JEFFRIES CHOSEN AS SUCCESSOR TO EMBREE

Member of Staff of Jarvis Street Collegiate Wins Out Over D. A. Glassey at Board of Education—Many New Appointments Sanctioned.

The board of education, at a special meeting last night, appointed John Jeffries, a teacher of the staff, as principal of Jarvis Street Collegiate Institute. He succeeds Dr. L. E. Embree. In making this appointment the board turned down the recommendation of the management committee, who had approved of D. A. Glassey of Harbord Street Collegiate.

Trustee Boland moved that Miss Gertrude Lawler be appointed instead of Mr. Glassey. This motion was lost by a vote of 7 to 3. Trustee Hopkins brought up the name of Richard Gourlay, but only had three supporters. Trustee Steele moved that John Jeffries be appointed and Mr. Glassey's name be struck out. This motion carried.

Trustee Boland moved that Miss Gertrude Lawler be appointed instead of Mr. Glassey. This motion was lost by a vote of 7 to 3. The appointments and transfers of principals necessary to fill the places of those retired thru superannuation, as recommended by the management committee, were carried. A change was made in the case of J. N. Moffatt, who goes to Duke street instead of H. H. Elliott, who goes to Clinton street.

Many Transfers. Following are the transfers: New principals—J. A. Woodward, Alexander Muir School; D. W. Armstrong, Brook Avenue School; N. S. Macdonald, Dufferin School; H. S. Mott, Fern Avenue; J. "Please note this is no mere threat, for we are "A Determined Mob. "Per President,"

RELATIVES SEEK DEAD MAN'S MONEY

Relatives of Frank Erick, the Jewish pedlar, who was killed on June 17 on the Danforth car line, state that also Erick left the house with quite a sum of money in bills on him, all they received from the police after the body was interred was fifty-five cents. The undertaker who took the body from the tracks also backs up the statement that Erick's purse contained a few bills. All the police got among the dead man's belongings was fifty-five cents. That is what they have in their books and that is the amount for which they gave a receipt.

LIBERALS AND UNIONISTS TO UNITE AGAINST REDMONDITES

Canadian Press Despatch. LONDON, July 8.—The Daily Telegraph today asserts, on high authority, that the government eventually will accept the bill as amended by the house of lords. It adds that there will be no difficulty regarding the abolition of the whole of Ulster. They will, however, the Telegraph declares, be out-voted on this point in the house of commons by a combination of Unionists and Liberals.

CROP PROSPECTS SPREAD CHEER THRU WEST

S. C. Burton, President of Regina Board of Trade, Believes Revival in Business Will Follow Rich Harvest—Live Stock Raising Makes for Prosperity.

That the Canadian west is not looking thru blue spectacles at the present time was the impression conveyed to The World yesterday by S. C. Burton, president of the Regina Board of Trade. Mr. Burton is in the whole-sale grocery business. Speaking of the western crop outlook, he said: "The district around Regina for 75 miles promises the best crop on record. Wheat is well forward and heading out."

"As Regina is largely dependent on its agricultural surroundings," Mr. Burton went on, "you can readily see we feel quite cheerful as to the future. Of course, with the rest of the west we have experienced a slowing down in business, but this was only natural. In seven years Regina has grown from 8000 to 45,000 population, and the city is as well built as any in Canada."

Speaking of the crops in other parts of the west, Mr. Burton stated that the results in southern Alberta and southern Manitoba would be below an average. He had met Mr. Acheson, grain agent for the C.P.R. recently, and his opinion was that the west would produce more grain than last year. "One of the most important things for the future of the west," Mr. Burton's opinion was, "is the increase in hogs and other live stock. Regina was now out in the west was a great deal more optimistic that it was six months ago."

FLYER WRECKED MANY INJURED

Disaster Overtakes Fast Electric Train Near Minneapolis—Hurt Number Thirty-Two.

Canadian Press Despatch. FARIAMOUTH, Minn., July 8.—The "Dan Patch Flyer" on the Dan Patch Electric line between this city and Minneapolis, was wrecked shortly before 3 o'clock this afternoon, within the city limits, in a head-on collision with a freight train, in which 32 were seriously injured and seven probably fatally. Motorman Newcomer and Conductor Murray, in charge of the freight train, were seriously injured.

GOVERNMENT FOR CES CONFIDENT ROBLIN WILL SWEEP MANITOBA

Liberal Leader Claims There Will Be Change—Campaign Meetings Will Be Help Up to Eve of Polling—Woman Speaker Draws Crowds.

WINNIPEG, July 8.—The provincial election campaign reached its penultimate stage tonight, but in the city here public meetings will be carried on right up to the eve of the polling. Tomorrow night Mrs. Nellie McClung, whose personal campaign has been possibly the most noteworthy feature of the fight the opposition has put up is to address another meeting here. It is the first time that a woman has made any sort of mark in Manitoba politics and this fact alone, outside of her strong personality, attracts big mixed audiences wherever she speaks.

