

**IT'S TIME THAT TELLS.**

NEW-FANGLED IDEAS DON'T COUNT FOR MUCH AFTER ALL.

People are going ahead so rapidly in life that they are likely to run rough shod over health—Timely words of advice to all—Stick to what you know is legitimate.

One good way to test the merit of a preparation advertised to benefit health is to look carefully into its record. In times like the present, when there are so many worthless preparations in the market and so many new schemes for making money questionably, you will do wisely if you buy only a preparation which has stood the test of time.

Another important thing is to look out for secret compounds. It is unfortunate that the laws of nature make it impossible many times to trace the origin of any vegetable concoctions, for the medical world might be able to expose their worthlessness. But it may be well for Scott's Emulsion, however, that the laws are as they are, for Scott's Emulsion can say that it is one of the few preparations whose ingredients cannot be concealed and whose formula is endorsed by the whole medical world.

In these days of worthless mixtures Scott's Emulsion stands out conspicuously. It has honesty back of it, the endorsement of physicians all around it, remarkable curative properties in it and permanent cures ahead of it.

For twenty years Scott's Emulsion has been growing in public favor until it is now a popular remedy in almost every country of the world. Its growth has been somewhat remarkable, when viewed on the surface, and still it is only natural, for Scott's Emulsion is the natural outcome of many human complaints.

Scott's Emulsion presents the curative and wonderful nourishing properties of Cod-liver Oil within the reach of everybody. It is unnatural to take plain Cod-liver Oil, as it is in a form that taxes the stomach, and yet for a person who is wasting to go without Cod-liver Oil is to refuse the very thing which is the best adapted to wasting conditions.

Scott's Emulsion really has over fifty years back of it, for all the plain oil taken for thirty years before Scott's Emulsion was made had to be made exactly like Scott's Emulsion before it could be assimilated. So Scott's Emulsion saves the digestive organs the work of preparing the oil for assimilation and it also aids the digestion of other food.

Loss of appetite, loss of flesh, loss of strength and general physical vigor, are speedily overcome by Scott's Emulsion. These ailments usually mark a decline of health. Unless a nourishment especially adapted to overcoming this condition of wasting is taken, the patient goes from bad to worse, and Consumption, Scrofula, Anemia and other forms of disease surely result.

Scott's Emulsion is not an ordinary specific. Besides soothing and curative properties which are useful in curing Coughs, Colds, Sore Throat and Inflammation of Throat and Lungs, it also contains the vital principles of nourishment. A little Scott's Emulsion given to babies or children goes more to the making of solid bones and healthy flesh than all of their ordinary food. Babies who do not thrive soon grow chubby and bright on Scott's Emulsion, and children who are thin and have the appearance of growing too fast do not seem as though they could grow fast enough.

To Consumptives Scott's Emulsion is life itself. There are thousands of cases on record where Scott's Emulsion has actually cured quite advanced stages of this dreadful disease.

Coughs, Colds, Sore Throat, Bronchitis, weak Lungs and all of the phases of Emaciation and decline of health, are cured by Scott's Emulsion when all other methods of treatment fail. For sale by all druggists. Price 50 cents and one dollar. Pamphlet free on application to Scott & Bowne, Belleville.
