Robbing women of their health. Anaemia, unless checked, passes into hopeless decline.

Anaemia is like a spectre that steals on you unawares and drives all happiness out of existence. It is a thief that robs you of your life and energy. Thousands of women in this country are the victims of anaemia (that is, bloodlessness), who are poor, nervous, rich or poor, young or old. It robs women of their health, their vitality, their beauty—of everything that gives a woman her charm.

One of the troubles included a distaste for food, prostrating headaches, extreme languor, nervousness, nervousness, pale cheeks, lips and gums, heart palpitations, dizziness and a constant feeling of wretchedness.

The only way to effect a cure is to increase the blood supply—to make it pure, rich and red. Dr. Williams' Pink Pills have saved thousands of young girls and women from the early fate that threatened them through anaemia. These pills enrich the blood, stimulate the circulation, nourish the nerves, and restore the energy and perfect health that make women attractive. If you are a victim of bloodlessness in any way, do not let it run into a hopeless decline, but begin the use of Dr. Williams' Pink Pills today. The following bit of evidence proves the worth of this medicine. Mr. Maurice Sims, Liverpool, N. S., says: "Dr. Williams' Pink Pills have been a blessing to me. About two years ago I was so badly run down that I had to give up all work and go to bed. My husband and parents were much worried about me as they thought I was in danger of consumption. The doctor who was attending me changed his medicine several times, but it did me no good and I began to feel very much discouraged. One day a friend advised me to try Dr. Williams' Pink Pills and I decided to do so. In a few weeks I felt much better and I continued taking the pills for a couple of months until I was again in perfect health. I believe that if I had not taken Dr. Williams' Pink Pills I would not have survived, and I shall always be very grateful for what they have done for me."

You can get these pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
