SLICING INTO THE ROUGH.

Slicing is poor policy. If they don't give you the brand you as a liar, if they do believe you take two lies of your handpick.

When You Are Entertaining

Making a cup of tea or coffee means a great deal of trouble when a few friends drop in to spend the evening and enjoy a game of auction. It is much more convenient to serve wafers or cake with a glass of RED BALL ALE OR PORTER; and it is even more highly appreciated by your guests. These beverages are put up in convenient packages for home use, and can be served with the least possible trouble.

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING A Close Game
The Braves, by the narrow margin of two pins, won from the Ramblers in the City Bowling League on Black's alleys last evening, 1887 to 1889. Bailey of the winners had two good strings, 108 and 118—and carried off the individual honors of the day.
THE WHEEL
Now Down to Six Teams
At eleven o'clock last night six teams were tied for first place in the New York six-day grind, having covered 2,823 miles, nearly fourteen miles more than the record made in 1913. The leaders are: Lawson-Drohlich, Cameron-Katzer, Moran-McNamara, Goulette - Grenda, Fogler-Hill and Egg-Verri.

BASEBALL
Gowdy Gets Wealthy.
New York, Nov. 20.—Fortune certainly has smiled on Hank Gowdy, catcher of the new world's baseball champions. Aside from his end of the series, about \$3,000, Hank has pulled down close to \$14,000, according to his mother, and a five-year contract and \$7,000 a year await him.
The night after Gowdy knocked that home run drive he was called by a manufacturer. "I'll give you \$50 for your signature to a note recommending my saive," said the manufacturer. A hat concern offered him \$500 for a letter booming its hat and for the right to put out a "Gowdy" special.
A rubber heel company gave him \$800,

certain: All parties in Italy pray for, loudly and fervently, war on Austria and Germany. You will find that when the chamber reassembles this month every deputy will clamor for war—in the spring. No government can stand against the nation that is delirious of assisting in the destruction of the barbarians. Perhaps for the moment it is as well that Italy holds aloof; the Germans are still terribly powerful; by springtime they will be much weaker and then will be the time for the addition of 1,000,000 fresh, well-trained troops, because, rest assured that Italy is now arming slowly but surely.
"England is preparing for the spring at least 1,000,000 men. Italy will then have for certain another million ready. A third million can be expected from Spain, the Balkan States and the colonies. That will mean the beginning of the end. The most terrible battles will be fought on the plains of Westphalia, in the environs of Berlin. It will be the moment for England to assume her position as the head of the world. This war is for her a question of life or death."

GERMANS WEARING DOWN
Million Fresh Men From Italy, Million From Britain, More From Other Countries, Then Beginning of the End
London, Nov. 21.—Why Italy has remained neutral so long is a question which has often been asked here and discussed from various points of view. That she cannot refrain from taking part very much longer, now that Turkey has come in, is a widely expressed opinion. But Italy seems to be in no hurry. She is biding her time and when the time comes to strike, she means to strike hard.
Here is the opinion of an Italian now in London, who is cognizant of the inner workings of the Italian diplomatic mind. Italy, he believes, will take her place beside the Allies in the spring.
"The strength of Germany is truly appalling," he says. "Nevertheless, she has made a grave miscalculation. In reckoning on the lightning rapidity of her action she expected to wipe out France in a month, and to subdue Russia in two months. Today the situation is much changed, and for the worse as regards Germany."
While the Germans have been checked and driven back in France and Belgium, he is not so sure about the permanence of Russia's check in the eastern field of warfare, nor does he look in that direction for "great and decisive victories." But even if Germany were to advance into Russia, "the greater," he believes, "will be the disaster in the wake of Germany. And all this time the army is diminishing, sickness is rife, it is becoming exhausted, while both soldiers and civilians must eat. Corn is being consumed and victuals will become scarce, and how is Germany going to replenish? She must conquer quickly, very quickly—in fact, immediately. A protracted campaign spells her prostration, effacement, starvation."
"In the spring the German army will have lost half its force—if not more. It will, however, still be a terrible force. All the more reason why this sinister power, which is the curse of the whole world, must be destroyed once and for all, never to rise again in coming centuries. If Germany emerges victorious, now and for all time. And this task is reserved for the allies now fighting, and in particular England and Italy, Rumania and the Balkan States, possibly, too, for Spain."
And once and for all regard this as

MIRACULOUS CURE OF ASTHMA

Suffered Terribly For 15 Years Until He Tried "Fruit-a-tives"

D. A. WHITE, ESQ.
21 Wallace Ave., Toronto, Dec. 22nd, 1913.
"Having been a great sufferer from Asthma for a period of fifteen years (sometimes having to sit up at night for weeks at a time) I began the use of "Fruit-a-tives." These wonderful tablets relieved me of Indigestion, and through the continued use of same, I am no longer distressed with that terrible disease, Asthma, thanks to "Fruit-a-tives" which are worth their weight in gold to anyone suffering as I did. I would heartily recommend them to all sufferers from Asthma, which I believe is caused or aggravated by Indigestion."

and with ten suits of clothes for his home-run sweat Hank received other minor gifts. And this was not all. On top of that came Hammerslein's offer of \$1,000 a week for ten weeks to appear on the stage. Wealth threatens to follow him.
RING. News of the Boxers.
Dan. Saunders writes to the Boston Globe—"Leachie Cross and his brother Sam should be satisfied that Gilbert Gallant is Leachie's master in the ring, after their bout in New York on Wednesday night. Patsey Haley, who decided against Cross in the latter's battle here with Gallant, surely has the laugh on Cross' brother. After the first bout Sam Cross wired to Lie papers in New York, and other big cities of the country that Referee Haley had robbed Leach by deciding against him."
Yelle, a Punton lightweight, is going to have a chance to meet Champion Welsh at the Atlas A. A., Boston, on next Tuesday night. He forfeited \$50 that he had posted for a bout in

GIRLS! LOTS OF BEAUTIFUL HAIR NO DANDRUFF--25 CENT DANDERINE

Hair Coming Out? If Dry, Thin, Faded, Bring Back Its Color and Lustre
Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.
A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance and incomparable lustre, softness and luxuriance.
Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.
