First Moderator of United Church Speaks at 78th Anniversary

Rev. Dr. E. Leslie Pidgeon, of Erskine church, Montreal, first moderator of the United Church of Canada, was the special preacher for the 78th anniversary services in St. David's church vesterday and thronging congregations attended both morning and evening.

Dr. Pidgeon delivered messages of great inspiration and eloquence. The full choir of the church rendered spec-ial selections very beautifully. A special thank offering of \$2,000 was asked of the congregation on the occasion of the anniversary in order to close the year without a deficit and so splendidly did the congregation respond that the amount received was \$2,272.28. Rev. Hugh Miller, the minister, in making the announcements of the day, stated that the fine new concrete walk that that the line new concrete walk that had been laid down from the sidewalk to the entrance of the new memorial hall was the gift of J. W. Brittain, chairman of the board of trustees, who on other occasions also had been a most generous donor to the church. most generous donor to the church. DR. PIDGEON

Dr. Pidgeon in his morning sermon spoke of the soul's search after truth. Alan, of Hyde Park, Mass., and Robin. He prefaced his evening address with at Salmon River. Two sisters also survive, Mrs. E. His evening theme was "The Soul's Thirst for God." He showed that nothing in life was fully satisfying to man except God and always man was spurred on to every effort by his soul's endeavor to find itself and all the weariness and doubt were the soul's protest against the pursuit of finite things.

The funeral cortege at Greer Settlement Saturday afternoon was long and testified to the esteem in which the deceased lady had been held. The funeral service was conducted at St. Martins United church by Rev. J. S. Millidge, assisted by Rev. William Swan, of St. Martins. Interment was made in Greer Settlement cemetery. -THIS, ADVISE DENTISTS, TO CLEAR THE TEETH OF FILM

What the Film on Teeth, to Which Many Tooth and Gum Disorders are Ascribed, Actually Is

By running your tongue across your teeth, you will feel a film; a slippery sort of coating. Ordinary brushing does not remove it. Film absorbs discolorations from food, smoking, etc. That is why, according to leading dental opinion, teeth look dingy and "off color." Film clings to teeth, gets into crevices and stays. It invites and breeds the germs of decay. And that is why it is judged so grave a danger to the teeth by authorities. Film is the basis of tartar. And tartar, with germs, is the chief cause of pyorrhea. That is why regular film removal is urged as probably
