VAC. GAS COMPANY TO RETAIN CONTROL

The World called at the office of the Vacuum Gas and Oil Co. to inquire as to the rumors of sale of control of the company, and was officially informed that the company has no intention of considering a sale in any way. It was also stated that the company have a producing company and are well satisfied as they stand. Five Cars 'ank cars of oil were shipped vester-day to Sarnia, and all storage is full to capacity. The company have let contracts for 10 additional wens to be drilled immediately. No. 3 gas well drilled immediately. No. 3 gas well
has been brought in and No. 4 well
has been started 1500 feet to the east,
has been started 1500 feet to the east,
has been started 1500 feet to the contralists.

INSPIRATION GOLD.

H. B. Wil's in his weekly market letter says: If strong and experienced sponsorship counts for anything. Inspihind it se'dom enjoyed by an undeveloped property Every man who is a director of this company has been prominently identified with Cobalt and Porcurine since the earliest days, and their names associated with the mine successes recorded in both camps Such men as George Taylor, president of the T. H. & B. and Dome Lake; Charles L. Sherrill, Robert T. Shillington, Arthur Ferland and Charles Richardson, would never have agreed to become directors inless convinced as to the merits of the proposition, and of its ultimate'y making good. The influence of these gent'emen is an inestimable tower of strength and assures ample protection to all who become shareholders in Inspiration Gold.

ON MINERAL OUTPUT

Report for Past Nine Months Shows Large Increase in Ontario Metals.

The Bureau of Mines has collected returns from the metalliferous mines and works of Ontario showing the production for the nine months ending 30th September 1916. Foliowing are the figures for the period, and for purposes of comparison, figures for the corresponding period of last year. It will be noted that there has been a large increase in the aggregate value, and also in the value of nearly all the individual products.

Summary for mineral production first nine months of 1916:

.....ounces 17,178,629

Vipond and Jupiter, which together furnished 5.5 per cent. Outside of Porcupine proper, Tough-Oakes yielded \$519.149. Canadian Exploration, Croesus and a small output from Dome Lake amounted to over one-quarter of a million dola small ed to over lars.

THIS WEEK'S TOTALS

Good Cattle of All Grades Were Twenty-Five Cents Higher.

VEAL CALVES FIRM

Steady-Lambs Fifty to Seventy-Five Cents Lower.

drilled immediately. No. 3 gas well has been brought in and No. 4 well has been started 1500 feet to the east. A party of New York capitalists inversed in the company. left New York yes erday, by way of Detroit, for an inspection of the wells.

METAL STOCKS STRONG.

R. E. Kemerer in his weekly market etter has the following: The markets of the week have been somewhat inclined to dulness, largely owing to the complex political situation in the United Stetes but, altho there have been declines in a number of d rections, the shares of the metal producing companies have again proved treisslves the exception and have exhibited a notable degree of strength throut the period. This is nowise surprising, for the reason that the mining shares have not at all discounted the remarkable improvement which has been recorded in conditions during the past eighteen months: an improvement which has carried the commercial metals to prices far in excess of any figures which were thought possible prior to the outbreak of the war. There is no question but that the general public has not, as yet, fully realized the extent and the importance of the metal markets and the present strength of these markets have seed of the war. There is no question but that the general public has not, as yet, fully realized the extent and the importance of the increased prices.

The fundamental basis of all mining shares have not an arrive and the importance of the increased prices.

The fundamental basis of all mining share values into harmony with metal walues. The most conservative analysis of the effect, been equaled. The mining share values into harmony with metal values. The most conservative analysis of the effect, and well-bend of the extent and the present strength of these markets has seldom, if ever before, been equaled. The mining share values into harmony with metal values. The most conservative analysis of the effect of the week was active and strong, share and strong share values into harmony with metal values. The most conservative analysi

DOM. STEEL HOLDS STRONGER

Heron & Co. had the following at the close: Montreal, November 17.—The market opened strong with Steel in de-mand at 82. There were some buying orders also in Smelters also sending orders also in Smelters also sending the price up to 41 3-4. Spanish River was also a strong stock. A strong New York market helped the local in the early trading but later, when prices sold off there fractionally, there was some profit-taking locally. The market sold off in the late trading with Dominion Bridge conspicuously weak at inion Bridge conspicuously weak at 200. Dominion Steel was an exception to the rest of the list, closing at best prices of the day.
