country in which old men and young men and middle-aged men have a more cheet and a more potential voice in shaping the policy of the Government. shaping the policy of the Government.

A majority of them have only to say that the Government shall pursue this or the money would, from a the course to have their wishes, constitute of the money would, from a purely practical point of view, be unjustification for the intervent and the improved necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life, and release to the people capility of many of the remedies which the intervent hand in every humble home a larger measure of the rewards of fragal industry.

The purely practical point of view, be unjustification as a transfer of the imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus telligence and ordinary discernment, would imported necessaries of life. We thus the language of the imported necessaries of life. We thus the language of the imported necessaries of life. We thus the language of the imported necessaries of life. We thus the language of the imported necessaries of life. We thus the language of the imported necessaries of life. We thus the language of the imported necessaries of life. We thus the language of the imported necessaries of life. We thus the language of the language of the life of the language of the tienally expressed, carried into effect fully and with the least possible delay. The political power in the hands of the men of want pretection the Government must inauguate a policy the object of which is to foster native industry. If they unite to demand free trade the Government must comply with their demand or cease to exist. If they decide upon making a trial of prohibition there is no power in the country which can prevent them trying the experiment.

If, having this tremendous power, the men of Canada, as Mr. Armstrong suggests,

President describes. They are at the head of the Dominion's affairs because the major. It was of the Dominion's affairs because the major. It was of the people who conducted so rational it was of the people who conducted so rational in the describes. They are at the head of the does yield and go capering to the music elected to carry out his policy, stand committed. Mr. Cleveland is bound to do it was always with the same kind have been in operation in many cities of this continent. They have art, of New York, Nov. 12.—Of the two new a few days, said the same kind have been in operation in many cities of this continent. They have art, of New York, Nov. 12.—Of the two new a few days, said the same kind have been in operation in many cities of this continent. They have ity of the people placed them there, and majority approve, on the whole, of what they The people are masters, and very much masters, in Canada. This would be soon seen if the Government undertook to do something which was not in accordance with the wishes of the majority. The people would protest so promptly and so vigorously as to convince the "autocratic" fourteen that quietly delivered. they were on the wrong track, and if they were not bent on political self-destruction

A TIMELY LECTURE.

a clear notion of what they were passing judgment upon, rejected the Argonaut's can-didate and elected the one whom the Argonaut opposed, tooth and nail, adds force to the remarks of its editor. According to reach of every poor man in the United him the verdict was not hastily arrived at under excitement, but was coolly and dispassionately thought out, and earnestly but enjoys,

NEWFOUNDLAND.

Three of the Dominion Ministers are now with the majority of the electors.

In Halifax conferring with the representatives of the Newfoundland Government about trade matters. It has been given out reverse. There are, we venture to say, as many active politicians to the square mile in this Dominion of Canada as there are in this Dominion of Canada as there are in the policy they were elected to the square mile form and improvement, and should use his their neighbors, near and remote. We, however, believe that the Administration of which Mr. Cleveland will be the head, will be in energy and his intelligence in endeavoring the part of a timid obstructionist. He should be among the first to encourage the should use his fully what effect that policy will have one their neighbors, near and remote. We, however, believe that the Administration of which Mr. Cleveland will be the head, will be neither narrow nor stupidly selfish in its their fears are groundless, and that in placing obstacles in the way of giving the part of a timid obstructionist. He should be among the first to encourage the policy they were elected to the should be among the first to encourage the policy they were elected to the should be among the first to encourage the policy they were elected to the should be among the first to encourage the policy they were elected to the policy they were elected in Halifax conferring with the representathe sun. Canadians are not too apathetic ing gives the most prominent place to conpower they possess. They are, it is true, Newfoundland with Canada is regarded by not demonstrative, and they are not fond of Canadian journalists as of far more importneedless agitation. They are quiet because ance than any question of trade that can be they, on the whole, approve of the policy of discussed by the delegates. In fact if the in the United States is a great surprise to the Government. The course it is pursuing question of confederation is to be considered many persons who have not been closely is the course they wished it to take. What the discussion of trade questions would be the excitable young politician regards as wholly unnecessary, as they would be all in the United States. They had heard of

show that Canadians have good reason to every white the Government has done, of every act of every minister, but they consider that, taken altogether, the Government is a good a one as they can get to carry on their wishes, and they as good a one as they can get to carry on their wishes, and they as not prospect so very well in isolation that they are in a condition of "deathlike apathy." He ought to know better, and when he gets a little older, if the most of "deathlike apathy." He ought to know better, and when he gets a little older, if the most of the most of the called older, if there is anything in him, he will know better.

