Mercantile Summary.

AN assignment has been made by Wm. Ross, dealer in boots and shoes, at New Westminster, B. C. His present statement would seem to indicate a dividend of forty or fifty cents on the dollar.

MR. FRANK SCARFF, teller of the Merchants' Bank at St. Thomas, tells a local journal that all paper against city merchants, falling due with them on Saturday, February 4th, was promptly taken up. The other city banks make similar reports.

A FIRM, calling itself W. H. Ingham & Co., has been flooding the lower provinces with circulars inviting persons desirous of making money, to send their remittances to be used in speculation in stocks, grain, provisions, &c. Enquiry has been made, and the report is the firm has no rating nor standing, and that it is a 'flam.' So, if any of our maritime friends should be tempted to invest, we advise them to bid their money adieu.

THE quickest trip on record from Liverpool to Halifax, N.S., is claimed to have been made by the Dominion line steamship "Vancouver," which arrived on the 4th inst. with 150 passengers and two thousand tons of freight. The time was six days and twenty-three hours. She made 340 miles each day on Wednesday and Thursday, and her average was 323 miles daily for the entire voyage.

If we haven't reciprocity in manufactures with the United States we have in bank cashiers and naughty traders. Our latest contribution appears to be none other than J. H. Samo, the Yonge St. furniture dealer in this city. It has transpired, in the course of the Central Bank investigation, that Samo had been negotiating forged paper to a large amount in that institution. Twenty thousand dollars worth, it is said. Pity he was not arrested in time; one day made all the difference in his case.
