

ASSAULT ON AGED MAN IS ALLEGED

Warrant Out For Arrest of Lewis Johnson, Bayham

EDWARD MURPHY BEATEN

Family Trouble Said To Be the Cause of Row

ST. THOMAS, April 29.—On a charge of assaulting Edward Murphy, a Bayham Township farmer this afternoon, a warrant has been issued for the arrest of Lewis Johnson, also of Bayham, but, according to reports, he had not been apprehended up to a late hour this evening. Mr. Murphy, a man of about 70 years, was attacked, it is alleged, by Johnson, a much younger man, in his barn this afternoon and was so badly mauled and lacerated that a physician had to be called. Johnson is Murphy's son-in-law, and the alleged assault on his father-in-law was reported to be the outcome of inter-family troubles. Johnson was recently forcibly ejected from the home of Mr. Murphy's son. It is said. Some time later he was served with papers to the effect that he was to keep clear of the Murphy property. Apparently attributing this notice to the father, Johnson, encountering him to-day, gave him a heavy beating. The papers, however, it is contended, had been sent by the son, who had resented Johnson's visit to his wife.

MRS. MABEL STEINE WEDS AN INDIAN

Woman Prominent in Art World Now Wife of Brave

ANTONIO LUJAN THE GROOM

Was Chauffeur For Bride In New Mexico

PHILADELPHIA, April 28.—Grounds for the divorce of Madame Olga Samaroff, the noted pianist, against her husband, Dr. Leopold Stokowski, conductor of the Philadelphia orchestra, Friday remained unrevealed officially, although it was rumored that charges of cruelty and incompatibility of temperament were in the libel. Thomas Eschburn White, counsel for Stokowski, is in Washington, while Owen J. Roberts, counsel for Mrs. Samaroff, declined to discuss the suit. The Stokowskis separated on January 4 under an agreement whereby a trust fund was created to care for their one and one-half year old daughter, Sonia Noel Stokowski, who was to remain with each parent six months of the year. Dr. Stokowski to-night conducted the Philadelphia orchestra in the last concert of the season.

HE WANTED A "ROOM AND BATH" FOR HIS AUTO

And so he lost no time in getting in touch with the garage man.

And thus it also happened that the garage he offered was sold before 9 o'clock of the first morning.

And this story may add another bit of evidence in favor of the "bird."

NEW YORK, April 28.—Friends of Mrs. Mabel Dodge Sterne, prominent in the modern art world, whose Fifth Avenue mansion a few years ago was attended by art and radical leaders of all classes, were surprised to read to-day her third marriage. The surprise was heightened when it was learned the woman, known the world over in cubist and futurist circles as Mabel Dodge, had been married to Antonio Lujan, a full-blooded Indian, of Taos, N.M., who acted as chauffeur for her and whose Indian wife obtained a divorce a few days before he married the artist. The ceremony took place on April 1 and was performed privately by an Episcopal minister at Taos, where Mrs. Lujan has lived eight years, except for brief visits to this city. The bride was conveyed here by friends of Mrs. Lujan, who stopped off at Taos, about six miles from Santa Fe, a week ago. The former Mabel Dodge, told them she had been married to Tony. She said business considerations had partly determined her act, although she said she was very much in love with him. Advice from Taos to-night, which confirmed the marriage, described Mr. Lujan as an Indian of powerful physique and of education and intelligence. He is about 38 years old and has forsaken the Pueblo costume, although he wears his hair in a queue. Mrs. Lujan's first husband was Edwin Dodge, a well-known Boston architect. She was married on August 18, 1917, to Maurice Sterne, the Russian painter.

