

Dr. Gardner replied that the omentum was so adherent that he had to go through it, which, he thought, was the explanation for the fluid being kept in front.

Dr. Shepherd proposed Dr. Prager, of Nanaimo, as an ordinary member. He would read a paper next meeting which that gentleman had sent to him.

There being no other business, the meeting adjourned.

110 WEST 34TH STREET,
NEW YORK.

April 7th, 1890.

MR. EDITOR:

In a letter dated Berlin, Karlstrasse, 19, March 22nd, Dr. Lassar, the Secretary-General of the Tenth International Congress, directs me to inform the medical profession of America that a programme of the Congress and other communications will be distributed two months before the meeting amongst *those who will have registered previously and received their Tickets of Membership*.

The latter can be obtained by sending application and five dollars to Dr. Bartels, Leipsigerstrasse, 75, Berlin, S.W. By so doing the members will save much crowding and time during the first days of the Congress.

For the American Committee of the Tenth International Medical Congress,

A. JACOBI, M.D.

TENTH INTERNATIONAL MEDICAL CONGRESS.

TO BE HELD IN BERLIN, AUGUST 4TH TO 9TH.

The Committee of Organization of the Tenth International Medical Congress, R. Virchow, President; E. von Bergmann, E. Leyden, W. Waldeyer, Vice-Presidents; O. Lassar, Secretary-General, have appointed the undersigned members of an American Committee for the purpose of enlisting the sympathy and co-operation of the American profession.

We are assured that the medical men of our country will receive a hearty welcome in Berlin. The Congress promises to prove of inestimable value in its educational results, and in securing the ties of international professional brotherhood.

It is most important that the American profession should participate both in its labors and its fruits.

Delegates of American medical societies and institutions, and individual members of the profession, will be admitted on equal terms. The undersigned, therefore, beg to express their hope that a large number of the distinguished men of our country will appreciate both the honor conferred by this cordial invitation and the opportunity afforded us to fitly represent American medicine.

The Congress will be held at Berlin, from the fourth to the ninth of August.

The arrangements in regard to a few general meetings and the main scientific work, which is delegated to the sections, are the same as in former sessions. A medico-scientific exhibition, the programme of which has been published a few weeks ago, is to form an ingredient part. It is to the latter that the Berlin Committee is very anxious that both the scientific and secular press should be requested to give the greatest possible publicity.

The office of the Secretary General is Karlstrasse, 19, N.W., Berlin, Germany.

S. C. Busey, Washington, D.C.; Wm. H. Draper, New York; R. H. Fitz, Boston, Mass.; H. Hun, Albany, N.Y.; A. Jacobi, New York; Wm. T. Lusk, New York; Wm. Osler, Boston, Mass.; Wm. Pepper, Philadelphia, Pa.; J. Peyre Porcher, Charleston, S.C.; J. Stewart, Montreal, Can.

As a mouth wash in cases of dental caries:

R. Tannin,	4.0
Potass. iodidi,	0.5
Tr. iodini,	2.5
Tr. myrrh,	2.5
Aq. rosæ,	100.0 M.

Use a teaspoonful in a glass of warm water.—*Centralblatt für Therapie*.

Antiseptic cotton may be prepared as follows:
