SUITS AT \$24.75

NECKWEAR \$1.45

FEATURE ITEMS OF THE Men's Wear Bargains FOR TODAY

The Suits are made from short lengths of material, consequently there are only from one to five suits in each pattern. There are various models to choose from.

For the young men are semi-fitting, two-button models, with soft roll lapels; three-button models, and a few double-breasted styles. For men of more conservative tastes are three-button models, in regular, medium and semi-form-fitting styles. Materials consist of wool and cotton, union and cotton and wool in cassimere finished tweeds and worsted finishes. Patterns consist of greyish mixtures and brownish effects, in various shades. Linings

consist of twilled Italian and lustre material. Vests have five buttons. Trousers have 2 side, 2 hip and watch pocket and belt loops; some have cuff bottoms. Sizes 34 to 44. Today, \$24.75.

Trousers at \$2.90 May Also Be of Interest to You

Are of cotton and wool materials, in worsted finishes; trousers that are good-looking enough for business, yet sturdy enough for the working man. The patterns are in neat stripes, in various widths, in dark shades with lighter stripes. Sizes 32 to 42. Today, \$2.90.

At \$1.69

Are Men's Unlined Tan Capeskin (sheepskin) Gloves, "seconds," slightly spotted skins, made with prizm seams, gusset fingers, Bolton thumb, spearpoint backs, and one dome fastener. Sizes 7 to 10. Today, pair, \$1.69.

—Second Floor, James St.

STORE OPENS AT 8.30 A. M. CLOSING AT 5 P. M. Closing on Saturdays at 1 p. m.

The Neckwear is Regular \$2.00. It is in four-in-hand style, in various widths. Many have slide-easy neckbands, while others have a specially sewn band that will slide freely in the collar. There is a host of attractive patterns, including almost every design imaginable. Stripes, figured, floral and Paisley effects, in many combinations of blue, black, purple, green, brown, grey and cardinal. The materials are silk, cotton and artificial silk mixture. Reg. \$2.00. Today, each, \$1.45.

At \$3.25

—Main Floor, Yonge St.

T. EATON CO LIMITED

DEPARTMENT HEADS TO GET \$10,000

Faculty of Medicine Confers With Representatives of Rockefeller Foundation.

An additional \$200,000 a year on an outlay of \$4,000,000 at 5 per cent. is the latest recommendation of members of the faculty of medicine at Toronto University. This recommendation is receiving the consideration of the Rockefeller Foundation, comprising Dr. R. M. Pearce and Dr. George E. Vincent. Under the new scheme heads of departments will receive not less than \$10,000 a year, and be allowed three hours a day for their own private practice. The routine as outlined by the recommendations will give the heads of departments four hours at their departmental duties, and the afternoon hours, from one to four at the hospitals, or wherever their private work takes them.

The recommendations further recommend the limitation of the number of first year students to 125, in order to provide for the proper education of all such students, accommodation having hitherto proven to be too limited to give these students full scope in their studies.

YOUNGSTERS!

Need "Cascarets" when Sick, Bilious, Constipated.

When your child is bilious, constipated, sick or full of cold; when the little tongue is coated, breath bad and stomach sour, get a box of Cascarets and straighten the little one right up. Children gladly take this harmless candy-cathartic and it cleanses the little liver and bowels without gripping. Cascarets contain no calomel or dangerous drugs and can be depended upon to move the sour, bilious, stinky and indigestible waste right out of the bowels. Best family cathartic because it never cramps, sickens or causes inconvenience.

U.C.C. OLD BOYS PLAN BIG DRIVE

Dinner to Be Given to Inaugurate Endowment Fund Campaign.

W. G. Gooderham, in behalf of the executive committee of Upper Canada College Endowment and extension fund, has invited thirty "old boys" to an informal dinner to be given at the King Edward Hotel, in room G, at 7 o'clock, tomorrow night. At this dinner the leaders of the various teams who are to canvass the three or four thousand "old boys" and relatives living in Toronto, are to be appointed. There has been a ready response for the "old boys" for assistance in the preliminary work of the campaign and much enthusiasm displayed, and it is fully expected that the drive will be "put over" in the characteristic "old boys" way of doing important things. There will be several brief speeches, one from Mr. Gooderham, who will make a few congratulatory and appreciative remarks on the loyalty of the "old boys" as shown in the recent organization of the Old Boys' Association, and at the dinner held where four hundred were in attendance, and he will offer a few suggestions as to the "modus operandi" of the coming drive.

