

TEST IS GIVEN YOUNG MEN IN QUICK DEBATE

At St. Andrew's Kirk Reading
Man Wins Over
Traveler

The Young Men's Club of St. Andrew's Kirk had a record attendance at its meeting last night. W. E. Campbell presided, and Fred Cery presented his report as the delegate from the club to the Young People's convention held in the Exmouth street church. Rev. J. S. Donnell, honorary president, continued his lecture in the public speaking course, and a large number of the members present took part in the discussion, obtaining excellent practice in speaking in public.

YOUNG MEN DEBATE

An impromptu debate was then staged. Two teams of five members each were selected, and the subject was not announced until the speakers were on the platform. They were then given three minutes for each team to prepare its arguments. The resolution was as follows: "Resolved, that the man who reads obtains more information than the man who travels." The speakers were: Affirmative, Keith Allan, Bert Corbett, Stewart Trethowan, Fred Cery and P. E. Heiner, negative, J. J. Murray, H. MacFarlane, L. S. Sewell, W. J. MacDonald and W. W. Rogers. Each speaker was limited to one argument and a speech of two minutes length. The rebuttals were delivered by Mr. Cery and Mr. Murray. The audience vote gave a majority to the affirmative. Mr. Donnell delivered a critique giving helpful suggestions, and complimented the members on the remarkably good showing they had made in impromptu debating. Four games of volleyball were enjoyed at the close of the meeting. New members are enrolled at each of the meetings and the enrollment last night had reached 22. It was announced that the subject for the course at next week's meeting would be "Better English in Speaking and Writing."

SAYS EMPIRE NEEDS MANY VOLUNTEERS

Lord Willington Accepts Title
of Honorary Colonel of His
Guards

OTTAWA, Ont., Nov. 3.—"I always feel the greatest pride in the fact that in the British Empire there are always to be found those who will do this volunteer service, and do the job well at the call of duty. I am very proud to have the privilege of being honorary colonel of the Governor-General's Footguards." So declared His Excellency, Lord Willington when he last night accepted the title of Honorary Colonel at a meeting of the regimental mess. Speaking to the officers, the governor called his period of service as a subaltern with the Sussex Artillery, and later with the Sussex Imperial Yeomanry.

NORTON INQUEST OPENS THURSDAY

Coroner to Continue Probe of
Death of Leonard Begley
There Recently

The inquest into the death of Leonard Begley, 19, of Norton, which opened on Monday night and adjourned without the jury having to render a verdict, will be resumed on Thursday afternoon at 1 o'clock at Norton. Young Begley was on the station platform at Norton badly injured and he died shortly after his removal to hospital. Although some 15 witnesses were heard at the inquest on Monday night, the jury felt the evidence was not complete without having heard statements of the train crew of the freight which passed through Norton shortly before young Begley was found on the station platform. The train crew will be present at the inquest on Thursday. Dr. Gilchrist, the coroner, stated last night.

TO DARKEN HAIR APPLY SAGE TEA

Common garden sage brewed into a heavy tea with sulphur added, will turn gray streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store ready for use for only 75 cents. This is the old-time recipe improved by the addition of other ingredients. While wavy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

ACROSS CANADA

LIVERPOOL, N. S.—Two youths from Sable River earned real laurels for themselves the other day. They were Ralph Harlow and Everett Thedy of West Sable River, age 16 and 17, respectively. They went in the woods on Wednesday night and returned on Friday afternoon with a moose and a deer. This was their first experience in moose-hunting, and they only fired two shots, each one bringing down its prey.

MONTREAL.—The lost \$5,000 diamond and pearl-studded bracelet watch belonging to Mrs. Ina Norris, wife of the Hon. I. N. Norris, chairman of the special committee of organization for Queen Mary's tour of Canada and the United States, was found by an employee of the Forum and turned over to the police here, where it was traced to a lost watch by Mrs. Norris while attending, as a member of the party, an opera by Chialpini.

ST. THOMAS.—Two of the biggest passenger locomotives of the C. N. division of the M. C. R. hauled an unusual mixed train out of here for Windsor. The train comprised over 400 loaded and empty, the latter being mostly flats, tank cars and coal cars. Engines Nos. 8,900 and 8,801 hauled the train.

