LONDON, Oct. 25.—T. P. O'Connor, in reference to a recent speech of Lord Randolph Churchhill, offers to prove that, before the election of 1885, Lord Randolph Churchhill frequently declared that he favored Home Rule, and when the Tories were defeated, he expressed regret that the policy of Home Rule had failed. HOW MR. BLUNT WAS TREATED.

ENGLISH AND IRISH AGITATORS TO BE TREATED IN THE SAME MANNER-LORD RANDY'S OPINION OF COLLISIONS WITH THE POLICE-EDITOR WALSH GETS ANOTHER TWO MONTHS.

DUBLIN, Oct. 25.—The trial of Sir Wilfrid Blunt opened this morning at Woodford. Mr. Ronan appeared as causel for the prosecution, and Mr. Harrington, M.P., for the defence. Mr. Harrington objected to the constitution of the court on the ground that the magistrates lacked special authority from the Viceroy to hold an adjuurned court. The objection was overruled and Mr. Harrington then applied for summonses against Magistrate Byrne for assault upon Mr. Blunt. Decision of this point was postponed. Mr. Byrne was called to the witness stand. He testified that he warned Mc Blunt twice on the platform at the meeting on Sunday to desist from speaking, but he went on all the same. CHURCHILL ON THE CASE.

LONDON, Oct. 25.-Lord Randolph Churchill spoke at Stockton last evening. He said that the Nationalist le ders had made a tool of his friend Blunt, who was an impulsive man, and knew nothing whatover about Irish affure. He advised his hearers not to attach too much inadvised his hearers not to attach too much importance to such collisions, of which more might occur, their object being to make the government of Ireland impossible, and to alienate electoral support from the Unionist party. In regard to the determination and promptified with which the Government was appropriately as believed that the league and now acting, he believed that the league and all the forces of disorder in Ireland would be slmost got under at the time Parliament resumed work. Some sentimental people were shocked by these collisions with the police, but in America the people were not so squeamish, knowing that it would not be possible to trifle with lawlessness in a country with large den o-cratic institutions. If, for instance, Mr. Blaine had spoken about the American police as Mr. Gladstone had scoken about the Irish police at Kiddermins er, he would probably have been expelled from public life. The Legislatures of New York and other American states were fond f passing resolutions expressing sympathy with disturbers of order in Ireland, but when similar events occurred at home the police speedily used clubs and the military rifles.

MORE PUNISHMENT.

THE ATTENDANCE OF CHIEF SECRETARY BALFOUR AS A WITNESS DEMANDED - NATIONAL LEAGUE CONVENTION.

DUBLIN, Oct. 26.—The trial of Sir Wilfrid Blunt at Woodford was resumed to-day. Mr. Harrington, counsel for the defence, applied to the court for a summon to compel the attendance of Mr. Balfour, Chief Secretary, as a witness in order to show whether any informaness in order to show whether any informa-tion had been sworn to as stated in the pro-clamation that the proposed meeting at Woodford last Sunday would lead to a breach of the prace. Mr. Romans, counsel for the prosecution, denied the right of the defence to ask what had happened in coun-cil at Dublin. The Magistrate said Mr. Har-rington's application was founded on the as-sumption that the statements in the proclama-tion were false and the court was no; competent tion were false and the court was no: competent to decide the question. The hearing of evidence was then resumed. The solicitor for the defence made a formal affidavit in susport of the application for the summoning of Mr. Balfour, and the case was adjourned.

THE IRISH IN ENGLAND.

LONDON, Oct. 26.—A convention of the National League will open a Gordiff on Saturday next, and will last three days. Messrs. T. 1. O'Connor, J. O'Cornor, Crilly, Foley and Biggar, M.P.'s, and a number of Welsh members will speak. The resolutions to be precented to the convention declare that the meeting represents 2,000,000 of the Irish race settled in Great Britsin, that "we believe that Irela'd will never be peaceful and prespectus until she has control of her own affairs," and that "we will stand with the people at home until their rights are won."

DUBLIN, Oct. 27.—Sir Wilfrid Blunt was today found guilty of violating the Irish Crimes act, and sentenced to two months' imprisonment. Notice of appeal was given. Mr. Roche, a poor law guardian of Woodford, who was also arrested at Sunday's meet ng, was rentenced to three weeks' imprisonment without hard labor.

