MAYOR HINTS AT \$10,000 FUND TO GET INDUSTRIES

Says Council May Be Asked for Vote for That Purpose

WAR MEMORIAL MATTER TOUCHED ON

Douglas Avenue and Princess Street Building Also Before Commissioners

At a meeting of the city commissioners today Mayor Potts announced that he had in mind asking the council to vote \$10,000 to be at the disposal of himself and two commissioners to be used for the purpose of trying to induce new industries to come here but he would not make the motion now. He would like the other members of the council to think it over.

WAR MEMORIAL

An invitation from the committee in charge of the setting up of the War Memorial to the council to attend the unveiling on May 18 next, was received and accepted.

Mayor Potts said there had been a great deal of fuss over the location of the monument and he felt it not fair to put the blame on the council. He felt the committee should have come to the council and had a site fixed before they asked for subscriptions.

CITY BILLS

Mayor Potts asked if there had come any notice as to when the city bills were to be taken up by the Legislature. The common clerk said he had not received any notification. He wished said he would like to have the time set for Thursday of this week or else deferred until next week.

Commissioner Fink moved that the offer of R. F. Cornwall and Miss Mary E. B. Brown, heirs of the Chubb estate, to convey to the city the shore rights at Tucker Park be accepted. Carried.

Commissioner Fink brought down the correspondence in connection with the proposed overhead bridge at the western end of Douglas avenue. No action was taken and the Commissioner said he would bring in a report and recommendation.

Princess Street

Commissioner Harding reported that the building inspector had written a letter to G. A. Cameron informing him that a permit for a fire proof building in Princess street would be granted when the necessary plans and specifications were filed to show that the building would conform to the building regulations.

DECIDES BOARD HAS JURISDICTION

J. M. Trueman Makes Announcement in Matter of Street Railway Extension.

J. MacMillan Trueman, chairman of the New Brunswick Board of Public Utilities, this morning announced that he had decided that the Board had jurisdiction to hear the applications of the residents of East Saint John for the extension of the street railway lines from their present ending to Lee's brickyard. The hearing, he said, would in all probability be held at the next regular meeting of the Board, April 22.

IN ANNUAL SESSION

Municipal Chapter I. O. D. E. Meets Today—Good Reports on Year Presented.

In the absence of Mrs. G. Heber Vroom, regent, Mrs. Fred R. Taylor, first vice-regent, presided at the annual meeting of the Municipal Chapter, I. O. D. E., in the Board of Trade rooms this afternoon. Mrs. Douglas V. White read the report of Mrs. Kenneth L. Campbell, educational secretary, who was absent through illness. Miss Frances P. Alward, secretary, gave the report of the activities of the chapter for the past year. Mrs. J. William Hart gave the report as Echo secretary, and Miss Alice Lockhart gave the treasurer's report, which was very satisfactory. She said that the finances were ahead of last year.

The membership was slightly increased. Miss Alward reported. Mrs. White told of the great interest taken in the educational work, and of the increase given to the National War Memorial fund of the order, which fund was organized to aid soldiers' children to higher education. Mrs. Hart reported favorably regarding subscriptions to the Echo.

ROTARIANS SEE PAPER GET OUT

(Continued from page 1.)

The speaker then touched on the functions of the rotary press. In concluding his remarks, Mr. Drummond stated that, as the company had an abundance of faith in the future of Saint John and the Maritime Provinces, plans had already been made to install considerable new machinery, including greater press facilities. One of the most interesting statements made by the speaker was a reference to the newsprint that was consumed in the plant during the past year, every pound so used had been manufactured in the town of Bathurst, N. B.

HANDLING NEWS

A. J. West, Managing Editor of the Telegraph-Journal and Evening Times-Star, briefly told of the various sources of news and the evolution of a news story from the time it is gathered by the reporter to the final operation of putting it into type.

Drawing from his own experience as a foreign correspondent in Europe for the United Press, Mr. West interested the Rotarians with the manner in which the large press associations cover important international meetings and events, pointing out the accuracy and speed with which the media's story is handled.

COMING EVENT.

