

# YORK COUNTY AND SUBURBS OF TORONTO

## UNREGISTERED LOTS SOLD IN TOWNSHIP

Application for Sewer Reveals Bad Conditions on Arlington Ave.

## YORK COUNCIL MEETS

Addition to Fairbank School Approved—Deputation to Ottawa.

When H. A. Clark, representing the highest level of the township, yesterday asked that a sewer be put down on the east side of the township, it was pointed out that the property on one side of the street had not been registered, and that the township clerk was not to be held responsible for the property being sold.

A Smart Trick. Deputy Reeve Miller stated that a very smart trick had certainly been put over the council. R. O'Brien, a property owner on the street, bought the property on the east side of the township, and he was not to be held responsible for the property being sold.

Water Flooding. The reason for the appearance of H. Harris, 219 Cedarvale avenue, he said, was that he had been flooded out of his house by the water which had been put down on the east side of the township.

The mark of the water, he said, could be seen almost reaching the joints of the house, and it was absolutely impossible to enter the basement.

Roads Commissioner Snyder was instructed to give the matter his attention.

Guard Rail Needed. C. E. Lester protested against the state of the crossing on Ditching road and asked that something be done towards making the crossing suitable for traffic.

He brought to the attention of the council the fact that there had been a fire on Emerald road, where the water had run into a stream on the roadside, and children were liable to fall in and get drowned, as the water was sometimes three feet deep.

The roads commissioner promised to give it his attention.

A petition was presented from the residents of Alpine, Glenville and Kennedy avenues to have hydro-electric lights installed in their streets.

The hydro-electric commission will be approached in the near future.

A bylaw will be passed to enable the trustees of Fairbank school to issue debentures for \$5000 for the purpose of grading the grounds and making an addition to the school.

Ottawa Deputation. Reeve Syme, Deputy Reeve Griffiths and W. A. Clark, representing the township, were deputed to Ottawa to represent the township at the recent fires in York Township.

Power to declare certain streets residential and fix the building line on any street; power to compel the City of Toronto to grant sewer connections and water supply where required; power to levy sewer rentals against the property owners, and also the cost of garbage collection; power to compel owners to fence in vacant lots; power to regulate the location and erection of stables, barns, etc.; and permission to grant a license to the Canadian Kodak Company on their new factory at Mount Dennis.

SCHOOL BOARD VACANCIES FILLED AT NEW TORONTO. Perry Allen and A. E. Campbell were elected by acclamation last night to fill the vacancies in the New Toronto School Board caused by the resignation of two members. Fred Shackleton, Thos. Fountain, Michael Hennessey and Mrs. Rice were also nominated, but they withdrew from the contest.

The two members who resigned did so in protest against the refusal of other members to grant an increase of \$50 per annum to Miss Brain, one of the school teachers.

A grand concert will be given in the schoolhouse on March 21, under the auspices of West Point Lodge, I.O.O.F.

## NAME HOTCH POTCH IN EARLSCOURT

Boundaries of Fairbank, Oakwood, Bracondale, Lakeview, Etc., Undefined.

## MAZE FOR STRANGERS

A Number of Real Estate Sales—Meetings, Concerts—Other News.

An old resident of the township suggests that the boundaries of the township, known as Yorkwood, North Fairbank, Fairbank, Oakwood, Bracondale, West Fairbank and Lakeview should be clearly defined. As evidence of the confusion of the township, he points to the fact that the township clerk is not to be held responsible for the property being sold.

## DIVED THRU ICE TO RESCUE A BOY

George Newton's Prompt Action Saved Little Cyril Smith.

## DOCTORS WORK HARD

Took and Hour and a half to Bring the Boy Back to Consciousness.

Had it not been for the prompt action of George Newton, a foreman in the employ of the W. E. Harris Contracting Company, Cyril Smith, a little six-year-old boy, would have been drowned yesterday afternoon in a large pond just off the Kingston road near Arnold avenue.

The little fellow had been playing around the pond just before going to school yesterday afternoon and slipping on the frozen ground on the edge tumbled head first into the water.

A little girl who was with him at the time ran to the nearest house and told the occupant, Mrs. Newton, what had happened.

She immediately rushed to the pond, threw off her hat and coat and plunged into the icy water.

After a struggle with the floating ice Mr. Newton managed to get the boy back to the shore where he lay motionless.

The rescuer, however, had considered day afternoon in a large pond just off the Kingston road near Arnold avenue.

## WESTON COUNCIL CHAMBER PACKED

People Out in Force to Help Council Dispose of Pool License.

## NO DECISION RESULTED

Work on Library Excavation Started to Provide for Unemployed.