Dublin, Oct. 28.—Sir Wilfred Blunt, while travelling to Loughrea to-day, addressed three meetings and was cheered by crowds. At Loughrea the police charged the crowd that gathered to meet him, using their batons. The incb rep ied with sticks and stones, but were compelled to disperse. LONION, October 28.—Earl Spencer, speaking at Bedford to-day, said there was no doubt that there were extreme men in both Eagland and in Ireland, who were ready to commit dynamite outrages in order to effect their purpose, but nothing was more mischievous than to attempt to confuse the Irish in one body by mixing up the party of Parnell with the dynamiters. (Cheers.) He was happy to think that such efforts had failed. The Parnellites had no greater enemies than O'Donovan Rossa and his crew. (Hear, hear.) If the Liberal policy of conciliation prevailed it would end these abominable crimes, but if coercion prethese abominable crimes, but if coercion pre-vailed for any length of time he saw the greatest danger from secret societies reviving and extremists with their dynamite coming to the front. The present Liberal policy was not founded on despair—unless it vere dequir of the old wornous methods. It was a p liey bright with hope in the future, and with confidence in the result of releasee on the Irish people in throwing upon them the responsibility of governing their own country (cheers.)

LONDON, Oct. 28.—The Morning Post denies that the Government intends to seize United Ireland. The latter paper announces that Wil fred Blunt's appeal will not be heard until the Quarter sessions in January. Mr. Gladstone or his way back to Hawarden, at Staleytridge, made a speech in which he advised the properties at the Irish question. Otherwise no English business could be transacted in Parliament.

COERCION A FAILURE.

VERNON HARCOURT GIVES LORD RANDY A DRESS ING DOWN, AND DECLARES THAT THE UNIONISTS ARE PLAYED OUT.

LONDON, Oct. 27, -Sir Wm, Vernon Harcour speaking at Portsmouth to-day, denied that it was possible to shelve the Irish question, which was possible to solelve the trish question, which, hesaid, came back always with renewed force. Mr. Goachen recently, after telling the people of Ireland that the question was put aside, talked of nothing else. Coercion wou duot settle the question. It was liked the fabled hydra—when one head was cut off another would grow in its place. Lord Randolph Churchill had told them that the tenth area of the literature. that the trouble would be all over in six months coercion doing it. But he would not take that ghost's word for a thousand pounds. (Laughter.) Lord Churchill had not managed his own public duties with so much prudence as to justify confidence in his predictions. The Coercion act was already a dead failure. Other Governments had failed after trying coercion; the present Government failed before it had begun to apply coercion. Nobody believed that Unionist gatherings represented any section of the Liberal party. They were really Tory meetings got together to cheer the deserters. The Unionists were played out. That fact their leaders knew, and, as shown in recent speeches, lost temper over it.

FIRE-BUGS AT WORK. ANTI-SCOTT ACT PROPLE PUNISHING AN INFORMER AND THE PRESIDENT OF THE SCOTT ACT

ASSOCIATION. PETERBOROUGH, Ont., Oct. 17.—Very recently the residence of Wm. Yelland, in the heart of the town, and the Rev. Mr. Lovell's parsonage and Mr. Rossiter's, the latter a Scott act informer, were set on fire by having coal oil distributed freely over the verandah and front days and last nights invited treatment was given door, and last night similar treatment was given to Dr. Fife, president of the Scott Act Associa-tion. Dr. Fife has offered a reward of \$200 and the mayor \$500 for the conviction of the person the mayor \$500 for the conviction of the person or persons guilty of committing the act. The inspector has been fining the hotels to a very considerable extent lately, over \$5,000 having been taken from the violators of the Scott act since the lat of January last, and the opponents of the act have now become exasperated, having been convicted so recently, and these fires are supposed to be the result of their wrath. HARRISTON, Ont., Oct. 27.—About 12 o'clock last night the larger factory belonging to Alex. last night the large factory belonging to Alex. s find of unusual fineness and value. The find is situated about 40 miles north of Grand Marias, Cook Co., Minu., and in a range of townships five or six miles south of the international boundary line. Only a few here knew of the find. There was shown a nugget nearly as large as a man's hand, and from a quarter to three quarters of an inch think. About 30 miles inland from Grand Marias are ancient directly of with silver mines. Thick are surdiggings of rich silver mines, which are surpored to have been worked by the Toltees. pored to have been worked by the Tollees. The gold discoveries are a dozen miles northeast of the location, where land is pretty generally taken up, though considerable mineral land remains vacant. The gold has a very dull yellow appearance. Two kinds of samples were shown: one taken from near the shore of a small lake and the other in quartz. The Spencer Brothers also brought here a few specimens of rich native silver and a cruziously fishioned vessel made of zilver and a curiously fashioned vessel made of what seems to be very hard copper. The vessel was found near the place where the richest gold nugget was discovered.
