TWO WESTERN UNIONISTS QUIT PARTY BECAUSE OF BUDGET

Great Destruction of Property || Drury Promises Nickel Inquiry; In Fresh Sinn Fein Outbreaks || Provincial Estimates \$18,000,000

BUDGET PROPOSALS CAUSE TWO GOVERNMENT MEMBERS TO BREAK UNIONIST RANKS

H. O. Wright and W. A. Buchanan, Western Supporters, to Vote for Opposition Amendment—Member for Battleford Joins the Cross-Benchers—Applauded by the Liberals.

Ottawa, May 26.—(By Canadian Press).—The first break in the ranks of the government supporters on the budget came tonight. For several hours the debate had proceeded along warring lines, members from the government and opposition voicing support and criticism of the proposals contained in the speech of the minister of finance. At last, H. O. Wright, member for Battleford, and a farmer by occupation, rose and in a concise and positive speech announced that he would have to break with the government and support the opposition amendment. This announcement was met with loud applause from the Liberal opposition, as well as the Farmers, but the former were somewhat dampened when Mr. Wright announced that he "did not think there was anything material in the amendment," but the rules of the house precluded the moving of any other.

Buchanan Also Breaks. Mr. Wright, however, was not the only western Unionist who found that he must break with his party. He had not long concluded his speech when W. A. Buchanan, member for Lettbridge, declared he had come to the conclusion that the promised tariff revision meant only protection, and he would also support the amendment. Again the opposition benches broke into applause. He could not agree with anything which taxed implements of production, thus making the cost of living higher, said Mr. Buchanan. He had been elected as a low tariff man and it was to be consistent that he was taking his present stand.

New Recruit for Farmers. The decision of Mr. Wright to vote against the government means that the new Progressive or "Farmers" party have won another recruit. He declared that he stood four-square (Continued on Page 7, Column 5)

MILITIA AIR FORCE IS OVER-RECRUITED

Rush of Applicants—To "Be Best in the World," Says Commander Tylee. Ottawa, May 26.—(By Canadian Press).—Lists will close in three days for membership in the new Canadian Air Force. May 23 is the last day on which applications for membership can be posted to the Air Board in Ottawa.

The force is practically over-strength already, most of the applicants coming from eastern Saskatchewan. It will be necessary to obtain an extension of the authorized strength to take care of all ex-airmen who wish to participate in the voluntary training scheme of the air force at Camp Borden this summer.

Send 140 Planes. The camp will be opened as soon as provincial committees have completed their arrangements, by which air officers will train at their convenience. One hundred and forty new English service machines of the latest type have been recently unpacked. The camp, which is the best equipped in the British Empire, possesses also nine heavier-than-air machines, dirigibles, hangars, etc., besides comfortable permanent quarters, tennis and golf courses, swimming pool, etc. "It is going to be the best air force in the world," said Commodore A. K. Tylee, the first commander of the force, who visited Ottawa today, and returns to Toronto and Camp Borden tonight.

RAILWAY FARES BILL IN LEGISLATURE TODAY. The bill passed by the legal committee, putting it up to the city council to decide as to whether street railway fares may be increased or not, will probably come before the legislature today.

The Toronto contingent of the house declare they will fight the measure to the last ditch.

WILL NOT GET AS HIGH COMPENSATION AS FIRST EXPECTED

Amendment to Workmen's Bill Said to Remove Objections. CUT ANNOUNCED

The workmen's compensation act received its final reading in the legislature yesterday and now only requires royal assent before becoming law. An important amendment was made to the original measure which, it was claimed, would eliminate a great deal of the objections that had been raised against it. The amendment reduced the compensation from 75 per cent. to 66 2-3 per cent. of the wages earned. This would, the minister of labor said, make it somewhat easier for the employer of labor paying into the compensation fund. At present in the province there were 16,000 such employers, and the average daily amount paid out in compensation was \$14,000, or less than a dollar a day for each employer.

PLANTERS IN CUBA ARE STORING SUGAR FOR HIGHER PRICES

Witness, Before U. S. Committee, Predicts Immediate Increase in Cost. BANKS ARE BLAMED

Robbed of Millions Thru Government's Timber Policy

Soldier Member for Algoma Has Some Hard Things to Say About Crown Lands Methods During Regime of Hearst Administration. K. S. Stoner, the soldier member for Algoma, created more than a ripple in the legislature yesterday afternoon and besides threw some light on crown land methods in the north country, which have long been a source of irritation to the settlers, and taken together with other grievances, have given rise to the agitation for secession from old Ontario.

It had been the policy of the Hearst government to rob this province of millions of dollars for the benefit of the clique. "And I say this," cried Mr. Stoner, "the farmer government by their methods have robbed this province of millions of dollars for the benefit of the clique." Hon. G. S. Henry objected that the member was out of order, inasmuch as the Speaker had ruled that discussion of crown land affairs was taboo while the judicial committee inquiring into them was sitting.

Continuing, Mr. Stoner made a plea for the poor man in the north as against the capitalist and incidentally observed that it was a well-known fact that numbers of the lumber cruisers sent out by the government had affiliations with the big interests. It was Peter Heenan (Kenora) who precipitated the discussion when he moved the adjournment of the House in order to discuss the government's refusal to issue licenses to cut railway ties. This refusal was to the great disadvantage of the poor man and the department's policy should be changed.

GERMAN EXCHANGE HAVING BIG BOOM

New York, May 26.—Buying of German exchange unparalleled since the armistice was reported by dealers in foreign bills today, forcing marks up to 3.16 cents a piece, said to be the highest quotation in more than a year. It contrasts with the minimum quotation of 1 cent last February. Purchases ran to large individual lots, in some instances approximating 1,000,000 marks. Much of the buying was believed to be speculative and based on reports that Germany's industrial condition is showing a decided improvement.
