**Former Meat Inspector and Secretary He Accuses**

WASHINGTON, D. C., June 13.—President Roosevelt and James Wilson, his secretary of agriculture, did not need a sensational novel to inform them of the grave and pressing necessity for a reorganization of the meat inspection service of the Bureau of Animal Industry in western packing houses. Not only once, but many times, were the president, Mr. Wilson and the former chief of the Bureau of Animal Industry informed that the service was radically wrong; was conducted by persons who were habitually negligent and managed in such a manner as to injure health. This information was conveyed to them all officially by one of the best known inspectors in the service. He appealed for reformation to the chief of the bureau, to Mr. Wilson and to the president. The Herald presents today voluminous extracts from the correspondence. The man who gave the government the information which should have led to reformation years ago, instead of now, is Dr. J. C. Milnes, a trained veterinarian, who was in the service from 1898 until 1905, and was stationed at various times at Kansas City, Leavenworth, Wichita, Waterloo and Chicago. Dr. Milnes seems to have been a conscientious worker for the government. He deemed it to be the duty of an inspector to inspect. He became unpopular with the packers in whose yards he was performing inspection duty, and also with inspectors under him. He freely reported abuses to the bureau at Washington in order to remedy evils that seemed to him to be particularly flagrant. He also carried out his orders to inspect all animals killed and to condemn those afflicted with tuberculosis, and order them to the "tank" where the steams were turned on and they were rendered into fertilizer. If Dr. Milnes had remained silent he might at this time be enjoying promotion in the department, instead he is in private life, and all efforts to get reinstatement at the hands of the secretary of agriculture have failed.

**THE GENERAL ASSEMBLY**

**Question of Union With Anglicans and Baptists to be Considered --- New Treasurer Appointed.**  
LONDON, Ont. June 14.—The report on church union was again discussed by the General Assembly yesterday morning. After much discussion it was decided to enlarge the scope of the deliberations to admit Anglicans and Baptists. At the afternoon session the assembly appointed Alex. Warden to the vacant trusteeship at a salary of \$200. He is the son of the well known late Dr. R. H. Warden; is only 27 years old and has been all his business life of eight years in the service of the church, and will now stand financial crises equal to the presidency of more than \$200,000 of contributions went through his hands, and a total of \$3,000,000 handled. There was no other candidate mentioned in the assembly. They have, however, passed a code of rules to govern the appointment, and of the adjustment of the duties Dr. John Somerville, of Owen Sound, was elected joint clerk and statistician at a salary of \$3,000 which appointment was unanimous. There will now be two men who will share the duties performed so well by the late official, yet both will not equal his salary.

**DIPHTHERIA AT NEW ZION**

**BRIGGS' CORNER, June 12.**—A virulent form of diphtheria has broken out in New Zion, Sunbury county. Three members of the family of William Graves have been taken down with the disease, his wife and two children, one of the latter a babe of ten months old has died, and the other two are improving. Two members of the family of Gideon George were sick with the same disease, but the attending physician, Dr. Nugent, is hopeful of their recovery. The question of supplying free anti-toxin to these poor families will be laid before the municipal council of Sunbury at the approaching meeting next week, when proper steps will in all probability be taken to lighten the burden of expense on the afflicted families of New Zion. George Langin, a youth of fifteen summers, engaged at the head of the chute in King's mill, where the lumber is taken from the mill to the wharf, met with a severe accident by being drawn in by a wheel and whirled round until all his clothes were stripped from his body, with the exception of his boots and socks. George was able to walk home, but his bruises were sufficient to confine him to bed.

**CHURCH UNION QUESTION**

**Discussed at Well Attended Meeting in Queen Square Church Last Night.**  
The ministerial session of the St. John district of the Methodist church opened in the Queen square church yesterday. It was recommended that Rev. Dr. Evans, James Duke, H. J. Clarke, J. A. Clarke, M. A. F. H. W. Pollock and Charles Comben be continued in superannuated relations. J. E. Shanklin, a probationer, was passed. In the afternoon plans for advancing the church's work were discussed and Messrs. Stebbings and Bell, candidates for the ministry underwent examination. Last night there was a fair attendance at the meeting held in the Queen square Methodist church for the purpose of discussing church union. Rev. C. W. Hamilton occupied the chair, and Rev. David Lang, Rev. Dr. Wilson, Rev. Mr. Hindley and Rev. Dr. Pothiering were present. Rev. Mr. Hamilton introduced Dr. Wilson as the first speaker. Dr. Wilson said that he favored the union since 1831. The speaker advanced five reasons for his favoring the union, namely: 1. By union one of the ministers could be relieved for service elsewhere; 2. saving in money; 3. greater influence and strength; 4. little else; 5. no one person or one meeting the origin of the scheme. Rev. Dr. T. F. Pothiering, Presbyterian, read a paper after listening to the preceding speaker, he had to admit that his views against the union had been modified. He perceived himself to be in error on record as favoring the union. Rev. Mr. Hindley, acting pastor of the Congregational church, said that he, too, was in favor of the union.

