The chloral should be dissolved in the glycerin at a gentle heat, and the cacao butter and wax added subsequently. These suppositories of chloral are recommended by Dr. Const. Paul in cancer of the uterus. His formula is—cacao butter 11 grammes, white wax 7 grammes, and chloral hydrate 6 grammes, to be divided into six suppositories.—*Phila. Med. Times.*

**AN INSECTICIDE.**—As the best of insecticides, a German chemist recommends a tincture of nux vomica prepared with caustic solution of ammonia. Bedbugs, cockroaches, etc., are at once destroyed by it, and it is said that if a horse's harness is painted with it, the flies will avoid him! Against ants, castor oil is found an entire protection.—*Med. & Surg. Rep.*
