Mr. Nasse, Japanese consul, interviewed here today, said that the statement attributed to him that Sir Wilfrid Laurier had promised that the Japanese exclusion laws, lately passed by the British Columbia legislature, should be disallowed, is not correct. What Sir Wilfrid did promise was that as soon as the measures were officially reported to the House of Commons, the government should receive his consideration. Mr. Nasse says the legislation was an injustice and the manner in which it was passed through the legislature was disgraceful to the constitution.

LABOR TROUBLE IN CHICAGO.

Mayor Dunne Again Fails, but is Still sanguine.

Chicago, April 13.—Mayor Edward F. Dunne today again endeavored to effect peace between the contending sides in the present labor trouble, but although several conferences were held the situation is unchanged. Mayor Dunne said tonight that he was hopeful of peace and the negotiations will be continued tomorrow. Labor leaders declared today that the work would be continued until the strike was over. Mayor Dunne was forced to meet the opposing elements separately. The strikers and sympathizers blocked the streets. In several instances the crowds became so demonstrative that it was necessary for the police to use their clubs, and several of the strikers were hurt. Notwithstanding a continuance of the strike of teamsters and garment workers, Montgomery Ward & Co. continued to start out more wagons than on any previous day since the teamsters quit work. The police guards with the wagons were not so numerous as on previous days. One more effort to reach a settlement was made today, three representatives of the Chicago Employers' Association meeting a committee of labor leaders at the request of President Shea of the Teamsters' Union. The meeting, however, resulted in no advancement towards peace.
