The Montreal newspapers are commenting on the growth of the Semiready system thruout Canada, in view of the erection by the Semi-ready Company of a huge wing to their factory which stands just below the "look-out" on the top of Mount Royal.

The addition to the factory will give the company double its present capacity, and will enable them the more quickly to reach their aim to have an annual turnover of \$2,000,000. Don Valley League.

Another large crowd was on hand on Saturday to witness the games in the Don Valley League, which, owing to the cold weather, was rather below the standard set by this league. In the first game the All Saints were winners over the Lourdes. Both Owens and Allward pitched good ball, but the Saints' hits were more timely, while Allward was more effective in slight pinches. The game, tho rather loose, was brimful of excitement and afforded the different rooters a chance to exercise their vocal powers. The second game brought the LC.B.U. and Gerrards together and, after a see-saw game, where brilliant playing predominates, the Irishmen were returned the winners. Skane and Purcell were the opposing twirlers and were both hit fairly hard, but were supported by splendid fielding by their team mates. FIGHT TRAINING BULLETIN

Week-End Work of Johnson Jeffries-Discussing the Referee. SAN FRANCISCO, May 14 .- Tex. Rickard, who is worried over the prospects of a continued deadlock over the selection of a referee for the Jeffries-Johnson fight, paid another visit to the Johnson camp to-day but came away shaking his head.

to-day but came away shaking his head.

While Tex. was uncommunicative, it is known that he suggested to Johnson that he accept Eddie Smith of Oakland, but Johnson refused.

Rickard fears the two fighters are not going to reach any agreement, altho there is a possibility that Eddie Graney will be selected. Sam Berger is opposed to Graney, however, and he says Jeffries is, too. Notwithstanding both boxers have reiterated their desire to see a Californian selected as referee, there is an undercurrent of feeling that it is on the cards to name an eastern man, and that local sporting critics are up in arms, saying a Californian must be named. Johnson, unless approached on the subject, ignores the referee dispute. He seems to think that matters will come out all right in the end.
