Address: "Canada Health Journal," Ottawa, Can

VOL. XII.

MAY, 1890.

No. 5.

Derangements of the Liver.

HORSFORD'S ACID PHOSPHATE

has been used with good effect in diseases of the liver, and biliary disorders where an acid treatment is indicated, and has especially proved a desirable medium to employ in chronic hepatic affections. By its action it stimulates the liver and promotes an increased flow of bile.

The Acid Phosphate is far superior to the nitro-muriatic acid of the pharmacopœia, in that it serves to assist digestion, and promotes in a marked degree the healthful action of the digestive organs.

Dr. H. P. NELSON, Ashland, Ohio, says: "I have used it in a case of torpor of the liver, and am highly pleased with the results obtained."

Send for descriptive circular. Physicians Who wish to test it will be furnished a bottle on application, without expense, except express charges.

Rumford Chemical Works, Providence, R.I.

BEWARE OF SUBSTITUTES AND IMITATIONS.

CAUTION:—Be sure the word "HORSFORD'S" is printed on the label. All others are spurious. Never sold in bulk.
