

Large quantities of pulp are being shipped from Digby, N. S., to the European market.

Remember, it is advertising ink that makes the public read and think, and turns the buyers' feet and face directly toward your business place. Therefore, if you have anything to sell, in advertising ink display it well.

It is reported that the Royal Paper Mills Company, of East Angus, Que., intend building a new pulp mill to manufacture pulp by the sulphite process. The location of the proposed mill will be higher up the river than the present mill.

The Cushing Sulphite Fibre Co., Limited, has asked for

a charter to erect a sulphite pulp mill and other necessary works in connection therewith. The head office is to be at Fairville, N.B., and the provisional directors as follows: Jos. Allison, Wm. H. Murray, Thos. McAvity, Geo. F. Baird, Geo. S. Cushing, Geo. McKean and James Fleming, all of St. John.