WILL MAKE NORTH QUITE SANITARY FOR VISITORS

Provincial Board of Health Redoubles Attention to Conditions in New Ontario and Inland Lake Regions Which Hitherto Have Been Disease Laden.

With the advent of the tourist season, the provincial board of health is redoubling attention in the matter of sanitary conveniences used throughout the whole of northern Ontario and the inland lake region. It has been recognized in the past that the few months spent by city people in the newer districts have often resulted in a toll of death and disease which followed their return in the fall. In the majority of instances the trouble was traced to the careless disposal of garbage and refuse from summer hotels, and the board has determined to put an end, once and for all, to this nuisance.

Start Made Last Summer. Last summer a start was made and many of the larger resorts co-operated with the department. There were instances where evasion of the law was noticed, and these will be closely watched from this date forward. The revised legislation makes it quite clear that the disposal of waste material must be conducted on approved sanitary lines.

Another matter which is under the direction of the local health officers is the enforcement of regulations concerning public health, practically all the steamers on Lake Muskoka have installed storage tanks which are capable of disinfecting with live steam from the boilers, and the board of health is seeing that all the boats plying on the inland lakes subscribe to the same system.

Every boat entering an Ontario port is subject to the order of the board, and, although some opposition has been encountered, the regulations are recognized to be good ones. An instance of defiance was quitted from the French River district, but the threat of prosecution brought the desired results.

The persistent disregard of regulations by certain summer hotels has caused the board much annoyance in the past, and strict enforcement will be given this year. According to the report of inspectors the practice of many has been to clean up prior to an official's arrival, and allow things to slump afterwards. To counteract this inspectors are going unannounced this year, and the chief inspector himself will make a flying tour in the height of the summer season.

Dr. George Clinton is now making a sanitary survey of the hotels in Kawartha and Stony Lake districts.

STUDY PROBLEM OF UNEMPLOYED

Controllers Will Confer With Ontario Government to Find Jobs for Idle.

Relieving the city of idle immigrants and finding work for the unemployed will be dealt with shortly when a conference between the board of control and the Ontario Government will take up the problem. This is in effect was the statement made by Controller McCarthy at the meeting of the board of health yesterday. Dr. Hastings, M.O.H., declared that the hygienic development of city housing was hindered by the foreign element, who congested in certain areas and lived in unhealthy places, often having no work, but refusing to go to the farmers who were appealing for help.

Ald. Dunn suggested that a recommendation should be sent to the board of control urging that only men who had been in the city for more than six months should be given work by the city next winter if conditions demand the opening up of relief works. He suggested also that the government give municipalities power and assistance in connection with placing men on land in New Ontario and clearing it for farms or equipping settlers with a farming outfit.

Borden Tour Uncertain

By a Staff Reporter. OTTAWA, July 8.—Sir Robert Borden will return to Ottawa at noon tomorrow. It has not yet been decided definitely whether the premier will make a political tour of the west this summer or not. If he does there will be only a few meetings at the chief points in the west.

FARMER WAS KILLED BY KICK FROM HORSE

Special to The Toronto World. GUELPH, July 8.—James Patton, a farmer who recently moved to the vicinity of Rockwood from Proton Township, sustained fatal injuries by a kick from a horse. It appears that Mr. Patton was at work in the fields with the horse hitched to a hay rake. The animal became unmanageable so Mr. Patton decided to take the beast to the stable. His wife saw him taking the animal to the barn. She perceived Mr. Patton pitch forward to the ground and was horrified to discover that he had been kicked in the groin. He lived only a short time.

FOOD CAUSED THE DEATH OF STARVED ROUMANIAN

Special to The Toronto World. ST. CATHARINES, July 8.—A coroner's jury found that Pontu Toderaro, Rumanian, who mortgaged his home in the old land to raise funds to bring him to Canada, died at Thorold in a rude shack built by his own hands, from acute indigestion, when friends prevailed upon him to take some mush and milk after he had been without food for more than a week. Toderaro found but six days' work since April 4, although he had expected to find riches in the construction of the Welland Ship Canal.

As soon as he arrived he sent home the remaining \$26 of the amount raised on the mortgage for his trip.

ABLE SWIMMER DROWNED IN DON

Young Sheet Metal Worker Bathed After Heavy Meal and Sank Exhausted Before Aid Reached Him

A sad case of drowning occurred on the Don River at 4 o'clock yesterday afternoon when John Hutchinson, aged 22, of 72 Eastmount avenue, lost his life while bathing at the second bend of the river to the rear of Rivercourt. Hutchinson was a sheet metal worker and being out of employment left his home after dinner with the intention of going fishing, but instead went for a swim in the Don. He went out a considerable distance in the river and appeared to have exhausted himself in doing so. Boys bathing at the same place raised the alarm when they saw him struggling and calling for help. Their cries were heard by Jack Roberts and Frank Delevings, 37 Woodville avenue, who were near hand at the time, and without diverting themselves of their clothing the two young men dived to the rescue. Although their plucky efforts were too late to save his life, they succeeded in bringing him quickly to the bank, where they worked hard to resuscitate him without success. Dr. Lloyd Burns, Fairview boulevard, was telephoned for, and after working for almost an hour he pronounced life extinct. The body was taken to the Ellis undertaking establishment. Coroner Dr. Johnson did not consider an inquest necessary.

