FIFTH PAIR OF TWINS IN TEN YEARS FOR JUDGE

Jersey City, N. J., March 9—Judge Doherty of the Court of Common Pleas was just leaving the bench for his home when he was informed that he was the father of twins. "My, fine," he said, smilingly. "That's the fifth time, you know." Mrs. Doherty had given birth to twins for the fifth time in ten years. Two of the twins died, but the others are alive. The newcomers are a boy and a girl.

### PURE VEGETABLE BUTTER COLORING

For Coloring Winter Butter and Oleomargarine

DIRECTIONS FOR USE:  
Put the butter or oleomargarine in a bowl and drop on it for each pound ten drops from the bottle of coloring. If using the capsules, pierce one of these and squeeze contents over the butter. Work the butter with a spoon (a large wooden one is best), mixing color in thoroughly, and in a minute you will find the color of June grass butter. Do not heat the butter before mixing; but if it is left in a warm room for a while before mixing it will color more easily. Nearly all butter made in the winter time is colored in this way when it is made.

This color, which is the same as that used by the creameries, is purely vegetable and contains no harmful ingredients.

SNOW SNAKES APPEAR.

Oswego, N. Y., March 9—For the first time since 1897 snow snakes have appeared in the wooded territory near Redfield. The snake is snow white, except for its pale blue eyes. It preys upon snowshoe rabbits, paying little attention to colored objects. The snake speeds to colored objects, and when it is on the trail of a rabbit resembles a miniature rotary snow plow tumbling through drifts.