PROBE DEATH OF SIMCOE WOMAN

Inquest In Accident At O. W. Learn's Grocery Store

JURY IMPANELED

Mrs. Butler Died Following Collapse of Shelf

SIMCOE, April 29.—Coroner Dr. W. A. McIntosh has ordered an inquest into the death of Mrs. Gordon Butler, who died presumably of shock following the collapse of a large shelf in O. W. Learn's grocery store here on Friday evening. The jury viewed the remains on Saturday and adjourned until Friday next. Mrs. Butler died about three hours after the collapse of the shelf with its quantity of groceries on display. Apparently she was uninjured as a direct result of the fall of the shelf and her death is attributed to shock. There were a goodly number of customers in the store at the time of the accident. Miss Mlaver, of Sydenham streets, was also injured, but no serious results are expected. The jury which will probe the accident and the subsequent death of Mrs. Butler is composed of D. T. McCall, R. C. Smith, Oliver Burman, W. W. Schuyler, C. A. Turvey and G. S. Frogley. Quebec Girl Declares Him Innocent of Murdering His Young Wife.

CIGARETTE WAR IS OFF WASHINGTON, April 28.—The "cigarette war" at the University of Maryland is over. Two girl students, suspected for smoking at a recent dance in Washington, issued statements to-day admitting they had done wrong in smoking, exonerating President Woods of the school, from any unusual harshness in handling their cases and denying that they contemplated action to force their reinstatement.

WOODSTOCK, N. B., In Darkness, Lighting Plant Being Flooded SERIOUS ACROSS BORDER Streams Rise Ten Feet As Result of Rains

WOODSTOCK, N. B., April 29.—Thirty-six hours of almost incessant rain has turned the Meduxnekeag, a tributary of the St. John River, into a raging torrent. The plants of the Imperial Products Company and the Smith Lumber Company are in danger of being swept to the sea. The town is in darkness, the electric light plant having been flooded.

THREE TOWNS FLOODED—Three towns are flooded, several stretches of the Bangor & Aroostook Railroad have been washed out and buildings ranging in size from dwellings to chicken coops were washed down rivers in Piscataquis County to-night by a flood which has swollen several streams seven feet above their usual level.

Several streets in Dover-Foxcroft, Me., are flooded. Residents were using boats to go from house to house trying to save their belongings.

PORTLAND, Maine, April 29.—Streams rising 10 feet above their usual level as the result of rains during the last two days have flooded the valleys in the mountainous and hilly districts of Maine and New Hampshire and sent the farmers and townsmen scurrying to higher ground with their families and possessions for safety. Many points in Northern New England report railroad tracks washed out.

A locomotive coupled into the ditch near Concord, N.H., as the track was washed out from under it, and the engineer and fireman barely escaped by jumping from the cab window.

DAUGHTER PLEADS FOR LIFE OF HER FATHER

Quebec Girl Declares Him Innocent of Murdering His Young Wife.

QUEBEC, April 29.—Gustave Dube, sentenced to die on the scaffold on July 13, next, by Justice Gibson, for the murder of his 22-year-old wife in St. Adalbert, in 1920, now occupies the condemned cell in the Quebec Jail.

It is understood that every possible effort will be made first to obtain a stay of execution, and then a reprieve for the condemned man. A petition will be presented shortly to Justice Gibson, who presided at the trial, asking for permission to submit certain points to the Court of Appeal. Should this petition be granted the appeal may not be heard before next fall, and a stay of execution would then be necessary. At the same time petitions are being circulated in the County of Montserrat asking for a commutation of sentence.

The prison's young daughter, who witnessed the deed and proclaimed her father innocent at the trial, is said to be forwarding a pathetic letter to Sir Lester Gouin, minister of justice, asking for a new trial or a commutation of sentence of death into one of life imprisonment.

EARTH NO LONGER TURNS ROUND, EXPERT CLAIMS

French Astronomer Declares Galileo's Theory is Disproved By Einstein

PARIS, April 28.—Prof. Einstein has vanquished Galileo, and the earth no longer turns round.

After centuries of belief in Galileo's dictum that the earth revolves about the sun comes now Prof. Charles Nordmann, one of the most famous French astronomers, with his book "Kingdom of Heaven," which was published to-day, upsetting everybody's ideas.

Prof. Nordmann says that the old argument, establishing the earth's rotation about the sun is just as absurd as the pope's argument when he had Galileo tried for heresy centuries ago.

