SAD NEWS COMES TO ST. JOHN HOME

Body of William Latimer's Son is Found in Texas.

Badly Decomposed, is Telegram Statement—Wire Asks for Details.

To receive word that the body of his son had been found, badly decomposed, was the sad and shocking news which came this morning to William Latimer, a C. N. R. brakeman, who resides at 101 Gilbert's Lane. The telegram came from Hoxie, Texas, to L. R. Ross, local superintendent, and he conveyed the distressing message to the father. The telegram merely stated that the body of the young man had been found badly decomposed and identification had been made by means of a C. N. R. service card which was found in the pocket of his overalls, with his name, William R. Latimer.

The young man left here about a year ago and had been working in Los Angeles, Cal. Some time ago he wrote to his father and asked him to procure a service card from the C. N. R., as he had been employed on that railroad for two seasons. The card was forwarded to him in care of the Hotel Capital, and since that time nothing had been heard about his movements.

The news came as a great blow to his father, relatives and friends. A telegram was immediately sent to Hoxie asking for full details. Pending receipt Mr. Latimer was unable to say whether or not the body would be brought on here for burial.

At the age of seventeen years the young man enlisted with the First Division Ammunition Column, and went overseas during the war and was in active service during the war and was killed without an injury. Companions say that he was one of the most daring in these Canadian units and was well liked by his comrades in arms as well as his superior officers.

He was in his twenty-seventh year, and besides his father, is survived by two sisters, Miss Hazel Latimer, R. N., and Mrs. Guy Nichols, both of this city. The deep sympathy of a wide circle of friends will go out to the members of the bereaved family.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "have you a spatter or better about the place?"
"I got some out in the back pasture," said Hiram.
"I would like to borrow one for a day or two," said the reporter.
"What in time could you do with one?" demanded Hiram.
"Take it down to the boulevard on Queen Street and let it eat down the grass," said the reporter.
"Haint it never been cut?" queried Hiram.
"Some of it is a foot high," said the reporter.
"Don't that beat all," said Hiram. "What you want is a sheep—it'll nip the grass closer. But hold on—mebbe it haint orto be cut. Mebbe it's an object lesson. Over in Germain street they show how grass in a boulevard that way to show how it orto be kept. Mebbe they're gonto live pictures took for some feller to show that's lecturin' on boulevards. You better find out."

"Ah," said the reporter. "I did not think of that. You may be right."

"Well," said Hiram, "I'd make sure—if I was you—yes, sir."

GAME TONIGHT.

The Civics and Customs House teams of the Civic and Civil Service League will meet tonight on the East End diamond at 7:15 o'clock. Each team is out for honors. A hot contest should be in store for the fans. Manager Buckley of the Civics has strengthened his team and will have as his battery McGachern and Gormley, while Manager Yeomans of the Customs House will send Logan and Murray to the mound.

Union and Prince Edward Streets Illuminated Through Ornamental System—Daytime Trial Satisfactory; Will Attract Many This Evening.

The first hydro lights in St. John were seen this morning when the preliminary test of the Union street section of the ornamental street lighting was made. A short time before noon the switch was closed at the sub-station and the "juice" started on its way to the lights in Prince Edward and Union streets. Those who were there at the time were surprised and pleased when the lights were seen in the handsome lantern type lights as it was not expected there would be a test until tomorrow. It was impossible to judge in daytime what showing the new lamps would make, but it was demonstrated to the satisfaction of the engineers of the Civic Power Commission that everything was O. K. and they would be able to give the citizens the new lights for the streets tonight and let them see some actual results for the money expended on the distribution system.

The delay in turning on the juice had led to a certain amount of scepticism as to when the lights would be on, and many questioned the statement of the engineer that he would have lights on the streets before August 1, but he has made good on his prediction and no doubt many will visit that section tonight to see the new system in operation.

SEND 'EM IN.

REV. HUGH PEDLEY STRICKEN ON LINKS

Head of the Congregational Union Well Remembered in St. John.

St. John friends will be sorry to learn that while playing a game of golf at Knowlton, Quebec, yesterday, Rev. Dr. Hugh Pedley, pastor emeritus of Emmanuel Church, Montreal, collapsed and died before aid could be summoned.

Rev. Dr. Pedley was one of the most prominent men of the day in the Congregational Church. He was elected chairman of the Congregational Union of Canada for the third time in June by unanimous consent. Besides being an eloquent preacher and speaker he was widely known as a lecturer and writer.

He was the preacher in the St. John Congregational Church for the seventy-fifth anniversary services. He also delivered a lecture here, entitled "A Book of Matches," a semi-humorous talk. He also gave several lectures at Mount Allison University, Sackville.

Dr. Pedley graduated from the Congregational College, Montreal, affiliated with McGill University in 1877. He was chairman for some years of the Church Union committee and, in this connection made many firm friends in other denominations. Sackville.

Dr. Pedley was born in 1852 in England and was in his seventy-first year. Throughout a ministry of about forty years he had held only three pastorates, in Coburg, Winnipeg and Montreal.

He leaves to mourn his son, Rev. Charles Pedley, pastor of the Congregational Church in Montreal, and two brothers, Rev. J. W. Pedley, B. A., of Toronto, and Rev. Hilton Pedley, D. D., a missionary in Japan.

BOTH TEAMS HOME
Vets From Capital; Saints From Moncton—New G. W. V. A. Pitcher.

The members of the G. W. V. A. baseball team returned to the city last night by automobile from Fredericton where they were scheduled to play two games yesterday, but owing to the condition of the grounds were unable to do so. The trip was uneventful and the boys reached the city before midnight.

Manager Coughlan announced this morning that he expects a new right handed pitcher, "Bill" Hayes, to leave Boston next Sunday and arrive here Monday. He is reputed to be a good man and is expected to bolster up the Vets pitching staff.

The members of St. Peter's baseball team arrived home this morning from Moncton where they played last evening. They expressed pleasure at getting away to such a good start and also paid a tribute to the good work of the umpire, Paul Benson.

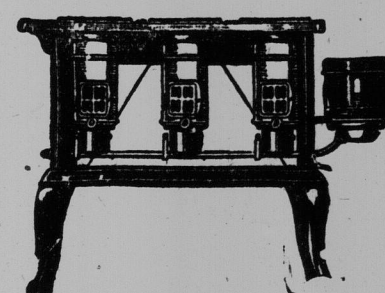

There are no games scheduled in the Two-1 League today, but tomorrow St. Peter's and the Vets will meet here in two games, one in the afternoon at 3 o'clock and the second in the evening at 7 o'clock. Fredericton is booked for two games in Moncton.

One Train Kills Horse; Second One Ends Dog's Life

The C. P. R. trains in and out of St. John went on a killing rampage yesterday and two valuable lives were lost in consequence. The early Montreal ran into a horse, owned by James Evans, on the track in the cutting between Martineau and Morna and wrote "thinks" to its career. Last evening the outgoing Boston caught "Major," fine collie dog owned by Aubrey Smith of Martineau, standing on the track at Martineau station and that was the last of poor Major. Mr. Evans' loss is a serious one as he had just begun haying and the horse was a valuable one.

Poles Injunction Matter Goes Over Till Tomorrow
The application of the New Brunswick Company for restraining the city from erecting poles, projecting through their wires, or within three feet of their wires, which was to have been heard before Chief Justice Sir Douglas Hazen this morning at eleven o'clock, was postponed until tomorrow morning at 10:30 o'clock.
