

THAT good friend of the College, Mr. Thos. Lailey, Toronto, has just presented the library with a large number (140) of volumes carefully selected by him during his recent stay in London, England. We have not space to give the titles of the books comprising the collection. This we hope to do in our next number. We wish that Mr. Lailey could have heard the applause of the students that greeted the Principal's announcement of the gift. It indicated the genuine feeling of gratitude in the boys' hearts.

**FOOT BALL.** On the 3rd inst., and before the boys were settled for the session's work, the numerous foot-ball enthusiasts of the College held a rousing meeting for the re-organizing the club. The officers appointed were: Pres., H. S. Robertson, B.A.; Vice, M. DeCew; Sec. Treas: A. S. Glasgow; Curator, W. H. Rice; Capt., H. Bewell. The Captain is much elated by the quantity of first class material he has at his command. Go in for it boys, talk little on the field, study the game and success will often be ours.

**JUDSON MISSIONARY SOCIETY.** In the past much good has been accomplished by the Society, so in the future we will not be surprised to hear of some of the members being engaged in missionary work. The officers for term are: Pres., (*ex-officio*) W. H. Huston, M.A.; Vice, J. Bullen; Corresponding Secretary, D. Nimmo; Recording Secretary, O. G. Langford; Treas., H. S. Robertson, B.A.; Excelsior Committee, Prof. D. K. Clarke and Messrs. Bain, Torrance and Sycamore; Historical Committee, Messrs. N. Wolverton, B.A., C. W. King, H. H. Hurley, A. W. Stone, Archie Darroch.

WE ARE pleased to state that while the many departments of our work are developing, our museum is not behind in its share of success. The following valuable donations are among those made since last issue: An Indian Head-Dress of the Cree Tribe, by Mr. G. H. Clarke; an English Bible, printed 1613; a Telegu Bible and a fifty cent silver coin of the Argentine Republic, Rev. Jno. McLaurin; a large Tortoise Shell, by Mr. T. A. P. Frost; Indian Relics, by Mr. Geo. A. Scott; a Japanese Idol and specimens of Japanese Minerals, by Rev. Mr. White, Baptist Missionary, this collection to be followed soon by a large collection of Japanese Curiosities; two pairs of Deer Horns and a Beaver's Tail, by Master Stewart I. McLeod of Muskoka; a large Coral, by Mr. Howard H. Hall.
