brought up the matter of the reported action of the American Civic Association in reference to the threatened despoliation of Niagara Falls. He read an extract from the United States press to the effect that while the international treaty limited mining diversion for power purposes, this was being exceeded by large drains upon the waters for sanitary and domestic purposes.

Hon. Mr. Pugsley said he had been inquiring into the matter and anticipated being able to make a statement tomorrow.

Hon. Mr. Emerson, Mr. Borden and Mr. Crosby in turn drew the attention of the Postmaster-General to alleged delay in the delivery of transatlantic mail in the Maritime Provinces.

Hon. Mr. Lemieux said he had been investigating. All eastern mail was taken from the steamers at Rimouski by special tender and hurried to the trains. If there was delay it was the result of the vessel being behind or in waiting for trains. The mail for the west was now carried right on to Quebec. In this connection the Postmaster-General stated that it was significant that British mail to Canada had increased some seven hundred per cent. within the past two years, the vast majority of it being bound for the west.

TO IMPROVE RIDEAU HALL

Fifty Thousand Will Be Spent to Make It More Presentable.

Ottawa, May 12.—In anticipation of the coming of the Duke of Connaught as Governor-General \$50,000 will be expended by the Government in improving Rideau Hall. Mr. Pugsley explained that his royal highness had asked the Government not to go to an unnecessary expense on his account. "Certain improvements were, however, considered necessary," the Minister of Public Works said that the chapel and some other buildings would be redecorated and some new furnishings provided.

Mr. R. L. Borden and other members of the Opposition expressed the belief that a new Government House should be erected. With this Mr. Pugsley agreed. Mr. Fielding, however, said that successive Governors-General had found Rideau Hall a very comfortable residence, although the exterior was not all that it might be. The finance minister declined to make any promise that a vote would be included in next year's estimates to erect a new Government House. The vote for improvements was adopted.

LOSES HER LEGACY

Chatham Lady Out \$1,000 by Reason of Legal Technicality.

Chatham, Ont., May 12.—Prof. Hatt, of the Guelph Agricultural College, addressed a meeting of citizens on the question of the best means for beautifying a city. The result of his talk will be that the trees in the park and streets will be thinned out and trimmed, bill boards will be abolished and boulevards and junctions of streets will be beautified throughout the city.

Because her husband, a son of a deceased, signed as a witness to a will, Mrs. John H. Knapp will lose a legacy of about \$1,000. This was the decision handed out in the surrogate court yesterday by His Honor Judge Bell. The will in question was drawn up by a licensed conveyancer.

SOME NATURAL MEASURES.

The first "natural measurement" to which the memory naturally recurs is the hand, four inches, employed in determining the height of horses. This measure is, of course, derived from the length of the palm, and it has become so well fixed in popular esteem that it is unlikely it will ever be superseded.

Another popular natural measure is the pace, and probably everyone who has had to do with land has used it. The usual method is to stride off, marking as long steps as possible, calling each pace a yard.

A natural measure much employed by a dressmaker is the yard as determined by stretching the material to be measured between her chin and her outstretched hand. Or, it may be a few inches, she will fold the banded joint of her thumb along the cloth. These natural measures are generally close enough to serve all practical purposes.

For many hundreds of years there was employed the measure of the forearm, from point of elbow to tip of the middle finger. This was the cubit of the Bible.

ABSENT-MINDEDNESS.

"Absent-mindedness is a dreadful drawback to success," relates a contributor to the Kansas City Star. "I know of a very absent-minded lawyer. The other day it was raining and blowing.