Prof. Nordmann asserts that relativity proves the truth about the question. The earth moves relatively; also the sun moves relatively. Which is about all that anyone can understand about a matter which turned the Paris scientific world upside down to-day.

Suffered From Pimples and Blotches or Fifteen Years

When the blood becomes impure it is only natural that pimples, blotches, boils or some other blood trouble will manifest itself by breaking out of the system.

There is only one way to get rid of these obnoxious skin troubles, and that is by giving the impure blood a thorough cleansing by the use of a good blood purifier such as

Burdock Blood Bitters This remarkable remedy has been on the market for over 40 years; it is the best obtainable, and will do all we claim for it as a blood cleanser.

Mr. Albert R. De Witte, Lake Valley, Sask., writes: "I have suffered very much from pimples and unsightly blotches for the past 15 years, and was so bad I hated to go out anywhere. I tried many different medicines, but none seemed to help. A friend told me to use Burdock Blood Bitters. I have used three and a half bottles, and now I have a clear, rosy complexion."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.—Adv.

Coated Tongue Nature's Warning of Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

EAT SPUDS GROWN IN JAIL YARD LAST YEAR

The garden at the Middlesex County Jail was such a success last year that on "spud" days the prisoners are still masticating the "murphy" that com-

panions in crime hood and sprayed last summer.

"We have enough of our own potatoes to last us another month," stated Governor Byron Dawson Saturday. "Our garden was a great success last year and we are getting ready to put in an-