TORONTO.—Liquor consigned to foreign countries which is held up on route on Ontario soil for any reason and leaves the possession of the carrier will be confiscated and the consignor prosecuted for having liquor in a place other than a private dwelling if an appeal now before the Supreme Court of Canada is disallowed. Attorney-General W. H. Price, of Ontario, warned liquor export companies.

NIAGARA FALLS, Ont.—The ashes of George H. Cooper, of Rochester, who shot himself and dropped into the Niagara river, will be thrown into the river. The body, recovered recently, has been cremated, and Mrs. Cooper has given instructions that the ashes be thrown from the upper bridge from the point at which the suicide took place. There will be no opposition from the authorities.

VICTORIA.—While provincial police officers and friends were searching the woods of the Sooke watershed, questing through the heavy timber slopes of the mountain, about Jack Lake and Look Lake and combing the country for miles around for Benjamin Soper, missing, the object of their search was peacefully sleeping in a farmer's cabin, about 10 miles from where he was supposed to be wandering.

RENFREW.—Declaring that economic life of people in many portions of Renfrew and adjoining counties is threatened by the timber wolves, Rev. Father J. P. Harrington, parish priest of Mount St. Patrick, has taken action upon for action by the authorities responsible to stamp out the ever-increasing number of these animals. It is the township of Broomham alone during the last year more than \$1,600 worth of sheep were destroyed by these ruffians.

EDMONDS, B. C.—Two reports of reckless shooting were made to Burnaby police on Monday from North Burnaby. A woman reported that a bullet had been fired through the front door of her home, and a man reported that a boy, riding on a large auto truck, going towards Vancouver, had fired a revolver shot through a window of his house.

VANCOUVER.—Heavy shipments of storage eggs are now moving from Vancouver to the Eastern Canadian market, an average of a carload a day having rolled for the past week. Demand is firmer in Montreal, and in Glasgow there is a substantial stiffening of the market. Some of the eggs are likely to find their way to the British market.

Receipts of fresh eggs are increasing. Peevers are now practically off the market.

MATERIAL DISTRIBUTED

Material for making into garments for charitable gifts was distributed at a meeting of the Saint John W. C. T. U. yesterday afternoon at which Mrs. Hodge Thompson presided. Prayer was offered by Mrs. Seymour, Mrs. Albert Nichol and Mrs. Thompson. Readings were given by Mrs. J. D. Seely and Mrs. Nichol. A collection for flowers was taken.

B-Y'S CLUB

After class meeting last evening, the B-Y's Club enjoyed a social at the Y. M. C. A. with 38 present. A sing song was led by Harold Williams with Joe Willis at the piano. The club has arranged for Sunday morning services and the first of these will take place on Nov. 7. During the evening refreshments were served.

The Kitty-Katy Letters

Confidential Communications Between Two Charming Girl
Friends—One Married

DEAR KATY:

When you get this, you will have returned from Fredericton. I am just as anxious as you are to see you. I like it all right. I should not scold him too much if I were you because he may have been led astray by some of his old pals. You know that Kilping or somebody said that a real man can't be expected to be a "plaster-paris saint"—or was it Emerson who said that? Well, anyway, even my Tom was in jail once for speeding or something and I have never nagged him about his wildness during his "salty" days.

I hope you did not buy your piano or anything else out of town, because the same instruments at no higher prices so why shouldn't we be loyal as well as sensible?

Gladys Merryse is coming over to Saint John again and she wants to meet your Jack again if he is home by that time.

Lovingly,
KITTY

NOTE—Katy returns from Fredericton—see her letter tomorrow. Did she Jack a piece of her mind? (Reply Tomorrow)

CONVICT ACTED AS WARDEN IN PRISON

Guarded Gate While Sentry
Went Off Duty to Nearby
Town

PARIS, Nov. 3.—Versailles has had a very narrow escape of being overrun by the criminals and suspects, including a number of alleged murderers, who inhabit its prison of Saint Pierre, in which the notorious Landru spent his last days. It has been saved from such a calamity by the honesty of a convict. One of the prison warders, whose kindness is evidently stronger than his sense of duty, recently struck up a friendship with one of the prisoners, Jules Gauchard, who is awaiting trial on a charge of murder.

