TORONTO'S DEPUTATION FOR HARBOR IMPROVEMENT

All Public Business Bodies and Others Interested Will Be Asked to Go Along.

There now appears to be some definite prospect of attention being paid by the Dominion government to the long-neglected needs of Toronto harbor. A telegram received by the mayor from Claude Macdonell, M.P., yesterday, announced that the premier, the acting minister of public works, and the minister of marine, would receive a deputation at Ottawa on Wednesday next, at 11 a.m., to discuss harbor matters. The mayor will invite deputations from the board of trade, the Manufacturers' Association, the Retail Merchants' Association, the Royal Canadian Yacht Club, Trades and Labor Council, Riverside Business Men's Association, and the board of harbor commissioners. Senators Cox and Jaffray, and the local members of parliament will also be expected to aid in strengthening the deputation, which will also include representatives of private industries, such as the Canadian Shipbuilding Company, Bertram Engine Works, J. T. Matthews & Co., Conger Coal Company and Rogers Coal Company.

On the same day a deputation consisting of the mayor, Controller Shaw, General Otter, Sir Henry Pellatt and Lieut-Col. Davidson, will ask the minister of militia and defence for government aid towards the acquiring of property adjoining the armories as a joint parade and playground.

Board Will Act.
The Ontario municipal and railway board will be asked to look into the working of the whole Toronto Railway Company. Some weeks ago the city council carried a resolution of Ald. Church to this effect, and the board decided yesterday to get the city solicitor to secure an appointment with the railway board, as instructed by the city council.

By the act pending litigation is not affected, and matters in reference to the Toronto Railway, that arose since the Railway Act came into effect, can be attended to by the board. The railway board and their solicitor agreed that in the case of London and Hamilton they had jurisdiction. Hearing of cars, vendors, vestibules and overcrowding can be rectified by the board.

The city engineer received an extra appropriation of \$9400 to run the waterworks department for the rest of the year.

The C.N.O. Railway will be asked by the city for \$175 per year and taxes for the lease of a 14-foot strip to connect with the old belt line.

Elevator Inspection.
The board decided to have the city architect report on the manner of inspection of elevators in other cities and to have the city solicitor report as to whether the city would be liable for accidents on an elevator so inspected. Controller Ward suggested that a license fee of \$2 be fixed to cover cost of inspection.

A motion will be introduced at Monday's meeting of the city council to

Don't Become An Object

Of Aversion and Pity. Cure Your Cold and Catarrh. Purify Your Breath and Stop the Offensive Discharge.

Rev. Dr. Bochrer of Buffalo says: "My wife and I were both troubled with distressing Catarrh, but we have enjoyed freedom from this annoying malady since the day we first used Dr. Agnew's Catarrh Powder. Its action was instantaneous, giving the most grateful relief within 10 minutes after first application."

Use Dr. Agnew's Liver Pills. 40 Doses 10 Cents.

have the city engineer report on the cost of extending Dupont-street and Van Horne-street to make a thru street from Avenue-road to the Junction.

Byron Worthen, parks commissioner of Manchester, N.H., and president of the American Association of Park Superintendents, which convenes in Toronto next August, has been appointed a state senator, so Park Commissioner Chambers is advised.

Tax sales announced are: Fifty feet on the east side of Hampton-avenue, at \$12 per foot, and 36 feet 11 inches at the southeast corner of Palmerston-avenue and Olive-avenue, at \$13.86 a foot.

The vigorous complaint of Robert Newall against the condition of Paddy Bros.' abattoir has resulted in Dr. Sheard being ordered to reinspect the building.

A commission consisting of Dr. Goldwin Smith, E. Galley, D. Lamb and E. J. Hearn has been appointed to enquire into the manner in which the city's grants to charitable organizations are being distributed.

This year there has been 33 per cent. more pavement and 20 per cent. more sidewalk constructed than in 1905.

Manager Fleming of the street railway says the company is prepared to pay its "just share" of the cost of removing snow from the streets. He figures 25 p.c. as a fair proportion. The city engineer has been furnished by Dr. Sheard with a list of streets where it is claimed the railway has neglected to level down the snow along the track allowance.