The large number of Weston citizens who had gathered in the council chamber last night to hear the decision of the council in regard to the granting of pool licenses to Messrs. Farley, Burke and Wilby were doomed to disappointment as the council did not discuss the applications.

Those who had expected some decision in the matter gave vent to their opinions vigorously.

Many Interjections. Through the business of the council crisis could be heard of "get down but the reeve appealed to them to have patience, as the council had to take into consideration the opposing views of the people when the question of a pool license came up before them.

He said that he was aware that many of the ratepayers were absolutely against a pool room in the village, and the council had a right to respect their opinions.

I respect the convictions of those in opposition to me," said Reeve Irwin, and he had been threatened three times by a certain section of the citizens with a curfew of his career as a public man he was not going to give the threat much attention.

Doing Their Best. He assured them that Weston Council interests of the people at heart, and they were conscientiously working in the best interests of those who had trusted them.

It was the council's wish to go fully into the matter from both sides of the question.

Offer Increased. The clerk was instructed to notify the Weston Investments Company that the corporation would increase their offer of \$500 Geo \$500 for the right-of-way to lay this sewer on the Wilby property, and that this offer was final.

Wm. Campbell, the village constable, was appointed plumbing and building inspector in addition to his other duties.

A cheque for \$3000 was issued to Weston Council as balance in full for the 1913 levy.

Work for Unemployed. On the reeve's suggestion, it was decided to remove the earth from the proposed Carnegie library site, and incidentally give work to the unemployed.

Council Masters was given power to sell \$2000 of debentures for water extension.

STOUFFVILLE COUNCIL HELD SPECIAL MEETING. Stouffville council held a special meeting last night to consider the hydro-electric agreement submitted to municipal council on the route of the Toronto and Port Perry Road.

The members were generally well pleased with the terms of the agreement, but will decide definitely after the general meeting in Toronto.

Reeve Sangster's brother, Dr. Alec Sangster, is very seriously ill, and grave doubts are expressed as to his recovery.

SURFACE WATER PLAYED HAVOC IN EAST TORONTO. The beginning of the spring floods on Sunday caused a great deal of damage to the district in the immediate vicinity of Gerrard and Coxwell avenue.

At four o'clock in the afternoon a newly formed pond of ice and snow water burst its banks and rushed towards the Gerrard street car line. A wall of water two feet high carried with it a great deal of mud and debris, and was forced to fly at top speed.

The sand and silt poured down over the sidewalk and car tracks, completely stopping all traffic on the latter's line, and blocking up the gutters. The remainder of the water, finding no outlet, backed up into the cellars bordering on Coxwell avenue, and at a late hour yesterday the drains had not been put in service.

Another instance of the devastating work of the water is seen on Silver Birch Avenue. With the force of a mill stream and the speed of a torrent the flood plunged down the hill and about half way down cut a way underneath the sidewalk. A newly finished foundation was the recipient for the mud and water which was drawn from the hills, the brick work being badly damaged.

An hour and a half that the boy showed signs of life.

This is not the first rescue made by Mr. Newton, he having rescued William Cummings, the well-known marathon runner, and has a certificate for saving him in Scotland.

Dr. MacDonald said that had the boy been conscious he would certainly have been drowned, but he had evidently struck the ice with his head, which rendered him insensible.

At a late hour last night the little chap was progressing favorably.

## GOOD TIMES RETURN TO WEST TORONTO

Many Men Re-Engaged by C.P.R.—Factories Also Busy Again.

## CARLTON OLD BOYS MET

Bell Will Be Cast Into Medals to Keep Old Memories Green.

A welcome sign of good times returning to West Toronto is the large number of men recently engaged by the C.P.R. for work on the yards, especially in the car department. Of the 200 men who were laid off early in the winter in this department, nearly 200 have been taken back, and the yards present every appearance of a busy season.

Many of the older industrial centres of Ward Seven are also beginning to take back their employees whom they had laid off earlier in the winter.

Carlton Old Boys. The old boys of Carlton Public School, nearly 100 strong, gathered in the old school building on Connelly street last night and made enthusiastic preparations for their first annual banquet and athletic meet on Wednesday evening, March 25, in the Masonic Temple, Annetts street.

Many of the Songs That Will Be Sung at the St. Patrick's Day Entertainment Tonight Are to Be Found in

## THE WORLD'S HEART SONG BOOK

Come Back to Erin

Come back to Erin, Mavourneen, Mavourneen, Come back, Aroon, to the land of thy birth; Come with the shamrocks and springtime, Mavourneen, And its Killarney shall ring with our mirth. Sure, when you left us, our beautiful darling, Little we thought of the long winter days, Little we thought of the hush of the starshine Over the mountain, the bluffs and the bays.