With his characteristic vigor President Jones spoke of the proposed big concert April 15, and placed the responsibility for its success to each and every Rotarian. The president directed that Rotarians should not only endeavor to dispose of the scheduled number of tickets, but compel the interest of as many people as possible in the project. He also stated that Mr. Wright, manager of the Moncton broadcasting station, had volunteered to broadcast all information relating to the Rotarian entertainment on the evening of April 7, when arrangements have been completed to connect Saint John with the Moncton station for the evening and broadcast from Pythian Castle.

Discussion of the war memorial site took the attention of the meeting for a few minutes. Members expressed the hope that the Rotary Club would not take action in this matter, because there were so many different aspects of the subject.

PRESIDENT IN ACTION.

At the conclusion of the speeches, the Rotarians were conducted through the plant. An interesting feature of the inspection was the fact that the President of the Club, H. Mont Jones, qualified as a full-fledged member of the typographical and press unions. Mr. Jones made up the last form, because there were so many different aspects of the subject.

FIRE DISTRICT MATTER TO GO TO LEGISLATURE

Lancaster Questions Are Further Discussed Today At Conference

HARDING PLAN NOT ACCEPTED

Legislation to Fix Limits—Public Meeting to Be Called

A committee from the residents of Beauséjour and the Lancaster Councilors this morning decided that legislation would be asked for to fix the limits of First District No. 1, in the Parish of Lancaster from Tilton's Corner, westward, and No. 2 from that point eastward and southward, to exempt Beauséjour from the assessment of this year for fire purposes and to hold a public meeting of the residents of Beauséjour to discuss the whole matter of fire protection. It was said that the proposition submitted by Commissioner Harding for fire protection from the city was not acceptable.

Commissioner's Plan

This proposition, as stated by Councilor Campbell, was that the city would buy an additional pump and 2,000 feet of hose and build a new engine house to accommodate them, and add to the fire fighting force on the west side two permanent men and ten call men. For this the city would make a charge of \$8,000 a year. The new pump would cost \$15,000, and the new engine house \$24,000. Or the city would for a sum of \$24,000 a year supply hose and men, the district to house the hose.

Warden Wigmore suggested that the solution of the problem lay in not sending any bill to the legislature and at the May meeting of the council defining the limits of the two fire districts. Under the act which gave the Municipal Council power to alter, amend or extend the fire districts in Lancaster.

The county secretary said this would not make the warrant for 1935 a legal one, and there should be legislation confirming the present year.

Finally it was decided to send a bill to the Legislature as outlined. Councilor Gilling was in the chair and those present were Councilor Campbell, Warden Wigmore and Messrs. E. H. Calma, T. E. O'Leary and George Maxwell.

Privy Council Allows Appeal of Laborer

LONDON, March 30.—A long and complicated legal battle was ended today, when the judicial committee of the Privy Council allowed the appeal of Ouellette, a French Canadian laborer, from a supreme court judgment against the C. P. R. for damages for the death of his two minor children in a level crossing accident at Hull, Que., in 1925.

The C. P. R. fought the case, not so much on account of the General Public amount to \$15,000, but to settle the question as to whether the company ought to have a man on the tender of every engine which ran backwards.

Hears of Accident To Son On Return From Funeral of Father

Special to The Times-Star.

MONCTON, March, 30.—To return home from the funeral of his father and receive a telegram informing him of an accident in which his son lost both feet was the sad experience of J. L. MacDonald, a C. N. R. employee of Pictou, N. S. Mr. MacDonald arrived in Moncton Saturday as a result of the distressing accident which occurred at Lunenburg, his son, Ronald, being the victim.

On Thursday Mr. MacDonald was called to his home on account of the death of his father, Captain Alexander MacDonald, 102 years of age, and he just returned to Pictou when he received the telegram regarding the accident to his son.

LAST C. P. SAILING FROM HERE APRIL 22

Metegama Will Not Come For 23rd.—Montroyal to Be Last Away.

Word was received at C. P. R. headquarters this morning that the sailing of the Canadian Pacific steamship Metegama, scheduled from here on April 23 has been cancelled. She was booked to sail from Glasgow on April 10 and Belfast on the eleventh.

The Montroyal will be the last sailing this season, according to present plans. She will sail from Liverpool on April 9 and will call at Belfast and Greenwich and take on passengers booked for the Metegama. She is due to leave here on her last voyage of the season on April 22.