**Not Sleeping Well.**

Without sleep there can be no bodily or mental vigor, consequently sleeplessness is a dangerous condition. Nothing so surely restores sleep as Ferronox; it's harmless—just a nourishing strengthening tonic. Ferronox vitalizes every part of the body, makes the nerves healthy, completely rebuilds the system. The cause of sleeplessness is removed—health is restored and energy composed. Get the new after using Ferronox. Don't get off—Ferronox costs 50c. per box at all druggists. Get it today.

**THE S. S. CONVENTION**

The Sunday school conference resumed at session yesterday afternoon in Trinity church. The following telegram was sent to His Lordship Bishop Kingdon: To the Right Rev. the Lord Bishop of Fredericton: "The Diocesan Sunday School Conference now in session send affectionate greetings and regret your lordship's enforced absence through illness; praying the Great Head of the Church to sustain and bless you."

**MONCTON NEWS**

**MONCTON, June 13.**—Although this is the quiet time in freight traffic on the Intercolonial, yet just at present there is considerable coal moving over the road. The coal being hauled is for the I. C. R. and comes from Cape Breton. Prof. Moses White, a former resident and leader of the old Moncton cornet band, is making a name for himself in Boston, to which city he took up from St. John a few years ago. Prof. White is a talented violinist, and recently composed a symphony which is to be rendered next at the Boston Symphony Orchestra. C. S. Osmen, M. P. F. for Albert, returned this morning from a week's fishing on the Northwest Miramichi, bringing with him three salmon and a fine box of trout. Mr. and Mrs. F. E. Moore arrived home this morning from Memphis, Tenn., where Mr. Moore was attending the annual convention of the Brotherhood of Locomotive Engineers. The members of the different railway brotherhoods on Sunday next will attend divine service in a body in the United Baptist church. Rev. E. B. McLatchey will deliver an oration specially for the brotherhood men. The annual roll call of the United Baptist church will be held tomorrow night. Rev. F. S. Bamford of St. John will be the preacher for the occasion. Mrs. E. A. Williams, wife of the I. C. R. chief detective, arrived in the city this morning from Quebec. Mr. Williams has recently taken up his residence here. O. E. Rennie, a well known Toronto traveller, representing J. Harris Co., and uncle and aunt of the late Mr. Williams, arrived in Moncton, the guests of Mr. and Mrs. William Dennison. The staff of the branch Bank of New Brunswick, which opened its doors here on Monday last for business, consists at present of A. E. Williams, manager; B. E. Fielding, accountant; and L. F. Gross and G. S. Graves, junior clerks. Ezekiel Taylor, one of Moncton's oldest residents, yesterday celebrated the 82nd anniversary of his birth.

**LAST NIGHT'S MEETING**

**Mayor Sears and W. F. Hatheway** Addresses Gathering of Mill Men in Union Hall. The meeting of mill men last evening in Union Hall was large enough to take up all of the seating capacity. Addresses were made by Mayor Sears and W. F. Hatheway. The men then assembled in private and a committee representing all of the mills was formed. This committee will meet again today to take steps toward procuring a hall, and to further perfect organization. Mayor Sears referred in a general way to the present troubles without committing himself very much either way. Mr. Hatheway said he was in favor of union, considering it more satisfactory for employer and employe to confer in that way. He condemned the present income tax and hoped the present commission would suggest a remedy. Referring to the question of wages he advised the men to telegraph the labor bureau to send one of their officers to investigate the conditions of their employment. He said that if he were a mill worker he would be in favor of going to work tomorrow and awaiting the result of an investigation by a government official before deciding to continue the strike.

**COME-ABOUTS**

Harry Concan and Miss Julia E. Burns of Bellefleur were united in marriage at four o'clock yesterday. The ceremony was conducted by Rev. P. J. Stackhouse at the residence of H. Brown, Forest street. The bride was unattended and wore white voile and silk. After the ceremony supper was served, and at seven o'clock the happy couple left for a two weeks' trip in Upper Canada. On their return they will reside at 13 March road. Sheriff J. A. McQueen, of Dorchester, was in the city yesterday. He says the search for the missing Cremer children is still going on, but so far without result.

**OBITUARY**

**JOHN A. MORRELL.**  
John A. Morrell, a well known resident of Dorchester street, died at his home early last evening. For some time the late Mr. Morrell has not been engaged in active work owing to being troubled with heart disease. Yesterday he returned from Kars, Kings Co. In the afternoon about five o'clock his son and wife returned home and the form discovered his father seriously ill lying on the kitchen floor. Dr. W. J. Morrison was summoned, but when he arrived Mr. Morrell was dead. The deceased was a well known man and was born at Kars, Kings Co., sixty-five years ago. The funeral will take place at Kars. R. Murray Boyd, chartered accountant, was struck by an N. B. Southern train yesterday afternoon and had a narrow escape from death. Only the prompt action of the engineer and the fact that the train was not going at any great speed saved him. He was returning from Seaside Park by way of the railway tracks, when he was struck and thrown about 5 or 6 feet. Except for a slight pain in the back he is feeling all right.
