BUSY BOARD OF WORKS ON TRAIL OF STREET RY

Change to Be Made in Paying Day Laborers - Cataract Company's Refusal.

HAMILTON, Sept. 17 .- (Special.)-This evening the board of works decided to call upon the street railway to restore its tracks on Herkimer-street, as ordered by the Ontario Railway Board. If the company has any proposition as to paying part of the cost of the pavement of the street for the privilege of having the wider strip, it will be considered. It was stated that the company had imported a 5 foot diamond for the corner of Main and formality of getting the city's consent to increase the width of the strip. The company will not be allowed to lay the diamond until it gets the council's per-

investigation was held into th fact that a pay envelope had been made out for J. O'Neil for 27 hours' work, which he did not perform. Ward Foreman Nelligan, who put in the time for O'Neill, explained that he was absent from the city for a few days, and had ordered O'Neill to report for work. Thinking that O'Neill had reported, he put in the time. The board found that it was simply an error but found that it was simply an error, but to avoid a repetition-the men will have to draw their pay envelope personally, and the foremen will have to send in a daily, as well as a weekly, pay sheet. An official may be appointed to check

the time.

The Cataract Company has refused to pay the cost of installing Nernst lamps in some places chosen by the board, and the city solicitor will be asked if the city has power to force the company to do so. Ald. Baird referred to Mayor Stewart as a czar, because his worship stopped some repairs on Wast King-street until the matter was West King-street until the matter was dealt with by the board. The work ordered by the council, and necessary repairs, will be proceeded with.