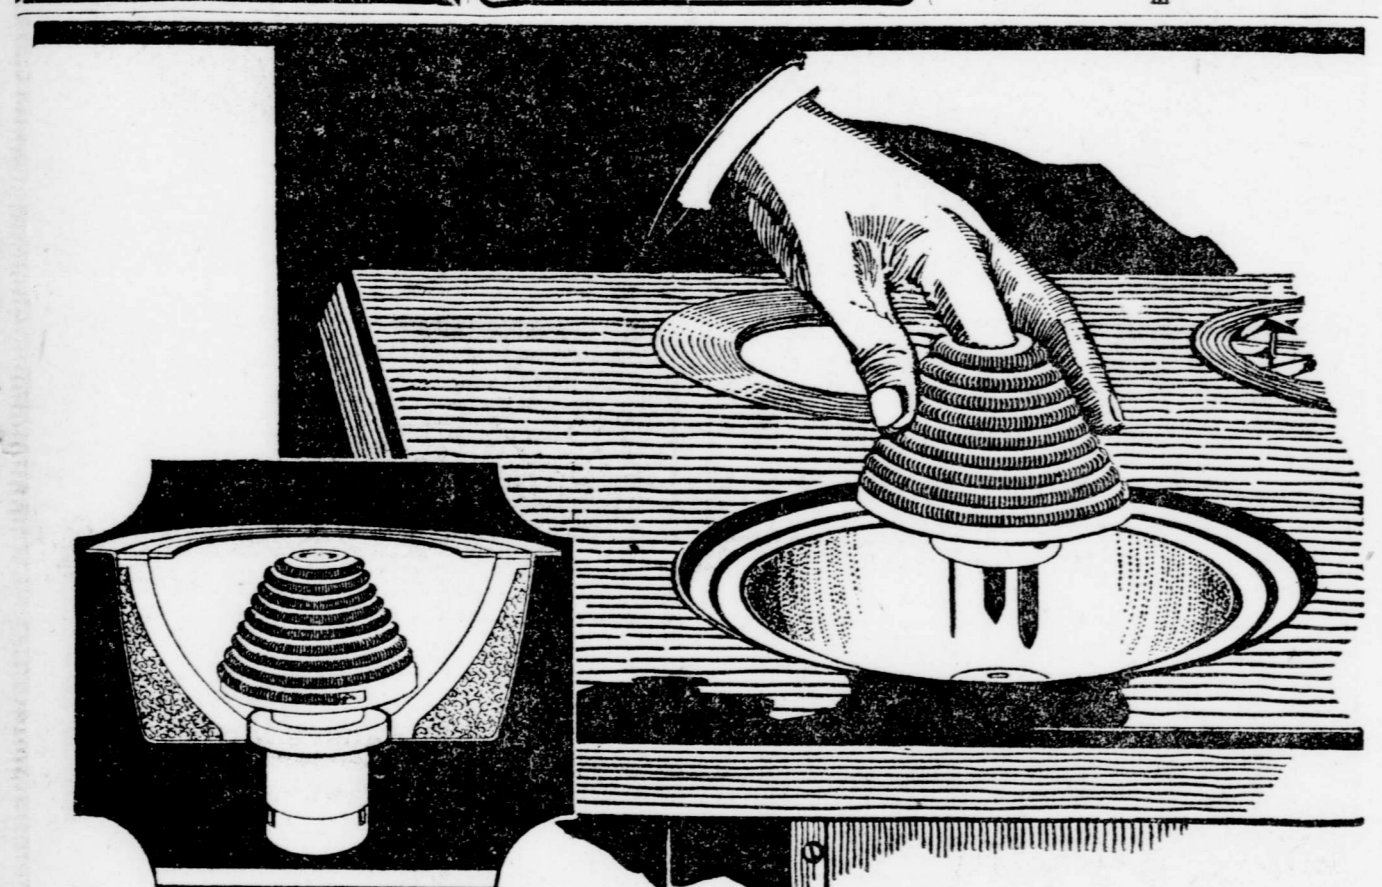

even better on this year. The land is all ready and it won't be long now till we are planting the garden stuff. This year we are going to grow green onions and carrots as well as potatoes, and, if we are lucky we will have enough vegetables to carry us over next winter."

JAMES S. GLOVER DIES AT CHATHAM

Resided in Kent County For Forty Years

CHATHAM, April 28.—The death occurred yesterday of one of the best known men of Kent County in the person of James S. Glover, 211 St. Clair street. For many years he lived on a farm in Dover Township, coming to this city 15 years ago. He was 84 years of age and was born in Ireland. He is survived by his widow, five daughters and two sons. The funeral will be held on Monday from his late residence to the First Presbyterian Church and thence to the Maple Leaf Cemetery.

On March 31 last, Mr. and Mrs. Glover celebrated the 38th anniversary of their wedding day.

This aged couple were married in Ireland, and coming to this country, they first took up their residence at Brantford. The wedding trip was made on the steamer City of Manchester.

After a short residence in Brantford they moved to Haldimand County, and afterwards went to Pennsylvania during the oil boom in that state. In 1871 they moved to Kent County, where they have resided ever since. They took up a farm on the 12th concession, Dover, near Mitchell's Bay, and at various times lived in different parts of the township.

One of the most remarkable features of their wedded life is that in the whole 55 years, the hand of death has never visited their home. They raised a family of eight children, all of whom are still living, and in the best of health.

The immediate family of the aged couple are six daughters, Mrs. William Adams, of Windsor; Mrs. D. H. Winter, of Chatham; Mrs. H. Stenton, of Chatham; Mrs. James McFee, of Calgary; Mrs. Appleyard, of Windsor, and Miss Carrie, at home, and two sons, Herbert J., and William J.

Both Mr. and Mrs. Glover were members of the First Presbyterian Church and have been faithful Christian workers throughout their lives. They were highly respected for their sterling qualities. They have been associated with some of the earliest days in Kent County, and are entitled to the name of pioneers of the district. It is through the work of such solid characters as this aged couple that the country has progressed at the rate it has, and the generation of to-day owe an everlasting debt of gratitude to the men and women who went through the hardships of the early days and made the safe and solid foundation for the prosperity which is enjoyed to-day.

COMMITTED FOR TRIAL ON SERIOUS CHARGE

WOODSTOCK, April 29.—Walter Krug, a local man, aged 25, was yesterday committed to a higher court for trial on a charge of having committed a serious offense against a girl of 15. The only evidence taken at the hearing before Magistrate Ball was that of the girl and after hearing this the magistrate decided to send Krug up to the next court of competent jurisdiction for trial. The accused was allowed out on bail of \$4,000.
