Lawrencetown Boy a Yale Professor.

Announcements of the success of our maritime province men in American university and industrial life have been made from time to time through the columns of this paper. Among the recent appointments of the Yale corporation is that of Avaril Longley Bishop, of Lawrencetown, N. S., as assistant professor of the Science Society.

Professor Bishop was graduated from Acadia university in 1901 with honors in history and secondarily. While an undergraduate of Acadia he took an active part in all departments of college life, distinguishing himself in debating and winning the Kerr Boyer Paper gold medal for excellence in oratory.

In September, 1902, he entered Yale college, taking the degree of B. A. in 1903 with special honors in social science. M. A. in 1904 and Ph. D. in 1906. In recognition of original research and high scholarship he was elected a member of the society Sigma Xi and Phi Beta Kappa. His doctor's thesis upon the State Works of Pennsylvania was published in the Connecticut Academy of Arts and Science and has elicited favorable comment in other universities and the public services of the United States.

He has also contributed several articles to the Yale Review, such as recent reports in the consular service of the United States.

Professor Bishop's advancement has been rapid and constitutes a high appreciation of his ability—few men attain this distinction within five years from graduation. We join in wishing him continued success in his chosen profession.

\$100.00 paid by Dr. Shoop for any recent case of Grippe or Influenza. A 25 cent box of Preventol will not break. How is this for an offer? The doctor's supreme confidence in these little Candy Cough Cure Tablets—Preventol—is certainly complete. It's \$100.00 against 25 cents. Preventol is a sure and safe remedy for coughs, colds, croup, whooping cough, and all other respiratory troubles. It's a sure and safe remedy for coughs, colds, croup, whooping cough, and all other respiratory troubles. WATER POWER IN MINING.
The Londonderry Iron & Mining Co., contemplate developing the water power at Nictaux Falls, Nova Scotia, for the operation of their iron works. This Company uses all native ore in its blast furnaces at Londonderry. John J. Deunmond, the managing director, states that a large body of high grade ore has been located on the eastern end of their mining property close to the Bellevue River, in the township of Turbrook, No. 1 shaft has been producing 200 tons iron ore per day, and it is producing 60 tons per day during the last year. It was sunk 200 feet on a rich vein of red hematite, and it is producing 60 tons per day on development work. After a thorough overhauling the furnace was started again in September and was producing steadily until lately.—Industrial Advocate.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But strengthen these same inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can be strengthened with the Restorative, where heart pain, palpitation, or Kidney weakness is found. Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments, and Indigestion must always follow. The lumber cut in New Brunswick is away below that of last year. In 1907 there were some 180,000,000 feet cut on the Miramichi river, and this year there will not be more than 100,000,000 feet, and nearly one-half of that is pulp wood.

Does Your Food Feed You?

Dr. H. Snow, late Senior Surgeon, Cancer Hospital London, wrote: "The maintenance of sound nerve equilibrium by scientific tissue nutrition like Bovril will do more to stay the ravages of any malady than a century of medical progress in drug treatment."