CONVICT SELECTED

One Sunday night recently when he was warden on duty for the whole prison, he suggested to Gauchard that they should go out together for a drink and a game of cards in a nearby town. "It will break the monotony for you," said the kindly warder. The question who was to be left in charge of the prison during the warden's absence was solved by releasing from his cell Charles Landron, a convict who is serving a term of five years for burglary. He was released in the warden's lodge at the prison gate and the keys of the whole place handed over to him for safe keeping during the warden's absence. All might have been well had not Landron decided to enjoy an evening pipe at the prison gate. A convict was sent him there in his prison clothes gave the alarm, and when the warden and his prisoner friend returned they found the prison governor and a police inspector. The warden has resigned, but the honest convict, Landron, who might, had he wished, have set all the prisoners at liberty and escaped himself, has hopes that his faithfulness to his trust may gain him the remission of part of his sentence.

Children Given Happy Time At Y. W. Gymnasium

About 60 children of the Junior classes of the Y. W. C. A. gymnasium were present at a greatly enjoyed Halloween party at the recreation centre yesterday with Miss H. McCready, physical director. The children had a wonderful time playing games and there were prizes for games won. The prize for the prettiest costume and Olga Von Richter as a pioneer won the prize for the most original. In the games Allison Niles and Ruby Kuntzky. Fortune telling delighted the young people and also they were regaled with refreshments. Mrs. Colwell assisted in taking charge of the refreshments and those who assisted with the games were Mrs. Donaldson Hunt, Mrs. H. T. Campbell and Mrs. Harold Hooper. The prizes were presented by Miss E. Poore, general secretary.

Hundred Little Ones Entertained At Church Institute

The children of the primary department of the German street Baptist Sunday school were entertained at a enjoyable party in the Baptist Institute yesterday afternoon when about 100 children ranging in age from two and a half years to 11 years spent a happy time. Games of all kinds were played with Miss Lou Estey, Miss Edna Colwell and their kindergarten assistants taking charge of the play. Allan McBeath directed the games for the older boys. Many of the mothers and a number of visitors were present also. Delicious refreshments were served. The members of the Weavers group of the C. G. I. T. assisted in serving. The children brought to the party the summer time collecting banks and these were found to contain a sum in excess of the amount expected.

NEW WITNESSES

LOS ANGELES, Nov. 3.—A new witness who says she saw the mystery woman who occupied a cottage at Carmel with Kenneth G. O'Connell, fugitive, was called yesterday entered the Alime Semple McPherson case when a letter was received by the woman who occupied the Carmel cottage last May, was "a religious woman."

VENUE IS CHANGED

PORT WORTH, Texas, Nov. 3.—A change of venue was granted last night in the trial of Dr. Frank Norris, charged with the murder of D. E. Chippie. The application for the change was made by attorneys for Norris, who maintained he could not get an impartial trial in this county.

44 Nurses Start To Write Examinations

Forty-four applicants sat for the nurses' examinations in the lecture hall of the nurses' home of the General Public Hospital at 10.30 a.m. today. Passing the examinations successfully entitles the candidates to be known as registered nurses. The examining board members are Dr. W. W. White, Dr. G. C. Van Wart, Frederickton, St. Catharines, of the Saint John Infirmary, who replaces Miss Arthur Brant, who has resigned, Miss A. J. McMaister, of Moncton, and Miss Maud Retailick, the secretary.

The nurses who have applied to write the examinations are from New Brunswick, Massachusetts and Montreal hospitals.

SENATOR PASSES ON

DULUTH, Minn., Nov. 3.—Luther C. Harris, 64, former congressman from this district and United States senator for a short time, committed suicide yesterday by jumping into the Duluth canal here. The railway workmen are also building a large new water tank at Point du Chene. The base is of concrete and the tank will be of wood.

D. J. Dolton and Son have begun work on an extension of their clam canning building on the long wharf at Shediac. The extension will be about 30 feet in length.

