#### New Advertisements:

J. & A. McMillan, p. 131; L'Academie de Brisay, p. 132; Webster's New International Dictionary, p. 150; County Institutes, p. 150; Standard Floor Dressing, p. 151; Summer School of Science, p. 151; Official Notice, p. 152; Littell's Living Age, p. 153; Train for Business, p. 154.

THE EDUCATIONAL REVIEW is published on the tenth of each month, except July. Subscription price, one dollar a year; single numbers, ten cents. Postage is prepaid by the publishers, and subscriptions may begin with any number.

When a change of address is ordered, both the NEW and the OLD address should be given.

If a subscriber wishes the paper to be discontinued at the expiration of the subscription, notice to that effect should be sent. Otherwise it is assumed that a continuance of the subscription is desired. It is important that subscribers attend to this in order that loss and misunderstanding may be avoided.

The number accompanying each address tells to what date the subscription is paid. Thus "295" shows that the subscription is paid to Jan 1, 1912.

It is expected that the Duke of Argyll (a former governor-general of Canada) will open the Imperial Conference of Teachers' Associations to meet in London July 12-16 of the coming year. The Federal Magazine states: The largest of the overseas parties will probably be that from Canada where, for the convenience of the teachers and their friends, a special train will be run from Vancouver, Calgary, Winnipeg and Halifax. The whole of the accommodation on the Allan Line Steamship "Scotian" has already been reserved for this party.

## Good-Will to Men.

If we our willing hearts incline  
To that sweet life which is the law,  
All round about our feet shall shine  
A light like that the wise men saw.

So shall we learn to understand  
The simple faith of shepherds then,  
And kindly clasping hand in hand,  
Sing "Peace on earth, good-will to men."

For they who to their childhood cling,  
And keep their natures fresh as morn,  
Once more shall hear the angels sing,  
"To-day the Prince of Peace is born."

—James Russell Lowell.

In every school section there should be a literary and musical organization of which the teacher should be the leader, and to which parents, pupils and the students who have left school should contribute for the pleasure and instruction of all. Debates, discussions, readings, recitations, music, vocal and instrumental, should be included in the programmes of which a competent committee should have charge. Dancing and card parties should not be the only recreations of village communities. These promote social intercourse but have little cultural value.

As a direct result of the meeting of the Summer School of Science in Fredericton, better teaching has been done in the schools of the Atlantic Provinces during the past few months. Let our teachers talk this over with their friends during the coming vacation and resolve to attend the meeting at Yarmouth next year. Where there's a will there's a way.

Dalhousie University is making an active canvass to add \$350,000 to its endowment fund, and is meeting with gratifying success.
