Ottawa, Ont., 25th June, 1926.

Dear Miss Low,

Your letter of the 24th, addressed to Mr. Weighen, reached him at a time when the pressure of his Parliamentary duties makes it impossible for him to dictate letters personally. Dr. Tolmie has been spoken to with regard to your suggestion and the Doctor has stated that the representations made in your letter to him of the 23rd June will be brought before the Committee on Organization at the first possible moment.

Yours faithfully,

Private Secretary.