PT. DU CHENE GETS NEW ROUNDHOUSE

C. N. R. Has 20 Men Busy
Replacing Burned Building
With Other New Work

SHELDIAK, Nov. 2.—The Canadian National Railways management is rebuilding the brick roundhouse at Point du Chene which was badly damaged by fire last April. About 20 men are engaged on the work. The building will be several feet longer than it was originally, but will not be so wide. The old roundhouse was built about half a century ago. The railway workmen are also building a large new water tank at Point du Chene. The base is of concrete and the tank will be of wood.

WANT MONTREAL SUPPORT.

MONTREAL, Nov. 3.—A delegation from the Abitibi district waited on Mayor Martin yesterday to obtain the support of the Montreal City Council for reiteration of its stand twelve years ago that Montreal should be directly linked up with the Transcontinental Railway from Winnipeg to Edmundston, N. B. Today's delegation consisted of Mayor T. A. Lalonde of Amos, centre of the Abitibi and Hector Authier, M. L. A., for Abitibi.

Simple Application That Dissolves Blackheads

No more squeezing and pinching to get rid of those unsightly blackheads, blackheads. There is one simple, safe, and sure way to get them out, and that is to dissolve them. Get about two ounces of peroxide powder from your druggist—sprinkle a little on a hot, wet cloth—rub briskly over the blackheads for a few seconds—wash the parts, and every blackhead will be gone. Pinching and squeezing out blackheads make larger pores, and you cannot get all of the blackheads out this way—while this simple application of peroxide powder and water dissolves every particle of them and leaves the skin and pores in their natural condition.

TINY CAMERA USED IN EXAMINATIONS

Invention of Berlin Doctor Replaces X-ray Photograph, Says Report

BERLIN, Nov. 3.—What is doubtless the tiniest camera in the world is part of a medical apparatus invented by Dr. Elsner, of Berlin. Dr. Elsner explained in a lecture that hitherto all examinations of the human stomach on living persons had been made by X-rays, but direct photographs were more satisfactory. Dr. Elsner uses a long tube passed through the mouth into the stomach, to the end of which is fitted a tiny electric light and periscope mirror. The camera is at the other end of the tube, and the lens is just large enough to admit a reflected picture of the inside of the stomach. Seven different pictures of the walls of the stomach can be made in quick succession, and the negatives are enlarged. This series covers the whole interior so that an absolutely reliable diagnosis of the patient's disease can now be made.

Nurse's Advice

Rid Her of Pimples
Brooklyn Mrs. Minnie Penner writes—My pimples and black heads got so bad I feared it was eczema. I consulted in a nurse friend of mine. I had been troubled with constipation and indigestion for some time. She advised me to try Carter's Little Liver Pills. You can see by my picture that the treatment has done wonders, and I am now free from constipation. Chronic constipation many times causes pimples. Carter's Little Liver Pills encourage the bowels to eliminate the poisons. BOTTLES, 25 & 50 cent packages.

WHAT IT MEANS TO OWN A—

Genuine Burberry Overcoat

Burberrys and English Climate.

The English climate plays a large part in giving Burberry Overcoats their world-famous combination of light weight and great warmth. Few people realize this fact—that woollens worked in the moist climate of the British Isles retain certain natural qualities of the raw wool which are lost when the wool is woven in harsher, more metallic climates. Every stage in the making of a Burberry takes place in England, from the first free-swinging design to the last touch of expert tailoring. Burberry smartness is often imitated, but has never been equalled.

Fall weight . . . \$46 and \$65
Winter weight . . . \$63 to \$94
Sold exclusively by M. R. A., Limited, in Saint John.

(Dress Goods Dept.—Ground Floor.)

You Can Expect Great Things of The Greater Hoover

The Greater Hoover so far surpasses the fondest hopes of those who know what should be expected of an electric cleaner that it leaves no room for doubt as to its superiority over other modern cleaning devices.

Review in your mind what you've always hoped, some day, to find in the cleaner you will eventually own. Then, see this new triumph of the world's oldest and largest maker and you, too, will admit that
IT FAR EXCEEDS YOUR ANTICIPATIONS!
You can safely expect great things of this new Hoover for the ability to do great things has been built into it. Indicative of this is the fact that, due to its revolutionary new principle, "Positive Agitation," it will remove, in the same cleaning time, 101 per cent. more dirt than did the previous model.
