STREET THIEVES TAKEN WHILE AT WORK

Three Detectives Waited on Busy Corners and Got Trio Plying Their Trade in Front of the City Hall at Supper-Time Rush Hour.

In the arrest of Solly Seigel of 20 Edward street, Nathan Robinson, no address, and Richard Garrison, no address, the police believe they have landed the most daring trio of pick-pocket operators in the city.

Seigel has established a reputation for himself as an expert in the business, and it is not his first appearance in the hands of the police on this charge. The other two are from New York City, both here about a month.

Three detectives stationed themselves last night at busy intersections down town. Detective Guthrie first sighted the trio at Queen and Yonge streets, where he saw them commence operations.

Garrison acted as the stall in the game, with the other two collecting the booty. In a rush for a car Garrison invariably got in the middle of it and caused a jam at the entrance to the car door.

When grabbed by the detective Seigel dropped a woman's purse on the sidewalk, but a citizen picked it up and placed it in Detective Guthrie's pocket while he was holding the two men.

Seigel's bank book shows regular deposits, one of \$300 having been made on Tuesday. All three men will appear in police court today.

MEXICO CITY'S FOREIGN RESIDENTS BANDING TOGETHER FOR PROTECTION

MEXICO CITY, Nov. 19.—(Can. Press).—Speculation as to what President Wilson intends to do in the face of the Mexican difficulty was increased today by the knowledge that the American chargé d'affaires, Nelson O'Shaughnessy, had received new instructions from Washington to wait at his post for further instructions and that important matters were under consideration.

The foreign colonies in the Mexican capital are preparing to defend themselves in the event of disturbances in the city. Both Sir Lionel Carden and Admiral Von Hintze, the British and German ministers, respectively, have suggested to their nationals the advisability of perfecting some sort of defence organization.

Fewer Immigrants From United States. OTTAWA, Nov. 19.—(Can. Press).—The total immigration to Canada during the first seven months, April to October, of the current fiscal year, was 37,218, made up of 128,463 British, 80,330 American and 118,715 from all other countries. During the seven corresponding months of the last fiscal year the total number was 39,841, composed of 119,497 British, 100,149 American and 82,204 from all other countries. It is thought that the Argus went down somewhere close to the Kincardine shore. She left Buffalo on Nov. 7 with a load of coal for Chicago and would have just about had time to reach here. The watches found show that they stopped about 1 o'clock and the theor advanced is that the boat foundered about 1 o'clock Monday morning, Nov. 10.

STUDENTS FIGHT STILL UNSHAKEN WITH LARKIN'S FOLLOWERS

LONDON, Nov. 19.—(Can. Press).—The first appearance as an orator in London of James Larkin, head of the Transport Workers' Union of Dublin, or King Larkin, as he is now dubbed by his adherents here, led to wild scenes of disorder at Albert Hall tonight, where several thousand people had gathered to hear him.

When Larkin was liberated a week ago from Mountjoy prison, where he was serving a seven-month term for sedition, he announced that he was going to England "to raise the fiery cross," and he predicted a general strike throughout Great Britain.

A large body of students from the colleges connected with London University made an organized attempt to upset the meeting, and fierce rioting both outside and inside the hall occurred.

Many persons were injured before the meeting was able to proceed, for the students successfully stormed the entrance and gained admission to the hall. There further fighting broke out, and sticks and umbrellas were used as weapons.

When order was partially restored, Larkin went on with his speech, which was mainly devoted to a denunciation of the government in connection with the Dublin strike. The leader of the Transport Workers' Union showed himself to be master of a rough discursive style of eloquence.

HOPE FOR UNITY. The message closes with an expression of the hope that soon all Mexicans may be united, and that all may join in the task of national reconstruction. The message calls attention to the alleged lack of harmony existing between the executive and judiciary on the one hand, and the chamber of deputies on the other prior to the dissolution, charging that the chamber attempted to frustrate the executive, and explains that the executive did all in his power to prevent a rupture and maintain good relations with congress, yielding in more than one instance and attempting in many ways to bring about a more cordial feeling of co-operation.

CONGRESS IS INFORMED THAT IF IT CONSIDERS THE PRESIDENT'S ACTS AS HONEST, patriotic, and of service, it will give him its support, but if not it is asked to place the responsibility upon him who deserves it, with the assurance that neither the president nor any of his secretaries will evade any responsibility, since all had agreed to any sacrifice necessary in behalf of the welfare of the country.