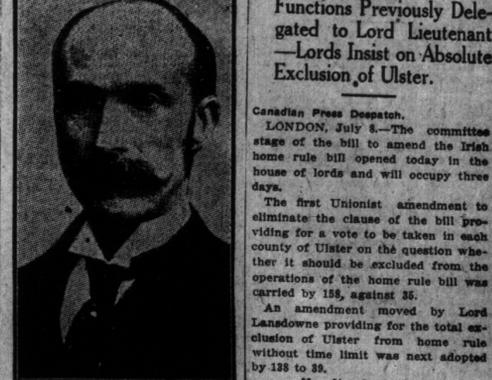

Hutchinson was a member of St. Barnabas' Anglican Church and was prominently identified with the cricket club in connection with it. His mother is prostrated with grief. Hutchinson was known to be a strong swimmer, but it is thought that going swimming too soon after his dinner caused him to exhaust himself.

EIGHT MILES OF LINES SEIZED BY INSPECTOR

Special to The Toronto World. BROCKVILLE, Ont., July 8.—George Toner, the fishery inspector who watches this district of the St. Lawrence River, has just returned from an official trip. His biggest haul was made near Fiddlers Elbow where he seized six sets of gill nets and four sets of hoop nets. For this season he has captured 63 sets of gill nets, two sets of trap nets and 17 night lines, measuring eight miles.

NORTH TO GAIN CHEAP POWER

Sir Adam Beck Announces French River Will Be Developed by Hydro Board.

Special to The Toronto World. BERLIN, Ont., July 8.—The annual banquet of the board of trade was held tonight at the Bridgeport Casino, and attended by over 100 members. President L. J. Brethaupt presided. Many representatives from neighboring cities and towns were present. Sir Adam Beck was the chief speaker, but owing to the lateness of the hour was brief in his remarks. Speaking of the expansion of the hydro-electric system, he said it was the intention of the commission to develop power along the French River, and that they had recently received an order for 10,000 horsepower from the British-American Nickel Mining Corporation, and that he felt satisfied that when the waste waters of the French River were utilized it would prove a boon to northern Ontario in the way of cheap power.

MONTREAL HEAVY LOSER THRU SEWER CONTRACTS

Canadian Press Despatch. MONTREAL, Ont., July 8.—In the opinion of Controller E. N. Hebert, millions of dollars have been lost in sewer contracts by the city within the past twenty-five years. The disclosure in the investigation now going on regarding the execution of sewer contracts in Notre Dame de Grace Ward are, it appears from remarks made by the controller, but a drop in the bucket, and it is only the expense and the labor which would be necessary that prevents an investigation of sewer contracts reaching back to 1890 and beyond.

BULL ATTACKS FARM HAND MAN'S CONDITION GRAVE

Canadian Press Despatch. BELMONT, Ont., July 8.—Cecil Batsman, a farmhand in the employ of Wm. Legg near here, is in a critical condition as the result of being attacked by a ferocious bull. The man was charged upon by the animal while working in a field. He was knocked down and trampled on, his face being terribly lacerated. He was also injured internally and rendered unconscious.

BIG CHINESE SMUGGLING GANG HEADQUARTERED IN TORONTO

This is Belief of Investigators Who Have Unearthed Centre of One of Biggest Syndicates of This Profession at Saginaw—Ingenious Method Used.

Canadian Press Despatch. SARNIA, Ont., July 8.—That Toronto is the clearing house of the Chinese smuggling traffic in Canada, with Sarnia, Windsor and Niagara Falls the shipping points, is the conviction here. The report from Saginaw, Mich., of the unearthing there of the headquarters of one of the biggest Chinese smuggling syndicates on the continent is credited in this city. Sarnians are quite familiar with the smuggling methods locally. One of the Chinese agents arrives in the city and starts a laundry. In a few days five or six of his countrymen join him. These disappear in a day or two, powerful motorboats and big automobiles being as a rule called into play to land the "visitors" in Port Huron. The agent then gets out, selling his laundry to another, who repeats the trick. The Celestials who desire to enter the United States are, it is reported, shipped from Hongkong to Vancouver, thence to Winnipeg and Toronto, everything being done in a most systematic and businesslike way. From Toronto they are sent in batches to either Sarnia, Windsor or Niagara Falls.