In two more days of work the extension of the Avenue-road-car line will be completed and assessment for the proposed extension of James-street thru to Richmond-street, E. E. A. DuVermet, K.C., representing the Board of Commissioners, made vigorous protest against the levy upon his clients. The following table shows the changes made:

Owner.	Assessment.	Revision.
R. Simpson	\$34,462	\$32,095
W. F. Maclean	5,000	8,490
Knock Church and		
Clatworthy	5,064	4,130

Mr. DuVermet said the extension as now explained would not be in line with the present portion of James-street, but would be five feet to the west, encroaching upon the Robert Simpson property. As the extension was estimated to cost \$150,000, and the court of revision had ruled that the company was liable for the cost, the assessment would amount upon the 210 feet to \$49,245. Mr. DuVermet asserted that the five-foot jog was absurd, and the judge suggested that he might try to get up a petition to widen the street beyond 66 feet. Mr. DuVermet said his clients had considered the original appropriation of cost fairly equitable and hence did not appeal. When the time for appealing had expired the new scheme of assessing one side 35 p.c. and the other side 15 p.c. was sprung, which was an "illegal and outrageous proceeding."

The city was trying to slide out of paying a fair share and was charging his clients nearly the whole cost.

City Benefits Most.
Charles Pearson, called by Mr. DuVermet, gave the opinion that the city would gain and the adjacent property owners and should bear a larger burden than fixed. He didn't think property owners above Queen-street wanted the extension.

On request of Mr. Denovan, who wanted time for other owners to appear, the judge adjourned the hearing until Monday, Dec. 17.

HOPE OF NEWFOUNDLAND IS UNION WITH CANADA

Hon. A. B. Morine, Ex-Premier, Discusses Fisheries Question Before St. Kitts Canadian Club.

St. Catharines, Dec. 7.—(Special).—Hon. A. B. Morine, ex-premier of Newfoundland, addressed a well-attended meeting of the Canadian Club here to-night on the international fisheries question. He first gave a brief description of the island of Newfoundland, its climate, agricultural and mineral possibilities. He considered Labrador most promising in its mineral wealth, and looked to it to prove a second Yukon.

The greatest wealth of Newfoundland, of course, was the fisheries, which produced \$12,000,000 worth last year. He went on to give a history of legislation passed concerning American rights to fisheries, and thought in certain cases the Newfoundland government had acted in a high-handed manner. He did not agree with the Canadian press that the British government had acted in any way otherwise than the right one.

The only satisfactory solution of the difficulty lay in a closer cooperation with Canada. The island controls the trade routes of the St. Lawrence, and, therefore, in its possession of a foreign power it would be a menace to our trade. Control of the question should be under one hand with one policy and under one view. Fisheries interests at present are conflicting; let them be between Canada and the United States, instead of between two British colonies. Unless Canada steps into the breach at once, the United States may hold out good inducements and secure the island. The natives are averse to confederation, but will be open to explanations; they must be taken as well as to Canada.

CAN CORPORATIONS CONSPIRE

J. W. Curry Raises Point in Case of Alleged Blacklisting.

J. G. Merrick, secretary of the Employers' Association of Toronto; the Lowndes Clothing Company, Henry Lowndes, John Flett, J. M. Lowndes, C. B. Lowndes, the T. Eaton Co., Timothy Eaton and John C. Eaton were charged in police court yesterday with having conspired to place Israel Mintz on a "black list." Mintz is a garment worker. He claims J. G. Merrick of the Employers' Association sent letters to various firms asking them not to employ him, asking them to belong to the union. As B. H. Ardagh, counsel for Mr. Merrick, was not ready to go on, an adjournment for a week was granted.

J. W. Curry, K.C., is appearing for the Eaton and Lowndes companies. He pleaded not guilty on behalf of his clients, and argued that corporations could not be brought into police court on an information; they must be indicted before a grand jury. Another objection was that a corporation could not conspire.

W. J. LeRoy, the brakeman, pleaded guilty to the theft of two mail bags. Magistrate Denison sent him to the penitentiary for six years.

C. B. Graham, druggist, was committed for trial. Mrs. Freda Swartz stole some articles from his store. Graham discovered the theft and settled with her for \$100. Mrs. Swartz claims she got more than the goods were worth. For a number of small thefts from different people, Henry Williams will spend the next six months in the Central Jail.

W. F. Kerr, charged with forging the name of School Trustee Levee on a cheque for \$15, was remanded for a week.

Donald VanDusen, New Method Employment Agency, 11-12 West Richmond-street, was charged with obtaining \$1 under false pretences from Frank Hall. Witnesses swore they paid VanDusen to get them a position, but the place they went after had been filled for a week. The magistrate said there was not enough evidence to convict.

Edward Lewis, clerk at Baxter's cigar store, accused of theft of \$2, was remanded for a week.

HAMILTON HAPPENINGS

DINNER TO CAPT. DUMOULIN TENDERED BY TIGER TEAM

Street Railway Employees Hold Concert—Military Leave City—Cost of Strike.

Hamilton, Dec. 7.—(Special).—This evening at the Waldorf Hotel a complimentary dinner was tendered by the Hamilton Football Club to S. S. Dumoulin, the Tiger captain, who has been made manager of the Teeswater branch of the Bank of Hamilton. W. H. Seymour presided, and a Persian lamb cap and gauntlets were presented to Mr. Dumoulin.

