My May of life has fallen into the sear, the yellow leaf; and that which should accompany old age, as honor, love, obedience, troops of friends I must not look to have; but in their stead, curses, not loud but deep, mouth-honor, breath which the poor heart would fain deny and dare not.—*Shakespeare.*

Minard's Liniment relieves Neuralgia.

Although it is 30 years since the marriage of the Prince and Princess of Wales, it is somewhat notable that every one of the eight then young ladies who were bridesmaids is still living. These ladies are all married, with the exception of Lady Victoria Howard.

Toronto, 28th November, 1893.

Dear Sirs,—

It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your Acid Cure is made known, the greater will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many—for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

A bell that was cast in Spain in 1708 and that has had an interesting history is in the possession of Dr. J. L. Wilson, of Terre Haute, Ind. During Bonaparte's invasion of Spain it was captured and carried to France. In 1834 it was presented to Joseph Piquet, heading a group of French emigrants who finally settled at St. Mary's, Jasper County, Illinois. Mr. Piquet presented it to the church at St. Mary's in 1852, and it was used in summoning the people to worship until it was cracked by an accident, and had to be removed. Recently it attracted the attention of Dr. Wilson, who found it laying neglected in the churchyard, and he purchased it. The bell weighs 227 pounds, and is made of copper, with a mixture of silver.—*Philadelphia Ledger.*

Dear Sirs,—“I have much pleasure in stating that your 'Acetccura' remedy has been used for the past fifteen years by our family. We have derived so much benefit from its application that I can heartily testify to its beneficial qualities.

“I have recommended its use to many of my friends, who also speak very highly of it as a very effective and simple remedy.

“Yours truly, WM. PENDER.”