We see that in time be and the Montreal State and both Newfoundland would have much better.

We see that in time be and the Montreal State and the many questions. We trust that in time be and the Montreal State and the Montreal State

proved by their having more things to think but they did succeed in proving that Oregon about and a bigger field to work in. The time, it seems to us, has arrived for New- What intelligent men in Oregon think of foundland to cease paddling its own little the People's Party and its principles may time, it seems to us, has arrived for New-The change is certain to be made sooner or later, and better sooner than later.

THE DEMOCRATIC VICTORY.

The wonderful victory gained by the of Toronto. The Star seems to think that that the spectacle it presents is truly Democrats in the United States is a sur-

thing to say in the politics of the country; and this accounts for that death-like apathy which has seized the people so far a very considerable expense, at a apathy which has seized the people of the specime of as political questions are concerned."

Again, the President of the Young Men's
Conservative Association of Toronto says:

In Dominion politics the policy of the country is formulated and directed by nonlizally fourteen men, but practically three
or four of the Cabinet dictate everything, and they are as autocratic as the Carr of all

political power in the hands of the men of this Dominion is simply unbounded. If they slightest appreciable effect in diverting the mense surpluses, the representatives of the believe in their virtue. And there is no were sent to Hall by Mr. Noel to-day. Mr. Noel admitted that he has been in Boston tion, no one who is capable of thinking, for tariff. The war taxes were kept up, and were so ready to accept false political doctariff. The war taxes were kept up, and the Treasury was so full that the Government did not know what to do with the

UNBXPECTED OFSTRUCTION.

We are a little surprised that Alderman Munn should object to the reception of pro-king's Head saloon on Thursday night with try, but in the people themselves. It is pleasant reading for men whose leanings are folly to attempt to deny this. So Mr. Arm-strong's indictment is not against the strong's indictment is not against the leaders of the Conservative party but leaders of the Co leaders of the Conservative party but against the men who form that party and every other party that exists in the country.

It is a very shallow notion that the country is ruled by fourteen or rather by three or four men who cocupy positions and in the winds of the majority of the people at their beach, have no more authority or influence than they possess as private citizens. It is because they are elected for the time bolls on Tuesday with a clearer notion of what they are passing to wield the power and carry out the wishes of the majority of the people that they possess as private citizens. It is because they are elected for the time bolls on Tuesday with a clearer notion of what they are possess and party and the majority of the people that they possess as private citizens. It is because they are elected for the time begin in the country by the majority of the people that they possess as private citizens. It is because they are elected for the time begin in the country will got to the people at their beach, and that it worked hard to secure the return of Mr. Harrison. It is to a very shallow motion that the country is ruled by fourteen or rather by three or four men who cocupy positions and maintained the same to the same point of the people at their beach, have no more authority or influence than they possess as private citizens. It is because they are elected for the time begoin the campaign of 1888 he held to the appearance of the majority of the people that they possess as private citizens. It is because they are elected for the time begoing and that it works are the possess and and the same campaign of 1888 he held they fourteen or rather by three of rour men who cocupy possess and proposed party of the people of the united states.

The possess and an are the possess and the proposed party and the proposed party returned to the King's because they are allowed for the time begoing the proposed of the same party with the same views a content the proposed party of the people of the United States, to the leaders of the Conservative party but Republican, and that it worked hard to that he was not an advocate of free trade.

| The political faith of the Argonaut is the was careful to give the people to understand a see how there can be too many proposals, or was to be fixed by a scale of points—a deer that he was not an advocate of free trade.

ed the stage of experiment. They have

think, give them much concern. They will hasten to perform their promises and to acting the part of a timid obstructionist.

We did not expect to see Alderman Munn three parties in the next Senate says:

"The Senate seems yet to hang in the baltown in these days, to be abreast of the times, must be provided with, they are standing in their own light.