REAL ESTATE NEWS

A 12-story office and warehouse building for Victoria street has been planned by Mr. Percy Hermant of the Imperial Optical Company, and construction will be started almost immediately. The building will be located on the west side of the street, immediately south of the Shuttlerworth building at the southwest corner of Victoria and Dundas. The lot has a frontage of 46 feet on Victoria and will join at the rear the present Hermant building, facing on Dundas street. Workmen are now clearing the lot for the new structure.

The residence at 8 Dalton road has been purchased for \$10,000 by R. C. Dancy, decorating contractor. The Fraser avenue plant of Steel and Radiation Limited, has been sold to the Canada Metal Company for \$175,000. The property has a frontage of 212 feet on Fraser avenue, and a depth of 336 feet, and the buildings are one storey. It is the intention of the Canada Metal Company to expand their business in the manufacture of nails and wire products, and they will also make cement laundry tubs and drop shot. This will be the only drop shot factory in Ontario, and the second one in Canada. It is understood that Steel and Radiation Limited have secured a lease of the Allen-building on Simcoe street for general offices.

OAKOAL COMPANY ALLOWED GARBAGE

Company Decline to Consider Clause Giving City Option Later.

The Oakoal Company finally came to an agreement yesterday with the board of control, whereby the company can purchase the city's garbage for the manufacture of their product. A. C. McMaster, who represented the Oakoal interests objected to the clause providing that the company

Q. O. R. CHAPTER OFFICERS.

The annual meeting of the Q. O. R. Chapter took place yesterday in the form of a social knitting tea. The following officers were elected by acclamation: Mrs. George Boyce, regent; Mrs. J. B. Allen, first vice; Mrs. Boyce Thompson, second vice; Mrs. Henry Miller, treasurer; Miss Lillian Wheeler, secretary; Mrs. James Murray, convener of the entertainment committee; Mrs. A. Haywood, convener of the Red Cross; Miss Hornbrook, convener of Echoes. Tea was afterwards served in the Q.O.R. officers' mess at the armories.

SMALLPOX INCREASES.

Smallpox in the province has not yet been extirpated. The week ending March 8 shows an increase of nine cases. Toronto had 43 cases.

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.

Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the advice of physicians in thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. More continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.

cells with the necessary phosphoric food element, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 22 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health. Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Fredrick Koile, M.D., editor of New York Physicians' "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital to increase

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.

strength and nerve force and to enrich the blood. Joseph D. Harrigan, former visiting specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance." Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret, nostrums, so-called tonics or widely advertised "cure-alls."

CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on flesh.

KIWANIS CLUB LUNCHEONS.

Kiwanis Club held their weekly luncheon at the King Edward Hotel yesterday. Jules Brazil was the speaker of the occasion with an address, "Behind the Scenes in Song-land," in which he dealt with the songs of today and the history of a song from composer to public.

Mr. Brazil also spoke on the Canadian copyright law and its defects, expressing a hope that Canadian writers might soon find full protection under more efficient legislation. He made an urgent plea for songs "made in Canada."

APORITO Ophthalmologist and Optician, LAIDSE ST. WEST, Suite 33.

CASES SEE MAYOR. Received a deputation yesterday from the Amputations' Association to discuss such a holding of a tag day for a few days and note the first application to amputations and said that he granted free rides to the war, private committee to do so.

Do When es Go Wrong. ALIST'S ADVICE. en who suffer from weak easily, can't sleep, have daily general weakness, dulled ambition, lack of those symptoms that from poor, unsteady, un- give nerve force run low, a little Ferro-Peptine for a few days and note the first application to amputations and said that he granted free rides to the war, private committee to do so.