Over the green sea, Mavourneen, Mavourneen, Riding the white waves that bore thee away; Just like a Mayflower afloat on the bay. Oh, but my heart sank when clouds came between us, Like a grey curtain the rain falling down; Hid from my sad eyes the path o'er the ocean, Far, far away, where my Colleen had flown.

Oh, may the angels white wakin' or sleepin', Watch o'er my bird in the land far away. And it's my pray'r they consign to their keepin', Care o' my jewel by night and by day. When by the fire-side I watch the bright embers, Then all my heart flies away o'er the sea, Cravin' to know if my darlin' remembers, Or if her tho'ts may be crossin' to me.

## The Wearing of the Green

O Paddy dear, and did you hear the news that's going round? The Shamrock is forbid by law to grow on Irish ground; Saint Patrick's Day no more we'll keep, his colors can't be seen. For there's a cruel law agin' the wearin' of the green. I met with Napper Tandy, and he took me by the hand, And he said "How's dear old Ireland now, and how does she stand?" She's the most distressful country that ever yet was seen; They're hanging men and women there for wearin' of the green.

Then since the color we must wear is England's cruel red, Sure Ireland's sons will ne'er forget the blood that they have shed. You may take the Shamrock from your hat, and cast it on the sod, But 'twill take root and flourish still, tho' under foot 'tis trod. When law can stop the blades of grass from growing as they grow, And when the leaves in summer time their verdure dare not show.

Then I will change the color I wear in my cauburn; But till that day, please God, I'll stick to wearin' of the green. The four hundred songs contained in this book are the garnering of years, and cannot be obtained elsewhere. They are all set to music in a low key, suitable for all voices. Clip the Coupon with music border from today's World.

## KARLUK MAY DRIFT ACROSS TO SIBERIA

Russian Government is So Notified by Officials at Ottawa.

SUPPLIES ARE REQUIRED

Stefansson Sends Word That Exploration is Proceeding Satisfactorily.

OTTAWA, March 16.—The naval department has notified the Russian Government that there is a possibility of Explorer Stefansson's ship, the Karluk, drifting in the ice right across the Arctic Ocean and landing in Siberia. The vessel might not be seen again for three or four years, if this happens, but the Karluk is provisioned for five years. On board are 25 men, including five or six scientists.

A mail has just been received at Ottawa from the Northwest Mounted Police at Fort McPherson, which includes letters from Stefansson. He writes from Collinson Point, and gives some details of the scientific work which the party there is doing. He asks the department for additional supplies to be sent to Herschel Island as soon as possible this spring. These supplies are to replace those that have gone with the Karluk. Some of the supplies sent by the naval department will go down the Mackenzie River and the balance by way of Behring Strait.

Stefansson reports that the men are in good spirits, and they are doing valuable exploration work in the McKenzie Delta, which has never been before accurately delineated. If his plans hold good, which he believes at the time of writing, Stefansson will be returning now from a 300-mile trip into the Arctic, where he hopes to discover some new islands.

He has no further information regarding the Karluk, and none is expected before the end of May at the very earliest.

SEWER AND ROADWAY WORKERS FORM UNION. An organization meeting of the sewer and roadway workers was held in the Labor Temple last night, for the purpose of forming a union. A charter was applied for and a meeting will be held in two weeks, when the officers will be elected. Over 150 men have signed their intention of joining the union, which will embrace all men engaged in the construction of roadways and sewers. There are about 2000 men in Toronto in this kind of work, including civic employees, and all of these are eligible for membership.

The union will be formed under the auspices of the American Federation of Labor. James Douglas addressed the meeting on organization.

REICHSRATH NEEDS CLOSURE. VIENNA, March 15.—The reichsrath was again prorogued to-day, the obstruction by the Czechs rendering business impossible. An official communication issued tonight hints at the necessity of having recourse to administrative decrees in order to carry on the public business.

CEDARVALE. A meeting of the Cedarvale Association Football Club will be held on Thursday night at 8 o'clock in McGillivray's estate office. All players will be signed up and final arrangements made for the opening of the season.

## That Son-in-Law of Pa's

GOSH! MY NEW SHOES!

HOLY SMOKE! LOOKA MY COAT!

OOF! MY SILK HAT!

OH, PA-PAW, CEDRIC BOUGHT TH' DEAREST LITTLE BULL-PUP TODAY—YOU JUST MUST SEE HIM!

HM-M!

YOU CN BETTER BELIEVE I JUST MUST SEE HIM!