Two of the company's large liners are due here over the week-end. They are the Minnedosa and the Montclair. The former sailed from Glasgow on March 27 and from Belfast on March 28, and the latter sailed from Liverpool on March 27.

In addition to these two there will be three more steamers coming here this season, the Mellis, Montrose and the Montroyal. From this it will be seen that the passenger liners will be in front of this city on schedule on April 22.

Funerals

Mrs. Mary Riley. The funeral of Mrs. Mary Riley, widow of Edward Riley, was held this morning to the Cathedral of the Immaculate Conception from her late residence, 16 1/2 Brimley street. Mass was celebrated by her nephew, Rev. M. O'Brien. Rev. E. P. Reynolds was deacon; Rev. J. Brown, sub-deacon, and Rev. W. M. Duke, master of ceremonies. Right Rev. E. A. LeBlanc gave final absolution. Relatives were pall-bearers, and interment was made in the new Catholic cemetery. Prayers at the grave were said by Father O'Brien. There were many spiritual offerings.

Mrs. Elizabeth Davis. The funeral of Mrs. Elizabeth Davis was held this afternoon, with service at her late residence, 217 Prince Edward street, by Rev. R. Taylor McKim. Interment was made in Fern Hill.

Mrs. Teresa Kane. The funeral of Mrs. Teresa Kane was held this afternoon, on the arrival of the Boston train, from the arrival parlors of P. J. Fitzpatrick, Waterloo street, to the Cathedral, for service, conducted by Rev. E. P. Reynolds. Interment was made in the new Catholic cemetery. The funeral was to have been held on Sunday, but the body was delayed in Boston. Mrs. Kane was the widow of James Kane, and died on Thursday, March 28, in Malden.

Local News

CHIEF IN CITY. J. B. Hawthorne, chief inspector under the New Brunswick Prohibition Act, came to the city today from Fredericton, on duty in connection with his department.

WILLIAM CAREY DEAD. William Carey passed away yesterday at his residence, 83 Horfield street, after a lingering illness. He was a son of the late Patrick and Mary Carey of Chelsea, and was 81 years of age. He is survived by two nieces, Miss B. Durant of this city and Margaret Carey of Chelsea, and his nephew, William Carey of Chelsea. His funeral will be held Tuesday morning at 10 o'clock from his late residence, to the Cathedral.

GRAIN FIGURES. According to an official report given out at C. P. R. headquarters this morning grain shipments to date aggregate 8,200,000 bushels. This is more than two million bushels less than last year. The total shipments last year during the same period were 10,400,000 bushels. As there are 1,664,000 bushels still in the elevators and 48 more in on route it is expected that the shipments this season will be over 10,000,000 bushels.

THE RIVER ICE.

The mild spell on Saturday and Sunday coupled with a high wind, which prevailed yesterday afternoon, was responsible for breaking up much of the shore ice along the Saint John and Kennebec rivers. The shore broke up and floated away with an exception of one small piece of ice which was stuck around the ferry landing. Captain White of the ferry steamer Maggie Miller announced today that he hoped to be able to start a service from Millville to Summersville and Baywater by Wednesday or Thursday.

Men that smoke will be surprised. Women that save their husband's Coupons will be delighted.

A FOOD FOR THE AGED

Many old people sleep better with some form of nourishment late at night or when they wake in the middle of the night. Hot Purify Milk, plain or modified with a cereal grain, hot malted milk, or hot milk-bouillon with one or two crackers may be given at such a time. If an old person wakes early in the morning, food is often desired before the first breakfast. A glass of Purify Milk at this time is timely and always available. By such addition to the menu, it is likely to come about that the number of meals is increased in extreme old age to five or six instead of three a day. In many ways, the diet approximates that fed to children in the first five or six years of life. Juices, well-cooked cereals, eggs, strained vegetables and especially Purify Milk. The emphasis on building materials is less, and hot and stimulating foods not permissible in early life are usually a part of the aged person's diet. Moderation and simplicity are the passwords to health where old people are concerned.

Be sure to use Purify Milk—it is rich and pure. Phone Main 5000 and order your daily supply now.