SEVERAL IMMIGRANTS FROM UNITED STATES. OTTAWA, Nov. 19.—(Can. Press).—The total immigration to Canada during the first seven months, April to October, of the current fiscal year, was 37,218, made up of 128,463 British, 80,330 American and 118,715 from all other countries.

HYDRO POWER RATES REDUCED IN TORONTO, LONDON, OTTAWA FOLLOWING SURPLUS REPORTS

Every Municipality Using Hydro Power Has a Credit Balance and Cost to Consumers Comes Down—Owen Sound Joins Power Zone. The meeting of the Hydro-Electric Commission yesterday was in some respects one of the most portentous of the minutes since that body began the distribution of power in Ontario. It not only brought forth the records of a wonderful advance in a nine-month period closing on Sept. 30, but, in addition, it authorized the reduction of 10 and 15 per cent. of the rates now obtaining in Toronto, London and Ottawa, in spite of the advances made very recently to consumers in some of these instances.

It came with some sense of congratulation that every one of the 46 municipalities in Ontario now using hydro energy returned for the 9-month period registered in 10 per cent. and they soar in some instances to 45 and 50. None of the larger cities falls below 20 per cent. in this showing.

The fifth railway contract in the history of the commission thus far was completed when Hon. Adam Beck signed for the power supply of the London Street Railway. It is estimated that the amount of energy to be used in this way will slightly exceed 1000 horse power.

The financial statement displaying the power operation of the municipalities in the nine-month term marks a handsome surplus in each case, according to the statement of the chairman. This is estimated after making allowance for the interest on the sinking fund and depreciation or rest account.

Surplus Shown. Toronto returns a surplus of 25 per cent. above the total operation; Ottawa returns 25 per cent.; London, 20 per cent.; St. Thomas, 45 per cent.; Port Arthur, 52 per cent.; Berlin, 38 per cent.; Guelph, 25 per cent.; Stratford, 40 per cent.; Galt, regardless of a 15 per cent. reduction recently on power and light rates, returns now a 30 per cent. surplus.

Waterloo, in the same district, shows a 45 per cent. surplus; Pennington, 41 per cent. (Continued on Page 5, Column 3).

CHANGE IN FORTUNE WAS JUST TOO LATE. William Neil Suicided While Friend Was Getting Him a Job. Evidently a case of suicide, William Neil, 40 years of age, was found in bed in his room at 27 Gladstone avenue early yesterday morning. The gun was turned full on and the man evidently had been dead some hours. The discovery was made by A. Halstead, a friend of the Neil's, who had gone to inform him that he had secured him employment.

THE BODY WAS REMOVED to the morgue, but no inquest will be held.

CORPSE LAID OUT FOR BURIAL WHEN "VICTIM" RETURNED HOME. Thomas Thomson, Supposed to Have Gone Down With the James Carruthers, Returned to His Home in Hamilton — Wrong Corpse Identified. (Special to The Toronto World). HAMILTON, Thursday, Nov. 20.—After all preparations had been made for his burial this afternoon, and his supposed body had been identified as Goderich by his father and sisters as one of the men who lost their lives in the James Carruthers, Thos. Thompson walked into his home at 422 North John street, last night, alive and well.

The whole story revolves around a startling case of remarkable human "doubles," one living and the other dead. As an echo of the appallingly terrible disaster that visited the Goderich on Sunday, Nov. 9, the story began when Thomas Thompson of this city received word on Monday from a daughter in Sarnia that his son John had gone down with the James Carruthers and his body was lying in the Goderich morgue.

Thompson immediately went to Goderich and identified a body there as that of his son by certain scars, tattoo marks, birth mark, etc. He brought the body home on Tuesday, and it was examined by Mrs. Thompson, her sons and daughters, as well as other relatives and friends of the family, who unanimously and unhesitatingly pronounced it to be that of John Thompson. The grief-stricken family had the body embalmed and made all preparations for a funeral this morning.

The insurance company satisfied itself that the body was that of John Thompson, and paid the death claim. There was not even the lurking shadow of a doubt in the mind of anyone that the body was not that of "Dapper" Thompson, so-called because of his complexion. Last night, shortly before 6 o'clock, the real live John Thompson walked into his home on John street. He was the most self-possessed of the happy reunited family, and after looking at his supposed corpse, claimed that it did not resemble him. The flower-banked coffin was at once removed to the Dwyer's undertaking parlors. The young sailor who had come back from the dead was very reticent regarding his movements since leaving this city on the steamer Canadian about a month ago.
