LACROSSE GOSSIP.
The Nationals, with their unbroken record of five straight victories, will be the big lacrosse attraction at the island on Saturday, when they meet the Tecumseh in a D.L.A. game. If the Nationals win on Saturday they will have an almost unmountable lead for the championship of the Big Four. However, the Nationals hope to win out and thus draw within striking distance of the French.

How About This?

A dozen clothing stores in Toronto are advertising that they sell \$25 and \$30 suits for \$15 and \$20. Where does the public get off—which store is telling the truth, if any—which is the most logical—which one is the best qualified to deliver the goods. If all the stories are true, how do these stores continue to live? It makes you wonder, sometimes, how a merchant can talk that kind of nonsense to the public and get away with it. So far as we are concerned here is our story of the \$15 suit proposition. The Hickey & Pascoe Clothing Store is managed by clothing men that know the value of every suit made by any manufacturer in America. We supervise the buying of every yard of woollens used in our suits. We demand and get the best workmanship in every garment that bears our label. We put more actual cost into the construction of clothes than any other store in the country. Our \$15 suit is not a \$25 suit from our view point, but if any other store in Toronto sold the same suit, it would feel justified in charging, and would charge, \$20 for it—if not more. If you have the time and inclination to look at all the \$15 suits in town—then see ours. We are willing to wait. We'll make the sale in the end, if you know values and are able to analyze facts.
