Mercantile Summary.

It is estimated by a good authority that the  
cheese made by the three hundred factories in  
Canada this year will closely approach five  
million dollars in value. This looks remark-  
ably like progress when we remember that in  
the year 1864 there was not such a thing as a  
cheese factory in this country.THE NAPANEE mill of Messrs. F. Lane &  
Brother, for making founders' facings, &c., has  
not proved successful, and the proprietors, who  
were formerly of Perth, are in financial diffi-  
culties. Possibly some other manufacture could  
be added to, or substituted for this one, of which  
there seems to be already a full production for  
the market. Can not the enterprising citizens  
of this growing manufacturing town see to it?THE VEHICLES and effects of the City Omni-  
bus Company of Montreal, a much-needed, but  
so far unsuccessful, concern, are now for sale.
