AL RECORDS BEATEN

BY C.N.E. LABOR DAY

Only Rain Prevents Reaching 200,000 Mark—189,500 Enjoy Exhibition Displays and Trades Union Sporting Events.

Labor Day attendance . . . 189,500

Same day last year . . . 174,500

Total to date . . . 791,500

Same date last year . . . 573,400

The Canadian National Exhibition

closed on another record yesterday.

When last year's Labor Day figures of

174,500 were passed. There were early

indications that it was to be a great

day, for when the Dufferin street

gates were opened 5000 people were

writing to gain admission. With ideal

weather, the crowd continued to come

early, and at 2 o'clock over 100,000

were on the grounds. Going on this

basis that last year 107,000 came in

after 2 o'clock, it looked as if the

300,000 mark would be reached. A

heavy downpour of rain, however,

which lasted some time after 2.30, was

a factor which militated against this

calculation being reached. Two hours

before the closing it was practically

certain that last year's record had been

exceeded.

The following is a summary of a

crowded day.

Five thousand people waiting at

Dufferin entrance for the gates to

open at 8 a.m. It was practically

over 10,000 people on the grounds

at 2 p.m.

Over 150,000 people on the grounds

at 5 p.m.

Over 18,000 passed thru the

tunnels into the war memorials paint-

ing gallery.

Over 25,000 people visited the war

trophies building.

All seats for the night performance

at the opera house were sold before

10 a.m.

Largest crowd on record at the Dog

Show.

Midway saw the greatest attendance

in its history.

Nearly 40,000 people saw the two

grand stand performances.

A crowd of over 20,000 witnessed the

Labor Day sports from the natural

amphitheatre on the waterfront.

All reserved seats were sold before

10.30 this morning. The crowd started

lining up shortly after 9 o'clock,

and it was still so large when the

plan was closed that the end of the

box office under the grand stand was

smashed in the crush and required ex-

tensive repairs.

PICKPOCKETS TAKE

MAN'S LIFE-SAVINGS

During the past four days a gang

of pickpockets, believed to have come

here for the Exhibition from Montreal,

have cost the public several thousands.

Probably the largest loss was that of

Charles E. Easton, 414 St. James street,

who reported at headquarters that he

had been robbed of \$1445 in cash.

According to Easton's story he de-

scended to the corner of Queen and

Yonge streets Saturday morning and

drew out his life's savings. He placed

the money in a pocket which he was

carrying in his hip pocket. He crossed

the street to board a street car, and

while in a crowd he felt his pocket

pickpocketed. He called to the police

and was followed from the bank by the

person who stole the money. He did

not discover the theft until he was

several blocks away, and the police

are optimistic of their chances of

arresting the thief.

Accident.

A man told the police that he had

WILSON REFUSES

SENATE'S REQUEST

To Supply Latest Drafts of

Treaties Would Encroach on

Presidential Powers.

Washington, Sept. 1.—The request

of the foreign relations committee for

the latest drafts of the proposed treat-

ies with Germany's allies has been re-

fused by President Wilson. The com-

mittee, which has been refused by

President Wilson, the ground that com-

pliance would set a precedent en-

couraging senators to encroach on

the presidential power of treaty nego-

tiation.

In an exchange of letters, made

public today, Mr. Wilson wrote that

it was "out of the question" to ac-

cede to the committee's suggestion,

and Chairman Lodge replied that al-

though the committee's suggestion

was not in accordance with the

constitution, the president undoubt-

edly had authority to keep information

about them from the senate if he

chose.

The correspondence apparently

brought another impasse between the

president and the committee on the

much-debated question of the

holding of the important duty of mak-

ing himself acquainted at first hand

with the resources and develop-

ments of the country, and with the

ideals and aspirations of our people.

The warm and sincere welcome which

everywhere greeted the president

with the treaty and the other

dominions in a great community of

interests, which were lined by troops

of the army, and with the

enthusiasm of the people, has

been a source of great satisfaction

to the president.

At the conclusion of the ceremony

in the church the body was removed

to the cemetery along miles of

crowded streets, which were lined by

troops of the army, and with the

enthusiasm of the people, has been

a source of great satisfaction to the

president.
