

The Department of Foreign Affairs and International Trade will once again be participating with National Stands at the EUROPEAN SEAFOOD EXHIBITION in Brussels, Belgium (May 9 - 11, 1995) and the ANUGA '95 World Food show in Cologne, Germany (September 30 - October 5, 1995).

Changes have occurred with respect to these two trade events. At ANUGA '95 fishery products and agri-food products will be exhibited in separate buildings (Canada will have two separate stands) whereas previously they were combined; and the EUROPEAN SEAFOOD EXHIBITION which was previously held in April will take place from May 9 - 11 in 1995.

The Department, in order to plan for these two events as effectively as possible, wishes to know how these changes may affect your company and possible participation.

Would you therefore take a moment to reply to this questionnaire. Your input is most important to this Department.

Sincerely,

Lorraine Reardon
General Manager - Canadian Participation