Walter Camp has telegraphed to Dr. Thompson, saying that he is very sorry, but that it is impossible for Yale to play the Tigers.

The street railway employees held their concert in Association Hall this evening. There was large attendance. The management of the new Savoy Theatre loaned three of their acts, and Harvey Lloyd, Toronto, and others contributed the remainder of the program.

Prof. Chant, Toronto University, delivered a lecture this evening to the Hamilton Astronomical Society on experiments on solar atmosphere.

Word was received to-day of the death of Nell A. McLean in Detroit, Mich. He was well known in Hamilton and Toronto. While in Hamilton he was proprietor of the following hotels: Crystal, St. Nicholas and Mountain View. He moved to Saginaw, Mich., where he married a Miss Cherry, and at the time of his death he was running a restaurant on Jefferson-avenue, Detroit. Death was due to Bright's disease. He was survived by a widow, his mother and three brothers and sisters. The funeral will take place Sunday afternoon at Saginaw.

Allan Studholme, the newly-elected M. L. A. for East Hamilton, has received many telegrams of congratulation, among them being one from W. F. Maclean, M. P.; T. W. King of The World, T. H. Preston, M. L. A. Brantford, and C. Boyle, Toronto.

Military Leave.
The military left the city this afternoon at 4 o'clock. There is considerable fault-finding because the soldiers were not sent away over a week ago. It is estimated that their services will cost the city over \$7000, tho it is hoped that the government will make a big cut in that amount. The strike cost the company \$45,000 and the union \$5000. Both the union and the company admit that they are pleased with the Ontario Railway and Municipal Board's award, and the company will put it into force at once.

The members of the Empire made over \$1200 for the consumption sanatorium by their Childhood Days entertainment.

Pre-Ryckman, whom the police suspect of passing bogus cheques here, has been arrested at London.

It is said that there is considerable ill-feeling between the members of the fire department and the police force since the street car riots, and it is charged that some of the stones that were flung at the police came from the neighborhood of the fire halls.

Lennox Shoes.
The demand for Hockey Shoes and Xmas slippers is unprecedented. Phone your orders to John Lennox & Co.

J. McCullough, proprietor of the Semi-Ready Wear at 46 James-street North, Hamilton, says he can guarantee a perfect fit in dress suits through mail orders, and the goods give him height, weight and chest measurement. The Semi-ready dress suits, all silk-faced, with waistcoat and trousers, cost \$25. Mr. McCullough has a special stock of Semi-ready suits in serge, worsteds and chevilles. The dress suits are of fine vicuña cloth. For \$3500, A. J. Douglas & Co., 10 North John-street, can sell a 2-story brick, southeast, lot 200x200; barn 18 rear, fruit trees, lovely lawn. See us at once.

Commercial Travelers.
Certificates for 1907 can be obtained at the office of John Lennox & Co. Commercial travelers' certificates are ready at No. 10 North John-street, Fred Johnson, secretary.

BABY ALWAYS WELL.
"I have nothing but good words to say for Baby's Own Tablets," says Mrs. A. Dupuis of Comber, Ont., and she adds: "Since I began using the Tablets my little boy has not had an hour of sickness, and now at the age of eight months he weighs twenty-three pounds. I feel safe now with Baby's Own Tablets in the house, for I know that I have a medicine that will promptly cure all the minor ailments from which babies suffer. I would advise all mothers and nurses to use Baby's Own Tablets for their little ones." These are strong words, but thousands of other mothers speak just as strongly in favor of this medicine. Sold by all medicine-dealers, or by mail at 25 cents a box by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

PROF. OSLER COMING.
Prof. Wm. Osler of Oxford will arrive in the city, probably on Wednesday, and will be the guest of E. B. Osler, M.P. On Thursday night the Hamilton Medical Association will tender him a banquet.

Whiskers and Profession.
The army moustache, which is, by the King's regulations, part of the proper equipment of every officer, leads an enquiring correspondent to ask why barristers prefer to be clean shaven. Is it in order to facilitate facial expression—those looks of assumed indignation, surprise, and sorrow, which are a part of the stock-in-trade of every good advocate? Or is the hairless face a relic of bygone legal custom as musty as lawbooks themselves? And a bearded policeman, too, is just as rare as a bearded barrister. There are a few in London, but they are to be found almost exclusively in the old places, the museums, which may be regarded as the chancery courts of the police force, so far as whiskers are concerned.

When courting her in days long gone. Praised to her hair he'd utter, But now he raves to find just one Of that golden aureole in the butter!
