

FARMING

AN ILLUSTRATED MONTHLY MAGAZINE DEVOTED TO FARMING
IN ALL ITS BRANCHES.

Succeeding *The Canadian Live Stock and Farm Journal*.

Published on the first of each month by

THE BRYANT PRESS,

20 BAY STREET - - - TORONTO, CANADA.

EDITOR-IN-CHIEF, - - - G. W. GREEN.

Subscription Price—

Canada and the United States, \$1.00 per annum in advance.
Great Britain and other foreign countries in the Postal
Union, \$1.50 per annum in advance.
Single copies 10 cents.

All subscriptions are received on the understanding that we
be notified when the subscriber wishes to discontinue. FARM-
ING will be sent to all subscribers until a notice to discontinue
is received and all arrears are paid up.

The date opposite the name on the Address Label indicates
the time to which a subscription is paid, and the changing of
this date is sufficient acknowledgment of payment of subscription.
We should be notified when this change is not made promptly.

Remittances—

Remittances should be made by post office money order,
express money order, or registered letter. All postmasters are
required to register letters when requested to do so.

Silver should never be sent through the mail. It is almost
sure to wear a hole through the envelope and be lost, or else
it is stolen.

Discontinuances—

Returning a paper is not a notice to discontinue. A sub-
scriber wishing to discontinue must notify us by postal card.
In ordering change of address, be sure to give the old address
as well as the new. We cannot find a name on our books
unless the post-office address is given.

All arrearsages must be paid up before a name can be taken
from our list.

Renewals—

Money for renewals should not be paid to strangers, and
when subscribers do this it must be at their own risk.

It should be sent by each subscriber direct to this office.
We do not request agents to collect money for renewals.

Communications—

All business communications should be addressed to
"FARMING, 20 Bay Street, Toronto, Canada."

Communications for the Editor-in-Chief should be ad-
dressed to "The Editorial Department, FARMING, 20 Bay
Street, Toronto, Canada."

Communications for any particular editorial department
should be sent to the Editor of that department.

Matter of any kind for publication must reach us before the
15th of the month preceding date of publication.

W. W. CHAPMAN, Representative for Great Britain and
Ireland,

Fitzalan House, Arundel St., Strand, LONDON, ENG.

To Facilitate Registration.

For the accommodation of those who wish to make
entry of their animals, Mr. Henry Wade, registrar of
live stock, Parliament Buildings, Toronto, will have
an office in the Provincial Government tent at To-
ronto, London, and Ottawa, where pedigrees of all
classes of stock will be received.

Montreal Provincial Exhibition.

The date selected for the Montreal Exhibition this
year is from September 11th to 19th, and it is confi-
dently expected that a large increase of entries will
be made as the classes have been revised and im-
proved. No one who was present last year can fail
to remember the magnificent display of Ayrshire
cattle, perhaps never excelled in any country, which
surprised all who saw them. It is probable that it
will be even better this year, while other classes of
live stock promise exceedingly well. A large num-
ber of special prizes are being offered, and every-
thing is being done to draw forth a first-class exhibit.
Dr. W. Seward Webb, Burlington, Vt., will exhibit
a number of his valuable Hackneys, which will in
themselves prove a valuable attraction. Those who
have not yet received a prize list should apply at once
to Mr. S. C. Stevenson, manager, Montreal.

The Western Fair.

The Great Western Fair in London, Ont., which
is to be held from September 10th to 19th, is sure
to take a leap forward in the number of exhibitors
and visitors, should the weather prove as favor-
able for them as in the past twenty-nine years. The
new buildings, which have been erected by the citi-
zens of London, are worth a visit to the fair to see.
They are constructed on the very best improved plans
after careful inspection. They are without obstruc-
tions to the view, all having circular bents, abun-
dant of light, and are especially well arranged for
ventilation, and have every necessary accommodation
and convenience for animals and exhibitors. The
buildings, in the first place, form the fence on the west,
south, and east sides to the Queen's Park or Exhi-
bition grounds. The cattle, sheep, and swine building
is 735 feet long and 52 feet wide, with five towers,
and will furnish ample accommodation for 1,600
animals, the entire number being visible from the
centre of this building. The machinery and agricul-
tural hall is 400 feet long and 60 feet wide, fitted with
lines of shafting to drive the exhibits. It is built the
same length, parallel to and adjoining the G.T.R.
platform; therefore there will be no trouble with
heavy machines. The carriage building is very fine,
180 feet long and 60 feet wide, also adjoining the
railway, and without a single post to obstruct the
view. The horse barn is 1,110 feet long, with three
large towers. It has box stalls on one side and
single stalls down the other. Every care has been
